

bdsM and the law

bdsM and the law is a complex and nuanced topic that intersects legal principles with personal freedoms and consensual adult behavior. Understanding how the law views BDSM activities is crucial for practitioners, legal professionals, and anyone interested in the intersection of sexuality and legal boundaries. This article explores the legal definitions, challenges, and protections related to BDSM, emphasizing consent, criminal liability, and privacy. It also examines variations in legal treatment across different jurisdictions and the implications for those involved in BDSM relationships. The article concludes with practical advice for navigating the legal landscape surrounding BDSM and highlights ongoing debates within legal and social contexts. Below is a detailed table of contents outlining the main topics covered.

- Legal Definitions and Consent in BDSM
- Criminal Liability and BDSM Practices
- Privacy, Documentation, and Evidence
- Variations in Jurisdictional Treatment
- Practical Considerations for BDSM Practitioners

Legal Definitions and Consent in BDSM

Understanding the legal landscape of BDSM begins with clarifying key definitions and the role of consent in the eyes of the law. BDSM encompasses a range of activities involving bondage, discipline, dominance, submission, sadism, and masochism, often performed between consenting adults. However, the law does not always recognize all these activities as lawful, especially when physical harm is involved.

Consent is central to the legal evaluation of BDSM acts. It distinguishes lawful sexual behavior from criminal assault or abuse. The principle of informed, voluntary, and revocable consent is essential in determining whether BDSM practices are legally permissible. Courts assess whether parties understood the nature and risks of the activities and agreed to them without coercion.

Defining Consent in Legal Terms

Legal systems often require consent to be explicit and ongoing. In the context of BDSM, this means that participants must clearly agree to the acts

and retain the ability to withdraw consent at any moment. The law may not consider consent valid if it is obtained under duress, deception, or when one party lacks the capacity to consent.

Limits of Consent in BDSM

Not all jurisdictions accept consent as a defense against charges related to bodily harm. Some legal frameworks impose limits on the degree of harm permissible, even with consent. Activities that result in serious injury or are deemed excessively violent may be prosecuted regardless of prior agreement. This legal uncertainty creates challenges for BDSM practitioners seeking to engage in consensual acts without fear of criminal liability.

Criminal Liability and BDSM Practices

Criminal liability in BDSM cases hinges on the interpretation of assault, battery, and abuse statutes as applied to consensual activities. When BDSM acts cause injury, legal authorities must determine whether those acts constitute criminal offenses or lawful expressions of personal freedom.

Assault and Battery Laws

Assault generally involves intentionally causing apprehension of harmful or offensive contact, while battery refers to the actual physical contact. In BDSM, participants willingly subject themselves to physical contact, complicating the application of these laws. Some courts have held that consent negates assault or battery charges in cases of minor injuries, whereas others have ruled that any injury beyond a minimal threshold is criminal regardless of consent.

Aggravated Charges and Serious Injury

When BDSM activities result in serious bodily harm, more severe charges such as aggravated assault or even criminal negligence may apply. In such cases, consent often does not serve as a defense. The law prioritizes protecting individuals from significant harm, which may limit the legal scope of BDSM practices.

Sexual Offenses and BDSM

Sexual offenses related to BDSM include non-consensual acts or situations where consent is compromised. Laws addressing sexual assault and abuse may intersect with BDSM cases, especially if one party alleges coercion or incapacity. Legal scrutiny increases when activities involve physical

restraint or dominance that could be mistaken for unlawful imprisonment or abuse.

Privacy, Documentation, and Evidence

Privacy rights and the handling of documentation and evidence are essential considerations in BDSM and the law. Many BDSM practitioners take steps to document consent and establish boundaries to protect themselves legally.

Confidentiality and Privacy Protections

Privacy laws protect individuals' rights to engage in consensual sexual behavior without undue government interference. However, breaches of privacy can occur if BDSM activities become the subject of legal investigations. Maintaining confidentiality is important to safeguard personal reputations and avoid legal complications.

Consent Contracts and Safe Words

Some participants use written consent contracts or agreements to outline the scope of BDSM activities and establish safe words or signals to stop play immediately. While these documents are not legally binding contracts, they can serve as evidence of mutual consent and informed participation in legal proceedings.

Evidence in Legal Disputes

In cases of alleged abuse or assault, evidence such as medical reports, testimony, and documentation of consent becomes critical. The presence or absence of clear, documented consent can influence the outcome of legal disputes involving BDSM.

Variations in Jurisdictional Treatment

The legal treatment of BDSM varies widely across jurisdictions due to differences in cultural attitudes, statutory language, and judicial interpretations. Understanding these variations is vital for practitioners and legal professionals alike.

United States

In the U.S., BDSM legality depends on state laws and court rulings. Some states recognize consent as a defense in cases of minor injury during BDSM,

while others do not. Federal law rarely addresses BDSM explicitly, leaving much to local interpretation.

United Kingdom

The UK legal system has historically taken a conservative stance on BDSM. The landmark case *R v. Brown* (1993) established that consent is not always a defense to actual bodily harm in BDSM contexts. However, recent legal discussions and societal changes have prompted calls for reform.

Other Countries

Legal approaches vary globally, with some countries having explicit statutes addressing consensual BDSM, while others criminalize acts based on moral grounds. Awareness of local laws is essential for individuals engaging in BDSM, particularly when traveling internationally.

Practical Considerations for BDSM Practitioners

Given the complex legal landscape surrounding BDSM and the law, practitioners should adopt strategies to minimize legal risks and protect their rights.

- Ensure explicit, informed, and ongoing consent from all parties involved.
- Use safe words and establish clear boundaries before engaging in activities.
- Consider documenting consent agreements to serve as evidence if needed.
- Be aware of local laws and legal precedents related to BDSM.
- Seek legal advice if uncertain about the legality of specific practices.
- Maintain privacy and confidentiality to protect personal information.

By understanding the interplay between BDSM and the law, individuals can better navigate the legal challenges and enjoy consensual practices with greater confidence and security.

Frequently Asked Questions

Is BDSM legal?

BDSM activities are generally legal between consenting adults, but laws can vary widely by jurisdiction. Consent is a key factor in determining the legality of BDSM practices.

Can consent protect me legally in BDSM activities?

Consent is crucial in BDSM, but it may not always provide complete legal protection, especially in cases involving serious injury. Some jurisdictions do not fully recognize consent as a defense against assault charges.

Are there any legal risks involved with BDSM?

Yes, engaging in BDSM carries legal risks such as potential assault charges if consent is disputed or if injuries occur. It is important to understand local laws and practice safe, consensual play.

How can I ensure my BDSM activities are within the law?

To stay within the law, always obtain clear and enthusiastic consent, avoid causing serious injury, document agreements if possible, and be informed about local laws regarding assault and consent.

What is 'consensual non-consent' and is it legal?

'Consensual non-consent' refers to BDSM scenarios where participants role-play without explicit ongoing consent. Legality varies, and in many places, it can be legally risky since actual consent may be questioned.

Can BDSM contracts be used legally?

BDSM contracts or agreements can help clarify boundaries and consent but are generally not legally binding. They may be used as evidence of consent but do not override criminal law.

What should I do if I experience legal issues related to BDSM?

If you face legal issues related to BDSM, seek advice from a lawyer knowledgeable about sex law and consent. Document all communications and evidence of consent and practice safe, informed BDSM.

Additional Resources

1. *Bound by Law: Navigating BDSM and Legal Boundaries*

This book offers an in-depth exploration of how BDSM practices intersect with the legal system. It covers consent, contracts, and common legal challenges faced by the BDSM community. Readers will gain valuable insights into protecting their rights while engaging in consensual BDSM activities.

2. *Consent and Control: Legal Perspectives on BDSM Relationships*

Focusing on the critical role of consent, this book examines how the law views power dynamics inherent in BDSM relationships. It discusses case law, consent frameworks, and how legal systems differentiate between consensual play and abuse. A must-read for practitioners wanting to understand their legal protections.

3. *The Legal Limits of Kink: BDSM and Criminal Law*

This title dives into the criminal law implications of BDSM, highlighting where the law draws the line between acceptable kink and illegal behavior. The author analyzes landmark cases and legal statutes, providing practical advice for avoiding legal pitfalls. It is an essential guide for anyone involved in the BDSM scene.

4. *Safe, Sane, and Legal: BDSM Practices within the Law*

This book emphasizes the importance of safety and sanity in BDSM practices while navigating legal frameworks. It provides guidance on drafting enforceable BDSM contracts and understanding consent nuances. Readers will learn how to engage in BDSM responsibly and legally.

5. *Behind Closed Doors: Privacy and BDSM in the Legal Arena*

Exploring issues of privacy, this book discusses how BDSM practitioners can protect their personal lives from legal scrutiny. It addresses privacy rights, evidence handling, and the impact of disclosure in legal contexts. The book is a valuable resource for maintaining discretion while practicing BDSM.

6. *Dominance, Submission, and the Law: Rights and Responsibilities in BDSM*

This book outlines the legal rights and responsibilities of individuals in dominant and submissive roles. It provides analysis on how courts interpret BDSM contracts and the enforceability of agreements. The text helps readers understand the balance between power exchange and legal accountability.

7. *Whips, Chains, and Legal Chains: BDSM and Civil Litigation*

Focusing on civil law, this book examines how BDSM-related disputes are handled outside of criminal courts. It covers topics such as breach of contract, personal injury claims, and defamation within the BDSM community. The author offers practical advice for resolving conflicts through legal channels.

8. *Negotiating Consent: BDSM Contracts and Legal Enforceability*

This book provides a comprehensive guide to creating BDSM contracts that hold up in court. It discusses the essential elements of consent, negotiation

tactics, and legal limitations. Readers will find templates and case studies to help them draft effective agreements.

9. *From Fantasy to Forensics: The Legal Realities of BDSM*

Bridging the gap between fantasy play and legal reality, this book explores forensic investigations involving BDSM scenarios. It details how law enforcement approaches BDSM-related cases and offers advice for practitioners to avoid misunderstandings. This resource is crucial for understanding the forensic implications of BDSM activities.

bdsm and the law: Research Handbook on Gender, Sexuality and the Law Chris Ashford, Alexander Maine, 2020-03-28 This innovative and thought-provoking Research Handbook explores not only current debates in the area of gender, sexuality and the law but also points the way for future socio-legal research and scholarship. It presents wide-ranging insights and debates from across the globe, including Africa, Asia, Eastern Europe and Australia, with contributions from leading scholars and activists alongside exciting emergent voices.

bdsm and the law: Consent, Stealthing and Desire-Based Contracting in the Criminal Law Brianna Chesser, Nadia David, April Zahra, 2021-12-24 Consent, Stealthing and Desire-Based Contracting in the Criminal Law examines the inconsistencies in the definitions of consent in sexual encounters by examining emerging sex crimes alongside changing community values and the changing legal definitions of consent in sexual offending, focusing on common law and civil law countries. This book distinguishes itself through the use of empirically validated research strategies and an in-depth analysis of current legislative regimes. It argues that desire and pleasure are largely ignored by legal consent definitions, despite its importance in sexuality more broadly. Using two case studies of emerging forms of sexual offending, the criminalisation of sadomasochistic sexual practices and the offence of 'stealthing', it examines how the law is both a blunt and under-utilised instrument in the policing of people's sexual relationships. The presence or absence of consent can change a lawful sexual act between two people into a serious crime with potentially devastating consequences to both survivor and offender. Yet there remains no consistent definition of consent applied within and between legal jurisdictions across the world. A comparative analysis reveals parallels between common law countries and civil law countries. The book also provides a brief history of the use of term consent in relation to sexual offending and examines definitional and sociological requirements of conceptual consent across history. Covering jurisdictions in the US, UK, and Australia, providing an innovative resource on issues relating to consent presented in an accessible way, this book will appeal to students and researchers of criminal justice, criminal law, criminology, sociology and gender studies.

bdsm and the law: 'Rough Sex' and the Criminal Law Hannah Bows, Jonathan Herring, 2022-11-07 Bows and Herring expertly collate an extensive mix of perspectives on the topic of 'rough sex' to contribute to a powerful feminist investigation of this critical and timely debate.

bdsm and the law: The Ethics of Sex Neil McArthur, 2022-03-29 The Ethics of Sex: An

Introduction systematically and comprehensively examines the ethical issues surrounding the concept of sex. It addresses important questions such as: How can we approach questions of sexual ethics in a philosophical way? Must we give affirmative consent to all sexual activity, and what would be the impact of implementing an affirmative consent standard into law? Can our dating preferences ever be considered a form of discrimination? Is BDSM sex compatible with feminism? Should we promote monogamy as the best way to live? Is it harmful to have a relationship with a robot? Should sex work be decriminalized? Is there a right to sex? Including discussion questions and suggestions for further reading at the end of each chapter *The Ethics of Sex* is the perfect philosophical introduction to the perennially topical issue, and ideal reading for students taking courses within the fields of applied ethics, sociology, law, religion and politics.

bdsms and the law: The Joy of Consent Manon Garcia, 2023-10-03 In the #MeToo age, US debate over licit sex has split into two camps: one insists that consent solves the problem of sexual coercion, while the other equates sexual pleasure with the patriarchal erotics of silence and mystery. Manon Garcia rejects both positions, arguing that consent is a faulty legal threshold but essential to the joy of good sex.

bdsms and the law: Thinking about the Sexually Dangerous Ellsworth A. Fersch, Ellsworth Lapham Fersch, 2006 This volume provides a clear and compelling introduction to one of the most significant topics in society today. Compiled by members of a Harvard seminar, it directs attention to psychoforensic issues most often raised by the general public and by students of social science and criminal justice. The frequently asked questions about the sexually dangerous address: conceptions of dangerousness attempts to confine the sexually dangerous psychological theories of causation psychological contributions to treatment media, political, social, and religious reactions, and statutory, judicial, and other legal responses. The case examples illustrate a variety of issues surrounding: serial, spousal, child, date, and statutory rape consensual sadomasochism surgical and chemical castration repressed memory and false confession video voyeurism restricting child pornography the labeling of object and speech, and post-imprisonment civil confinement in mental hospitals. The extensive bibliography directs students and the public interested in further cases and analyses to the important world where psychology and law, morality, and political and social policy interact. This brief and readable book is the first place to look for what most people want to know about the sexually dangerous.

bdsms and the law: Consensual Violence Jill D. Weinberg, 2016-05-31 In this novel approach to understanding consent, Jill D. Weinberg features two case studies where groups engage in seemingly violent acts: competitive mixed martial arts and sexual sadomasochism. These activities are similar in that consenting to injury is central to the activity, and participants of both activities have to engage in a form of social decriminalization, leveraging the legal authority imbued in the language of consent as a way to render their activities legally and socially tolerable. Yet, these activities are treated differently under criminal battery law. Using interviews with participants and ethnographic observation, Weinberg argues that where law authorizes a person's consent to an activity, consent is not meaningfully regulated or constructed by the participants themselves. In contrast, where law prohibits a person's consent to an activity, participants actively construct and regulate consent. This difference demonstrates that law can make consent less consensual. Synthesizing criminal law and ethnography, *Consensual Violence* is a fascinating account of how consent gets created and carried out among participants and lays the groundwork for a sociology of consent and a more sociological understanding of processes of decriminalization.--Provided by publisher.

bdsms and the law: Consent Laurie James-Hawkins, Róisín Ryan-Flood, 2023-11-30 This book considers the concept of consent in different contexts with the aim of exploring the nuances of what consent means to different people and in different situations. While it is generally agreed that consent is a fluid concept, legal and social attempts to explain its meaning often centre on overly simplistic, narrow and binary definitions, viewing consent as something that occurs at a specific point in time. This book examines the nuances of consent and how it is enacted and re-enacted in

different settings (including online spaces) and across time. Consent is most often connected to the idea of sexual assault and is often viewed as a straight-forward concept and one that can be easily explained. Yet there is confusion among the public, as well as among academics and professionals as to what consent truly is and even the degree to which individuals conceptualise and act on their own ideas about consent within their own lives. Topics covered include: consent in digital and online interactions, consent in education, consent in legal settings and the legal boundaries of consent, and consent in sexual situations including sex under the influence of substances, BDSM, and kinky sex. This book will appeal to students and scholars interested in issues of consent from the social sciences, gender theory, feminist studies, law, psychology, public health, and sexuality studies.

bdsM and the law: Laws of Transgression Peter Goodrich, Katrin Trüstedt, 2022-03-31 *Laws of Transgression* offers multiple perspectives on the story of Daniel Paul Schreber (1842-1911), a chamber president of the German Supreme Court who was institutionalized after claiming God had communicated with him, desiring to make him into a woman. Schreber was not only a successful judge, but was also to become the author of one of the most commented upon texts in psychiatric literature, *Memoirs of My Nervous Illness*. Published in 1903, this remarkable work documented Schreber's visions, desires, jurisprudence, and theology. Far from ending the judge's legal investments, it manifested an intensification of engagement with the law in the attempt to prove that becoming a woman did not deprive the judge of legal competence. Schreber's experience of bodily change and his account of interior life has been the subject of more than a century of psychoanalytic and medical scrutiny. With the contemporary trans turn, interest in the judge's desire to become a woman has intensified. In *Laws of Transgression*, Peter Goodrich, Katrin Trüstedt, and contributing authors set out to unfold Schreber's complex relation to the law. The collection revisits and rediscovers the *Memoirs*, not only in its juridical and political implications, but as a transgressional text that has challenged law and heteronormativity.

bdsM and the law: Behind the Mormon Curtain Steve Cuno, 2021-11-16 "I MAKE A LOT OF MONEY AS A CALL GIRL" wasn't the answer author Steve Cuno expected when he asked a new acquaintance how she planned to capitalize her start-up business. Wait, hold on, he thought. In Salt Lake City? Home to The Church of Jesus Christ of Latter-day Saints, the Mormon Church, where all it takes to become the object of steamy gossip is for a neighbor to see you take a sip of coffee? In a religion where nonmarital sex is second in seriousness to murder? "You've no idea the people I could get in trouble," she told him. She'd entertained politicians, police officers, judges, defense lawyers, prosecutors, doctors—all of them married, almost all of them practicing Mormons. Many were highly visible, highly regarded leaders in the faith. So began Cuno's behind-the-scenes investigation into Salt Lake City's prostitution industry. Over the course of three years, he interviewed prostitutes, johns, police officers, social workers, and massage-parlor owners—and uncovered a surprising underside to the Mormon Church's carefully cultivated image of wholesomeness and family values. He found that Salt Lake's prostitutes—"sex workers" or "providers," as they prefer to be known—don't live in the illusory experience they create for their clients. Many are multilingual and hold college degrees. They fix meals, drive kids to school, help with homework, handle household chores, socialize with others in the community, have love lives of their own—and, yes, go to church, sometimes with the very people who sneak out to meet them. With wit and sensitivity, *Behind the Mormon Curtain* takes a deep dive into the quintessential American religion and the world's oldest profession, as Cuno tells the story of what he discovered, how he discovered it, and what it reveals not just about Mormons, but about us all.

bdsM and the law: The Routledge International Handbook of Social Work and Sexualities SJ Dodd, 2021-07-19 This Handbook is the first volume to address the dynamic issues related to sexuality from a social work perspective by providing a comprehensive, current and international overview of issues related to sexuality. It explains how each issue is important and critically discusses the leading views in the area, providing diverse and inclusive perspectives from leading scholars in the field. Divided into seven parts: Structural Context Sexual Identities Sexuality through the Lifespan Health, Mental Health, and Sexuality Sexual Health and Well-Being: Pleasure,

Desire, and Consent Practice Issues Regulating Sexuality: Historical and Contemporary Legislation It will be of interest to students, academics, researchers, and practitioners of social work and related health and social care subjects, and is particularly relevant for practice courses as well as courses on Human Growth and Development and Human Behavior in the Social Environment.

bdsm and the law: *Christianity and Criminal Law* Mark Hill QC, Norman Doe, RH Helmholz, John Witte, Jr., 2020-05-28 This collection, by leading legal scholars, judges and practitioners, together with theologians and church historians, presents historical, theological, philosophical and legal perspectives on Christianity and criminal law. Following a Preface by Lord Judge, formerly Lord Chief Justice of England and Wales, and an introductory chapter, the book is divided into four thematic sections. Part I addresses the historical contributions of Christianity to criminal law drawing on biblical sources, early church fathers and canonists, as far as the Enlightenment. Part II, titled Christianity and the principles of criminal law, compares crime and sin, examines concepts of mens rea and intention, and considers the virtue of due process within criminal justice. Part III looks at Christianity and criminal offences, considering their Christian origins and continuing relevance for several basic crimes that every legal system prohibits. Finally, in Part IV, the authors consider Christianity and the enforcement of criminal law, looking at defences, punishment and forgiveness. The book will be an invaluable resource for students and academics working in the areas of Law and Religion, Legal Philosophy and Theology.

bdsm and the law: *Consent* Alan Reed, Michael Bohlander, Nicola Wake, Emma Smith, 2016-10-14 This volume presents a leading contribution to the substantive arena relating to consent in the criminal law. In broad terms, the ambit of legally valid consent in extant law is contestable and opaque, and reveals significant problems in adoption of consistent approaches to doctrinal and theoretical underpinnings of consent. This book seeks to provide a logical template to focus the debate. The overall concept addresses three specific elements within this arena, embracing an overarching synergy between them. This edifice engages in an examination of UK provisions, with specialist contributions on Irish and Scottish law, and in contrasting these provisions against alternative domestic jurisdictions as well as comparative contributions addressing a particularised research grid for consent. The comparative chapters provide a wider background of how other legal systems' treat a variety of specialised issues relating to consent in the context of the criminal law. The debate in relation to consent principles continues for academics, practitioners and within the criminal justice system. Having expert descriptions of the wider issues surrounding the particular discussion and of other legal systems' approaches serves to stimulate and inform that debate. This collection will be a major source of reference for future discussion.

bdsm and the law: *The Regulation of Internet Pornography* Abhilash Nair, 2018-10-26 The regulation of pornography has always been a contentious issue, which has sparked wide-ranging debates surrounding the acceptability and place of pornography in society. The use of the internet to distribute and access pornography has magnified this debate and has presented a number of challenges for the law in terms of effective and proportionate regulation. Following unsuccessful attempts by states to transpose traditional laws to cyberspace, a new and radical regulatory framework eventually evolved for regulating internet pornography. In this process, the focus of the law has changed from merely controlling the publication and distribution of obscene material to a model that aims to deter private consumption of illegal content. In addition, various self- and co-regulatory initiatives have been introduced with the involvement of non-state actors, imposing a certain degree of de facto liability on intermediaries, all of which raise interesting issues. This book examines the relevant regulatory responses to internet pornography, with particular reference to the UK, but also drawing comparisons with other countries where relevant. It argues that the internet has fundamentally, and in many ways irreversibly, changed the regulation of pornography. Classifying internet pornography into three broad categories – child pornography, extreme pornography, and adult pornography – the book provides an in-depth analysis of the legal issues involved in regulating internet pornography, and argues that the notions of obscenity and indecency on their own will not provide an adequate basis for regulating online pornography. The book

identifies the legitimising factors that will lend credibility and normative force to the law in order to successfully regulate pornography in cyberspace. It is the only comprehensive text that rigorously addresses the regulation of internet pornography as a whole, and offers valuable insights that will appeal to academics, students, policy makers, and those working in the areas of broader internet governance and online child protection.

bdsM and the law: The Oxford Handbook of Transnational Law Peer Zumbansen, 2021-04-30 The Oxford Handbook of Transnational Law offers a comprehensive compendium for the field of Transnational Law by providing a unique and unparalleled treatment and presentation in an area that has become one of the most intriguing and innovative developments in legal doctrine, scholarship, theory, as well as practice today. With a considerable contribution from and engagement with social sciences, the Handbook features numerous reflections on the relationship between transnational law and legal practice.

bdsM and the law: Manitoba Law Journal Volume 46 Issue 5: Criminal Law Edition (Robson Crim) RICHARD JOCHELSON, BRANDON TRASK, REBECCA JAREMKO BROMWICH, JAMES GACEK, 2025-07-30 The Manitoba Law Journal (MLJ) is a peer-reviewed journal founded in 1961. The MLJ's current mission is to provide lively, independent and high caliber commentary on legal events in Manitoba or events of special interest to our community. The MLJ aims to bring diverse and multidisciplinary perspectives to the issues it studies, drawing on authors from Manitoba, Canada and beyond. Its studies are intended to contribute to understanding and reform not only in our community, but around the world. Robson Crim is housed in Robson Hall, one of Canada's oldest law schools. Robson Crim has transformed into a Canada wide research hub in criminal law, with blog contributions from coast to coast, and from outside of this nation's borders. With over 30 academic peer collaborators at Canada's top law schools, Robson Crim is bringing leading criminal law research and writing to the reader. We also annually publish a special edition criminal law volume of the Manitoba Law Journal, providing a chance for authors to enter the peer reviewed fray. The Journal has ranked in the top 0.1 percent on Academia.edu and is widely used.

bdsM and the law: Odum/Odom Research Notes Helen Odum Harrell, 1987 John O. Odum was born in South Carolina in 1813. He is the earliest proved ancestor in the author's line. Other Odum families are researched, but none more recently than the mid 1800's.

bdsM and the law: Screw Consent Joseph J. Fischel, 2019-01-08 When we talk about sex—whether great, good, bad, or unlawful—we often turn to consent as both our erotic and moral savior. We ask questions like, What counts as sexual consent? How do we teach consent to impressionable youth, potential predators, and victims? How can we make consent sexy? What if these are all the wrong questions? What if our preoccupation with consent is hindering a safer and better sexual culture? By foregrounding sex on the social margins (bestial, necrophilic, cannibalistic, and other atypical practices), Screw Consent shows how a sexual politics focused on consent can often obscure, rather than clarify, what is wrong about wrongful sex. Joseph J. Fischel argues that the consent paradigm, while necessary for effective sexual assault law, diminishes and perverts our ideas about desire, pleasure, and injury. In addition to the criticisms against consent leveled by feminist theorists of earlier generations, Fischel elevates three more: consent is insufficient, inapposite, and riddled with scope contradictions for regulating and imagining sex. Fischel proposes instead that sexual justice turns more productively on concepts of sexual autonomy and access. Clever, witty, and adeptly researched, Screw Consent promises to change how we understand consent, sexuality, and law in the United States today.

bdsM and the law: Mistress Lorraine White, 2020-10-30 The surprising world of the Dominatrix, as seen on TV. Lorraine's passions, her start, her clients, and her real-life challenges and rewards. Have you been naughty?

bdsM and the law: Record Society for the Publication of Original Documents Relating to Lancashire and Cheshire, 1921
