Overview of Bed Stuy Leadership Prep

Bed Stuy Leadership Prep is a public charter school located in the Bedford-Stuyvesant neighborhood of Brooklyn, New York. Established with the mission to prepare students for college and leadership roles, the school serves grades 6 through 12 and offers a rigorous academic environment combined with a strong emphasis on character education. The institution is part of the Leadership Prep network, which is known for its focus on preparing students to excel in higher education and beyond. Bed Stuy Leadership Prep places a high priority on creating a supportive and inclusive atmosphere where students are encouraged to develop critical thinking skills, resilience, and social responsibility.

Mission and Vision

The mission of Bed Stuy Leadership Prep is to cultivate a new generation of leaders who are academically prepared, socially conscious, and equipped to make meaningful contributions to their communities. The vision centers on providing equitable access to quality education and leadership training that empowers students to navigate and succeed in a complex world.

Location and Facilities

Located in the heart of Bedford-Stuyvesant, the school benefits from close proximity to cultural landmarks and community resources. Its facilities include modern classrooms, science and computer labs, a library, and spaces dedicated to arts and athletics, all designed to support a comprehensive educational experience.

Academic Programs and Curriculum

Bed Stuy Leadership Prep offers a challenging and diverse curriculum that aligns with New York State standards while integrating leadership principles throughout. The academic program is designed to prepare students for competitive colleges and successful careers, emphasizing core subjects alongside critical thinking and problem-solving skills.

Core Curriculum

The core curriculum includes English Language Arts, Mathematics, Science, and Social Studies. Each subject is taught with a focus on depth and rigor, encouraging analytical reasoning and effective communication. Advanced coursework and exam preparation are available for high school students looking to pursue Advanced Placement (AP) classes and college-level studies.

Leadership-Integrated Learning

Leadership principles are embedded across all subjects, with projects and assignments that promote collaboration, initiative, and ethical decision-making. This approach ensures that academic learning is complemented by the development of leadership competencies critical for real-world success.

Support Services

To accommodate diverse learning needs, the school provides academic support services such as tutoring, special education programs, and English as a New Language (ENL) classes. These resources help ensure that all students have the opportunity to thrive academically.

Leadership Development Opportunities

Bed Stuy Leadership Prep distinguishes itself through its commitment to cultivating leaders by offering a variety of programs and initiatives aimed at developing students' leadership capacity.

Student Government and Leadership Roles

The school encourages student participation in leadership positions such as student council, club officers, and peer mentoring roles. These opportunities foster responsibility, public speaking skills, and collaborative problem-solving.

Leadership Workshops and Seminars

Regular workshops and seminars are conducted to teach leadership theories, conflict resolution, goal-setting, and community organizing. These sessions often feature guest speakers and interactive activities designed to engage students actively.

Community Service and Civic Engagement

Community involvement is a core component of Bed Stuy Leadership Prep's leadership development. Students participate in service projects and civic initiatives that help them connect classroom learning with real-world social impact.

Extracurricular Activities and Community Engagement

Beyond academics and leadership training, Bed Stuy Leadership Prep offers a wide range of extracurricular activities that promote holistic development and community connection.

Clubs and Organizations

The school hosts numerous clubs catering to diverse interests, including debate, robotics, arts, music, and cultural groups. These clubs provide platforms for students to explore passions, develop teamwork skills, and enhance creativity.

Athletics and Physical Education

Physical education and sports teams are integral to student life, promoting health, discipline, and sportsmanship. The school offers competitive teams in basketball, soccer, track and field, and other sports, encouraging students to cultivate physical fitness alongside academic achievement.

Community Partnerships

Bed Stuy Leadership Prep maintains partnerships with local organizations and businesses to enhance student learning and community involvement. These collaborations offer internships, mentorships, and volunteer opportunities that enrich the educational

experience.

- Academic clubs and honor societies
- Arts and performance groups
- Sports teams and fitness programs
- Community service projects and volunteer work

Admissions Process and Enrollment Information

Enrollment at Bed Stuy Leadership Prep is open to students residing in New York City, with a focus on serving the Bedford-Stuyvesant community and surrounding areas. The school follows a transparent admissions process designed to ensure fairness and accessibility.

Application Procedures

Prospective students must submit applications through the New York City Department of Education's school choice system. The process typically involves submitting academic records, completing an application form, and sometimes participating in interviews or assessments, depending on the grade level.

Lottery System and Criteria

Admission is determined primarily by a lottery system to maintain equitable access. Certain preferences may be given to siblings of current students or residents of the immediate community. The school does not require entrance exams, ensuring an inclusive approach.

Enrollment and Orientation

Once admitted, families participate in orientation sessions to familiarize themselves with the school's culture, expectations, and resources. This helps ensure a smooth transition for new students and their parents or guardians.

bed stuy leadership prep: I Got Schooled M. Night Shyamalan, 2013-09-10 In this vital book, the famed filmmaker tells how his passion for education reform led him to learn that there are five tested, indispensable keys to transforming America's underperforming schools. Famed director M. Night Shyamalan has long had a serious interest in education. The foundation he and his wife started once gave college scholarships to promising inner-city students, but Shyamalan realized that these scholarships did nothing to improve education for all the other students in under-performing schools. When he learned that some schools were succeeding with similar student populations, he traveled across the country to find out how they did this and whether these schools had something in common. He eventually learned that there are five keys to closing America's achievement gap. But just as we must do several things to maintain good health— eat the right foods, exercise regularly, get a good night's sleep—so too must we use all five keys to turn around our lowest-performing schools. These five keys are used by all the schools that are succeeding, and no schools are succeeding without them. Before he discovered them, Shyamalan investigated some popular reform ideas that proved to be dead ends, such as smaller class size, truculent unions, and merit pay for

teachers. He found that the biggest obstacle to school reform is cognitive biases: too many would-be reformers have committed themselves to false solutions. This is a deeply personal book by an unbiased observer determined to find out what works and why so that we as a nation can fulfill our obligation to give every student an opportunity for a good education.

bed stuy leadership prep: *Teach Like a Champion, Enhanced Edition* Doug Lemov, 2011-07-25 This special enhanced edition of *Teach Like a Champion* brings to life the 49 essential teaching techniques from Doug Lemov. In his best-selling book, *Teach Like a Champion*, Doug Lemov helps new and veteran teachers working with students of all ages become champions in the classroom. These powerful techniques are concrete, specific, and easy to put into action immediately. bed stuy leadership prep: *Battle for Bed-Stuy* Michael Woodsworth, 2016-06-06 In the 1960s Brooklyn's Bedford-Stuyvesant neighborhood was labeled America's largest ghetto. But its brownstones housed a coterie of black professionals intent on bringing order and hope to the community. In telling their story Michael Woodsworth reinterprets the War on Poverty by revealing its roots in local activism and policy experiments.

bed stuy leadership prep: *Equity & Access* Denver J. Fowler, Julian Vasquez Heilig, Sarah M. Jouganatos, Arvin Johnson, 2023-05-01 This book is significant in that it offers an in-depth historical analysis of educational leadership and educational policy in the United States and around the globe.

The book focuses on how leadership preparation and practices as well as policy and procedures have affected and continues to effect all stakeholders including school leaders, teachers, and students. The aim of the book is to examine both the positive and negative implications (nationally and internationally) of: (1) trends in educational leadership preparation; (2) trends in educational leadership practices; (3) educational policy; and (4) the procedures and the intended/unintended consequences associated with such policies. **ENDORSEMENTS:** *Equity & Access: An analysis of Educational Leadership Preparation, Policy, & Practice* provides an excellent lens into some of the field's most relevant and timely topics. This book provides practical resources on multiple levels. Specifically, it can help educators incorporate various concepts into practice. Additionally, readers will strengthen their knowledge base in leadership preparation. This book is a must-read and should be adopted in Educational Leadership programs across the country. — David Buckman, Augusta University Centering equity and access at the heart of the educational leadership conversation makes this book volume a standout in the array of educational leadership texts. In a single-source, each author challenges learners to think through their motivations, and the consequences of their actions and decision-making in the real-world, as they also acquire practical skills and concrete knowledge. Never has the time been more appropriate than now, for a focused book like this one – a needed and welcome addition for those invested in the preparation and on-going development of educational leaders. — Stephanie James, Jacksonville University *Equity & Access* serves as a stark reminder that, as practicing school leaders in the 21st Century, everything we do and every decision we make should be done so through the lens of what is equitable for all stakeholders including students, staff, parents, community members, and business owners. — James Wrede, Southern California Principal Connecting theories of effective leadership to practical examples is not an easy task. It demands a rigorous interdisciplinary approach, thoughtful theory of change, and must be grounded to the lives of real people. This new edited volume, *On Leadership*, is alive with lessons! It provides a roadmap where educational equity is not merely the destination, but the journey. — Vajra M. Watson, Sacramento State

bed stuy leadership prep: Practice Perfect Doug Lemov, Erica Woolway, Katie Yezzi, 2012-09-05 Rules for developing talent with disciplined, deliberate, intelligent practice We live in a competition loving culture. We love the performance, the big win, the ticking seconds of the clock as the game comes down to the wire. We watch games and cheer, sometimes to the point of obsession, but if we really wanted to see greatness—wanted to cheer for it, see it happen, understand what made it happen—we'd spend our time watching, obsessing on, and maybe even cheering the practices instead. This book puts practice on the front burner of all who seek to instill talent and achievement in others as well as in themselves. This is a journey to understand that practice, not games, makes champions. In this book, the authors engage the dream of better, both in fields and endeavors where participants know they should practice and also in those where many do not yet recognize the transformative power of practice. And it's not just whether you practice. How you practice may be a true competitive advantage. Deliberately engineered and designed practice can revolutionize our most important endeavors. The clear set of rules presented in *Practice Perfect* will make us better in virtually every performance of life. The "how-to" rules of practice cover such topics as rethinking practice, modeling excellent practice, using feedback, creating a culture of practice, making new skills stick, and hiring for practice. Discover new ways to think about practice. Learn how to design successful practice. Apply practice across a wide range of realms, both personal and professional The authors include specific activities to jump-start practice Doug Lemov is the best-selling author of *Teach Like a Champion* A hands-on resource to practice, the rules within will help to create positive outliers and world-changing reservoirs of talent.

bed stuy leadership prep: Reading Reconsidered Doug Lemov, Colleen Driggs, Erica Woolway, 2016-02-24 TEACH YOUR STUDENTS TO READ WITH PRECISION AND INSIGHT The world we are preparing our students to succeed in is one bound together by words and phrases. Our students learn their literature, history, math, science, or art via a firm foundation of strong reading skills. When we teach students to read with precision, rigor, and insight, we are truly handing over the key

to the kingdom. Of all the subjects we teach reading is first among equals. Grounded in advice from effective classrooms nationwide, enhanced with more than 40 video clips, *Reading Reconsidered* takes you into the trenches with actionable guidance from real-life educators and instructional champions. The authors address the anxiety-inducing world of Common Core State Standards, distilling from those standards four key ideas that help hone teaching practices both generally and in preparation for assessments. This 'Core of the Core' comprises the first half of the book and instructs educators on how to teach students to: read harder texts, 'closely read' texts rigorously and intentionally, read nonfiction more effectively, and write more effectively in direct response to texts. The second half of *Reading Reconsidered* reinforces these principles, coupling them with the 'fundamentals' of reading instruction—a host of techniques and subject specific tools to reconsider how teachers approach such essential topics as vocabulary, interactive reading, and student autonomy. *Reading Reconsidered* breaks an overly broad issue into clear, easy-to-implement approaches. Filled with practical tools, including: 44 video clips of exemplar teachers demonstrating the techniques and principles in their classrooms (note: for online access of this content, please visit my.teachlikeachampion.com) Recommended book lists Downloadable tips and templates on key topics like reading nonfiction, vocabulary instruction, and literary terms and definitions. *Reading Reconsidered* provides the framework necessary for teachers to ensure that students forge futures as lifelong readers.

bed stuy leadership prep: *How a City Learned to Improve Its Schools* Anthony S. Bryk, Sharon Greenberg, Albert Bertani, Penny Sebring, Steven E. Tozer, Timothy Knowles, 2023-04-18 A comprehensive analysis of the astonishing changes that elevated the Chicago public school system from one of the worst in the nation to one of the most improved. *How a City Learned to Improve Its Schools* tells the story of the extraordinary thirty-year school reform effort that changed the landscape of public education in Chicago. Acclaimed educational researcher Anthony S. Bryk joins five coauthors directly involved in Chicago's education reform efforts, Sharon Greenberg, Albert Bertani, Penny Sebring, Steven E. Tozer, and Timothy Knowles, to illuminate the many factors that led to this transformation of the Chicago Public Schools. Beginning in 1987, Bryk and colleagues lay out the civic context for reform, outlining the systemic challenges such as segregation, institutional racism, and income and resource disparities that reformers grappled with as well as the social conflicts they faced. Next, they describe how fundamental changes occurred at every level of schooling: enhancing classroom instruction; organizing more engaged and effective local school communities; strengthening the preparation, recruitment, and support of teachers and school leaders; and sustaining an ambitious evidence-based campaign to keep the public informed on the progress of key reform initiatives and the challenges still ahead. The power of this capacity building is validated by unprecedented increases in benchmarks such as graduation rates and college matriculation. This riveting account introduces key actors within the schools, city government, and business community, and the partnerships they forged. It also reveals the surprising yet essential role of Chicago's innovative information infrastructure in aligning disparate initiatives. In making clear how elements such as advocacy, civic capacity, improvement research, and strong democracy contributed to large-scale progress in the system's 600-plus schools, the book highlights the greater lessons that the Chicago story offers for system improvement overall.

bed stuy leadership prep: *School Leadership in a Diverse Society* Carlos R. McCray, Floyd D. Beachum, Phyllis F. Reggio, 2021-09-01 With the increasing amount of diversity taking place in the United States and in our K-12 schools, this book will help school leaders become prepared. It is the school principal who sets the tone for the school culture and provides the vision as to the direction of the organization. Therefore, school principals will ultimately have a great impact in promoting cultural and social diversity. *School Leadership in a Diverse Society: Helping Schools Prepare all Students for Success* (2nd Edition) will help scholars and practitioners have a better understanding of the increasing amount of diversity that is occurring in American society. This book will give them the tools needed to lead schools to ensure that all students, regardless of their life circumstances and status, are provided a school experience that promotes high academic

achievement and a sense of belonging. Today, multiculturalism and diversity preparation are needed in our society, seemingly more so than when schools first made an earnest effort to integrate twenty years after Brown V. Board of Education. Just as it seemed the United States was making significant progress dealing with issues that have plagued this country for hundreds of years, recently, there has been a surge in diversity-related issues (the killing of unarmed African Americans, the unwarranted attacks on Asians, immigration debates, the recent rise of groups that support white supremacy, blackface incidents, increasing wealth divide between the ultra rich and the poor, religious backlash, etc.). These issues should remind us that the struggle for social equity continues into the present moment. Communities must work together to help fight rising intolerance and prejudice within our country and schools.

bed stuy leadership prep: Leaders and Legacies John West, Don Bubenzer, Cynthia Osborn, 2013-05-13 *Leaders and Legacies* discusses leadership involvements in the historical development of the profession of counseling. The lives of 23 noteworthy counselors are also chronicled, documenting their dreams, work and accomplishments.

bed stuy leadership prep: Ebony , 1961-06 EBONY is the flagship magazine of Johnson Publishing. Founded in 1945 by John H. Johnson, it still maintains the highest global circulation of any African American-focused magazine.

bed stuy leadership prep: The Trap Daniel Brook, 2007-05-29 In this provocative, witty, and revealing polemic, Brook argues that the exploding income gap is systematically dismantling the American dream, as debt-laden, well-educated young people are torn between their passions and the pressure to earn six-figure incomes.

bed stuy leadership prep: Shirley Chisholm Anastasia C. Curwood, 2022-12-06 Shaking up New York and national politics by becoming the first African American congresswoman and, later, the first Black major-party presidential candidate, Shirley Chisholm left an indelible mark as an “unbought and unbossed” firebrand and a leader in politics for meaningful change. Chisholm spent her formative years moving between Barbados and Brooklyn, and the development of her political orientation did not follow the standard narratives of the civil rights or feminist establishments. Rather, Chisholm arrived at her Black feminism on her own path, making signature contributions to U.S. politics as an inventor and practitioner of Black feminist power—the vantage point centering Black girls and women in the movement that sought to transform political power into a broadly democratic force. Anastasia C. Curwood interweaves Chisholm’s public image, political commitments, and private experiences to create a definitive account of a consequential life. In so doing, Curwood suggests new truths for understanding the social movements of Chisholm’s time and the opportunities she forged for herself through multicultural, multigenerational, and cross-gender coalition building.

bed stuy leadership prep: Ebony , 2006-11

bed stuy leadership prep: In a Classroom of Their Own Keisha Lindsay, 2018-07-02 Many advocates of all-black male schools (ABMSs) argue that these institutions counter black boys’ racist emasculation in white, “overly” female classrooms. This argument challenges racism and perpetuates antifeminism. Keisha Lindsay explains the complex politics of ABMSs by situating these schools within broader efforts at neoliberal education reform and within specific conversations about both endangered” black males and a “boy crisis” in education. Lindsay also demonstrates that intersectionality, long considered feminist, is in fact a politically fluid framework. As such, it represents a potent tool for advancing many political agendas, including those of ABMSs supporters who champion antiracist education for black boys while obscuring black girls’ own race and gender-based oppression in school. Finally, Lindsay theorizes a particular means by which black men and other groups can form antiracist and feminist coalitions even when they make claims about their experiences that threaten bridge building. The way forward, Lindsay shows, allows disadvantaged groups to navigate the racial and gendered politics that divide them in pursuit of productive—and progressive—solutions. Far-thinking and boldly argued, *In a Classroom of Their Own* explores the

dilemmas faced by professionals and parents in search of equitable schooling for all students—black boys and otherwise.
