bien dit french 3 textbook: *Diversity and Decolonization in French Studies* Siham Bouamer, Loïc Bourdeau, 2022-04-04 This edited volume presents new and original approaches to teaching the French foreign-language curriculum, reconceptualizing the French classroom through a more inclusive lens. The volume engages with a broad range of scholars to facilitate an understanding of the process of French (de)colonization as well as its reverberations into the postcolonial era, and a deeper engagement with the global interconnectedness of these processes. Chapters in Part I revisit the concept of the francophonie, decenter the field from “metropolitan” or “hexagonal” and white France and underline how current teaching materials reproduce epistemic and colonial violence. Part II adopts an intersectional approach to address topics of gender inclusivity, trans-affirming teaching, queer materials, and ableism. Finally, Part III presents new ways to transform the discipline by affirming our commitment to social justice and making sure that our classrooms are representative of our students’ enriching diversity.

bien dit french 3 textbook: *Bien vu, bien dit: Intermediate French* Carmen Grace, Ann Williams, Christian Roche, 2007-01-10 This innovative film-based program is designed to motivate and inspire intermediate French students. Based on the French film *Le Chemin du retour*, *Bien vu, bien dit* is a completely integrated program for intermediate French. Each chapter of *Bien vu, bien*

dit, the textbook, is correlated to an episode of the film. The textbook prepares students for the film-viewing experience through the chapter vocabulary presentations and activities and through additional pre- and post-viewing activities. The vocabulary and grammar presentations, as well as the activities, recycle and expand on the dialogue and structures presented in the film. Pair and small-group activities enable students to talk about the characters in the story and their own lives. The cultural content of the film is also explored in cultural notes and readings in each chapter. *Le Chemin du retour*, the film, is an engaging story about a young French journalist, Camille Leclair, and her pursuit of the truth about her grandfather's past. Through Camille's quest, students are introduced to many facets of today's French and Francophone cultures, as well as to important historical events in France. They learn language in the functional context provided by the film, and concepts are reinforced by onscreen activities that help students verify their comprehension. The feature-length film (102 minutes) is divided into twelve episodes, and each episode includes onscreen pre- and post-viewing activities that make the film more accessible to students, on both a linguistic and cultural level. Episodes are approximately fifteen to twenty minutes in length and correspond to the chapters in the textbook. Three and a half hours of viewing allow intermediate students to explore the richness of French language and culture. By hearing French spoken with a variety of accents and at different speeds in the film, students will gain confidence in their ability to understand authentic, spoken French.
