**big brother extended interview:** A Journey Through Documentary Film Luke Dormehl, 2012-03-28 Documentary is one of the most fascinating areas of filmmaking. Documentaries have broken down societal taboos, changed legislation, strengthened and rocked entire governments, freed wrongly-convicted prisoners, and taught us more about the world in which we live. A Journey Through Documentary Film offers an overview of documentary history, taking readers from the early 'actualities' of pioneering non-fiction filmmakers such as Robert J. Flaherty and John Grierson, to the documentaries of Michael Moore, Errol Morris, Werner Herzog, and the directors dominating the field (and box office) today. An essential resource for film students, documentary buffs, filmmakers and anyone interested in non-fiction film, it looks in-depth at over 60 documentaries from around the world, covering a century of cinema, to illustrate what 'documentary' means, and the changes and transitions that have occurred in non-fiction filmmaking over the years. Covering films such as Nanook of the North, Night Mail, Night and Fog, The Sorrow and the Pity, F for Fake, The Thin Blue Line, Hoop Dreams, Fahrenheit 9/11, Grizzly Man, Man on Wire and Exit Through the Gift Shop, amongst many others, each analysis includes an introductory synopsis, as well as detailed notes on the film's production history, filmmaker, unique innovations, construction, and key themes and issues.

**big brother extended interview:** Come Out, Come Out, Whoever You Are Abigail C. Saguy, 2020-01-15 While people used to conceal the fact that they were gay or lesbian to protect themselves from stigma and discrimination, it is now commonplace for people to come out and encourage others to do so as well. Come Out, Come Out, Whoever You Are systematically examines how coming out has moved beyond gay and lesbian rights groups and how different groups wrestle with the politics of coming out in their efforts to resist stigma and enact social change. It shows how different experiences and disparate risks of disclosure shape these groups' collective strategies. Through scores of interviews with LGBTQ+ people, undocumented immigrant youth, fat acceptance activists, Mormon fundamentalist polygamists, and sexual harassment lawyers and activists in the era of the #MeToo movement, Come Out, Come Out, Whoever You Are explains why so many different groups gravitate toward the term coming out. By focusing on the personal and political resonance of coming out, it provides a novel way to understand how identity politics work in America today.

**big brother extended interview:** The Broadview Anthology of Expository Prose: Second Edition Tammy Roberts, Mical Moser, Don LePan, Julia Gaunce, Laura Buzzard, 2011-05-25 A

substantial selection of classic essays allows readers to trace the history of the essay from Swift to Woolf and Orwell and beyond. A selection of the finest of contemporary essays—from Witold Rybcynski to David Sedaris and Elizabeth Kolbert—provides a broad sample of the genre in the late twentieth and early twenty-first centuries. The academic essays begin with classic selections from such writers as Darwin and Charles Lyell, but the emphasis is on recent decades. Emphasized as well are academic papers or essays that have been especially influential or controversial, from Luis and Walter Alvarez's suggestion that an asteroid caused the extinction of the dinosaurs to Judith Rich Harris's argument that the influence of peers may be at least as influential in the formation of personality as that of parents. Works of different lengths, levels of difficulty and subject matter are all represented, as are narrative, descriptive and persuasive essays. Also included in the text is a range of questions and suggestions for discussion. The text selections are numbered by paragraph for ready reference. Added to the second edition are new selections by Malcolm Gladwell, Doris Lessing, Eric Schlosser, Binyavanga Wainaina, and over twenty others. This new edition also provides pairings of informal and academic articles that address the same topic, allowing readers to consider contrasting approaches.

**big brother extended interview: The Star and Celebrity Confessional** Sean Redmond, 2013-10-18 In this book the different manifestations, meanings, and processes of the star and celebrity confessional will be explored. The confessional is taken to be any moment in which a star, celebrity, or fan engages in revelatory acts that are considered to be authentic, heart-felt, and honest. These confessional encounters can take place in an interview, through performance and presentation events, online, and in 'unscripted' encounters. A star may break down in tears, or reveal a previously unknown truth about their private life. However, this authenticity is often found to have been manufactured, or is timed to occur against a new release or product launch. Alternatively, the desire to confess may be seen to draw attention to the centrality of pseudo forms of emotion in contemporary culture and the obsessional behaviour it produces. In this book authors consider acts of confession by celebrities such as Tom Cruise, Michael Jackson, Jade Goody, Britney Spears, Sarah Jessica Parker, Tracey Emin, and Russell Crowe.

**big brother extended interview: Multilingual Sydney** Alice Chik, Phil Benson, Robyn Moloney, 2018-11-07 The rise of global mobility has had a deep impact on the study of urban multilingualism. Once associated with research on minority speech communities and inner-city ethnolinguistic enclaves (Chinatowns, Little Italies, etc), it is now concerned much more with the use of multiple languages in diverse neighbourhoods across the city. In this book the authors take an innovative approach that builds on previously published work in two ways. First, it focuses on a single city and, second, it adopts a multidisciplinary approach to multilingualism. By examining the phenomenon of multilingualism in a single city from a range of perspectives this book paints a more comprehensive picture of the current dimensions of urban multilingualism. A unique feature of this book is the inclusion of contributions from scholars with expertise in education, geography, media, health communication and international studies, in addition to community practitioners. Sydney is the largest city in Australia and, on most counts, it is also among the most linguistically diverse cities in the world. As such it is an ideal site for a multidisciplinary study of urban multilingualism. The selection of 18 multidisciplinary case studies on multilingualism in Sydney, Australia represents some of the strongest and most innovative research on urban multilingualism in the world today. This book examines how multilingualism permeates institutional and everyday practice in the city, raising important questions about what a 'multilingual city' can and should be.

**big brother extended interview: Mexican Screen Fiction** Paul Julian Smith, 2014-01-27 Mexican cinema is booming today, a decade after the international successes of *Amores perros* and *Y tu mamá también*. Mexican TV now stakes a claim to being the most dynamic and pervasive national narrative. This new book by Paul

Julian Smith is the first to examine the flourishing of audiovisual fiction in Mexico since 2000, considering cinema and TV together. **big brother extended interview: San Francisco and the Long 60s** Sarah Hill, 2016-01-14 *San Francisco and the Long 60s* tells the fascinating story of the legacy of popular music in San Francisco between the years 1965-69. It is also a chronicle of the impact this brief cultural flowering has continued to have in the city - and more widely in American culture - right up to the present day. The aim of *San Francisco and the Long 60s* is to question the standard historical narrative of the time, situating the local popular music of the 1960s in the city's contemporary artistic and literary cultures: at once visionary and hallucinatory, experimental and traditional, singular and universal. These qualities defined the aesthetic experience of the local culture in the 1960s, and continue to inform the cultural and social life of the Bay Area even fifty years later. The brief period 1965-69 marks the emergence of the psychedelic counterculture in the Haight-Ashbury neighbourhood, the development of a local musical 'sound' into a mainstream international 'style', the mythologizing of the Haight-Ashbury as the destination for 'seekers' in the Summer of Love, and the ultimate dispersal of the original hippie community to outlying counties in the greater Bay Area and beyond. *San Francisco and the Long 60s* charts this period with the references to received historical accounts of the time, the musical, visual and literary communications from the counterculture, and retrospective glances from members of the 1960s Haight community via extensive first-hand interviews. **big brother extended interview:** *The Politics of American Religious Identity* Kathleen Flake, 2005-12-15 Between 1901 and 1907, a broad coalition of Protestant churches sought to expel newly elected Reed Smoot from the Senate, arguing that as an apostle in the Church of Jesus Christ of Latter-day Saints, Smoot was a lawbreaker and therefore unfit to be a lawmaker. The resulting Senate investigative hearing featured testimony on every peculiarity of Mormonism, especially its polygamous family structure. The Smoot hearing ultimately mediated a compromise between Progressive Era Protestantism and Mormonism and resolved the nation's long-standing Mormon Problem. On a broader scale, Kathleen Flake shows how this landmark hearing provided the occasion for the country--through its elected representatives, the daily press, citizen petitions, and social reform activism--to reconsider the scope of religious free exercise in the new century. Flake contends that the Smoot hearing was the forge in which the Latter-day Saints, the Protestants, and the Senate hammered out a model for church-state relations, shaping for a new generation of non-Protestant and non-Christian Americans what it meant to be free and religious. In addition, she discusses the Latter-day Saints' use of narrative and collective memory to retain their religious identity even as they changed to meet the nation's demands.

**big brother extended interview:** *Becoming Men* Malose Langa, 2020-04-01 This vivid evocation of the lives of 32 boys from a Johannesburg township is essential reading for anybody wishing to understand black masculinity in South Africa *Becoming Men* is the story of 32 boys from Alexandra, one of Johannesburg's largest townships, over a period of twelve seminal years in which they negotiate manhood and masculinity. Psychologist and academic Malose Langa has documented graphically what it means to be a young black man in contemporary South Africa. The boys discuss a

range of topics including the impact of absent fathers, relationships with mothers, siblings and girls, school violence, academic performance, homophobia, gangsterism, unemployment and, in one case, prison life. Dominant themes that emerge are deep ambivalence, self-doubt and hesitation in the boys' approaches to alternative masculinities that are non-violent, non-sexist and non-risk-taking. The difficulties of negotiating the multiple voices of masculinity are exposed as many of the boys appear simultaneously to comply with and oppose the prevalent norms. Providing a rich interpretation of how emotional processes affect black adolescent boys, Langa suggests interventions and services to support and assist them, especially in reducing the high-risk behaviours generally associated with hegemonic masculinity. This is essential reading for students, researchers and scholars of gender studies who wish to understand manhood and masculinity in South Africa. Psychologists, youth workers, lay counsellors and teachers who work with adolescent boys will also find it invaluable.

**big brother extended interview:** The Terrorism Acts in 2012 David Anderson, Independent Reviewer of Terrorism Legislation, 2013-07-17 This report covers the operation of the Terrorism Acts in 2012. It summarises the independent reviewer's observations of the use of the powers during the year. Although the report makes no far-reaching recommendations (unlike in previous years), it does provide a much more detailed picture of the threat to the UK from terrorism and the role of this legislation. The independent reviewer in particular presents a fuller picture of the terrorist threat to the United Kingdom and its nationals, drawing particularly on the period 2010-2012; reviews the operation of all aspects of the Acts during 2012; requests views on possible changes to the definition of terrorism, with a view to making future recommendations; records progress made in relation to previous recommendations (e.g. in relation to proscription); and identifies other important issues (e.g. in relation to Schedule 7, currently subject to parliamentary as well as judicial attention). The Independent Reviewer considers the results of a programme of cautious and selective liberalisation of UK laws for dealing with terrorism are to be positive ones but that the threat from terrorism remains a substantial one. Amongst recommendations made were those relating to the rules relating to proscription (and in particular deproscription), some aspects of schedule 8 detention and the operation of schedule 7 power to stop and examine those travelling through ports

**big brother extended interview:** Charles Wheeler - Witness to the Twentieth Century Shirin Wheeler, 2023-11-09 Charles Wheeler, the BBC's longest-serving foreign correspondent, was one of Britain's greatest news reporters. For more than four decades, he reported for radio and television from most of the world's trouble spots. Present at many of the key episodes of the twentieth century, he had - as a BBC manager noted after the shooting of George Wallace, Presidential candidate and Governor of Alabama, on 15 May 1972, 'a knack of being in the right place at the right time'. It was typical of Charles that he ran towards the sound of the gunshot while the crowd was running in the opposite direction. Wheeler's investigative skill and sense of judgement made him one of the most authoritative reporters of his generation. But what was it like to have been witness to the events that shaped our modern world? In this book - part memoir, part history, part reflection - his daughter, Shirin Wheeler, examines her father's journalistic legacy and brings her personal knowledge to bear on the project. She will tell the story of her father: a patient listener and forensic interrogator who was driven by curiosity and passion to report and expose injustice, and above all to give a voice to people ignored or unheard by many.

**big brother extended interview:** The Practice of Cultural Studies Richard Johnson, 2004-05-25 Presenting students with a how-to guide to doing research in cultural studies, *The Practice of Cultural Studies* is an original introduction to the field. The book combines clear introductions to the core concepts of cultural studies with a very practical sense of how research in the field actually gets done.

**big brother extended interview:** Cleaning Up Susana P. Miranda, 2023-04-04 This

fascinating book uncovers the little-known, surprisingly radical history of the Portuguese immigrant women who worked as night-time office cleaners and daytime “cleaning ladies” in postwar Toronto. Drawing on union records, newspapers, and interviews, feminist labour historians Susana P. Miranda and Franca Iacovetta piece together the lives of immigrant women who bucked convention by reshaping domestic labour and by leading union drives, striking for workers’ rights, and taking on corporate capital in the heart of Toronto’s financial district. Despite being sidelined within the labour movement and subjected to harsh working conditions in the commercial cleaning industry, the women forged critical alliances with local activists to shape picket-line culture and make an indelible mark on their communities. Richly detailed and engagingly written, *Cleaning Up* is an archival treasure about an undersung piece of working-class history in urban North America.

**big brother extended interview: Docudrama Performs the Past** Steven N. Lipkin, 2011-01-18 Docudramas, films and movies-of-the-week based on true stories, offer their audiences performance as persuasion. As docudramas re-create actual people and events, these works perform their material. The premises of docudramas’ persuasive arguments operate within the basic settings that stage performances of noteworthy events, the events of war, and the lives of noteworthy individuals. In performing the past, docudramas offer us a performance of memory. Through docudramatic performance, the memories of others become ours. The performance of memory roots docudramatic representation in actuality, and indicates the responsibility to serve the past that helps make docudrama a distinctive mode of representation. The spirit of obligation to the past also frames the ethical considerations docudrama raises, as performance in docudrama shapes public memory. *Docudrama Performs the Past* examines the spectrum of arguments docudramas offer as their re-creations reason from the arenas of events such as the hijacking of United Airlines Flight 93, wars ranging from World War II to Iraq, and the lives of actors, athletes, and politicians. The case studies developed in each chapter show how docudrama’s re-creation of “true stories,” its performance of memory, warrants the claims it forwards about how to remember the past. The aggregate of examining works made since the late 1990s allows us to see how, as recurring contexts, the arenas of docudramatic argument ground action and identity in the settings that frame performance, structure the moral value of the contestation that ensues, and shape the public memory of the past that docudramas perform.
