big name in apple history: *Panama's Story* David Albert Francis, 2013-10-25 INTRODUCTION My name is David Albert Francis. However, I am known in the music world as "Panama" Francis, a name that was given to me by Roy Eldridge when I joined his band in 1939. I was born in Miami, Florida, on December 21, 1918, four days short of becoming a Christmas present to my parents. I must tell you that I am a stutterer. Sometime, when I get excited or try to make a point, my voice goes up about two octaves. I come across to some people as being angry but, believe me, this [what?] is how I get the words to flow. My facial expression might appear to you to be an angry expression. What is happening is that I am concentrating on getting the words to come out, without interruptions. I am sick now from twenty years of life on the board, riding on a bus for hours on end, eating unhealthy (and sometimes unsanitary?) food, and traveling 300 to 500 miles at a time without a bathroom break. The current health of bodies of my fellow musicians and I bear witness to the pain and suffering we experienced on the road. I am among many, many musicians who are paying now for these deplorable conditions on the road. We have serious health ailments that are directly attributable to what we experienced on the road and have negatively impacted the very days of our lives when we should be reaping the benefits of our long years of hard work. We are paying the price.

big name in apple history: *Two Covenants* Eliza McGraw, 2005-07-01 Jews have long occupied visible roles in the South. Jewish families have owned establishments ranging from dry-goods stores to Thomas Jefferson's Monticello, and some of the region's most important writers and scholars have been Jewish. Yet surveys of southern culture rarely assess the contributions of Jews, while histories of Jews in America virtually exclude those living in the South. Eliza R. L. McGraw's multifaceted study fills both gaps and in doing so expands how we define the South. In *Two Covenants*, McGraw mines eclectic representations of Southern Jewishness as varied as the Carolina Israelite newspaper, the Mardi Gras Krewe du Jieus, southern Baptist conversion--instruction pamphlets, and the film *Driving Miss Daisy*. She also considers literary representations of southern Jews in the works of both Jewish and non-Jewish writers, including Thomas Wolfe, Robert Penn Warren, Walker Percy, Lillian Hellman, David Cohn, Louis Rubin, Jr., Eli Evans, James Weldon Johnson, Jean Toomer, and Charles Chesnutt. While concerned with established concepts such as ethnicity and region, McGraw raises

many questions that illustrate the complexity of southern Jewishness. Can one individual straddle two identities? How do race, class, and gender influence southern Jewishness? What are the differences between southern Jews and other southerners, or between southern Jews and other Jews? Does anti-Semitism manifest itself differently or with unique effects in the South? In suggesting answers to these and other questions, McGraw ranges widely over the southern cultural landscape and reveals that although southern Jewishness remains a marginal identity due to the small size of its constituency it nevertheless inhabits and helps to form the South at large. The very presence and vitality of southern Jewishness demonstrate that southern identity, like national identity, is a fluid cultural experience.

big name in apple history: The Anchor Brewing Story David Burkhart, 2022-11-15 The sweeping illustrated story of America's oldest and most iconic craft brewery, featuring a history of American brewing traditions and homebrew recipes for Anchor's top brews including Anchor Steam and California Lager "A tale of worldly curiosity, brilliance, persistence, and a thirst to succeed . . . If you ever wondered why beer drinkers get passionate about good beer, read this book."—Charlie Papazian, author of *The Complete Joy of Homebrewing* San Francisco's Anchor Brewing Co. is one of America's oldest breweries, with an extraordinary heritage rooted in the California Gold Rush. Undaunted and resilient, it has survived earthquakes, fires, insolvency, and Prohibition. In 1965, when mass-produced, mass-marketed beer completely dominated the American brewing landscape, Fritz Maytag rescued the nation's smallest brewery and its unique Anchor Steam Beer from the brink of bankruptcy. Focusing on tradition, quality, and flavor, Maytag transformed Anchor Brewing, igniting a revolution that paved the way for today's craft beer movement. Anchor brewery historian David Burkhart tells the story of America's first craft brewery in this compellingly definitive insider's guide. With three hundred images—most shown for the first time—and original homebrew recipes for four of Anchor's iconic brews (Anchor Steam, Anchor California Lager, Anchor Porter, and Liberty Ale), *The Anchor Brewing Story* is a book for beer drinkers, homebrewers, pro brewers, entrepreneurs, San Francisco-philos, and anyone who loves a good comeback tale.
