And since they are mostly 'natural' you'll be using the free resources provided abundantly by Nature (and your pantry). I have a unique interest and expertise in finding fun kids activities at home. For most grandfathers having grand children means a time of just enjoying the occasional visit. Not the case when I became a full time live-in grandfather to my newborn granddaughter. In the end, at my own house, I spent more quality time with her than even most Dads do in a lifetime. This meant remembering, and finding, new and fun activities to share. This time sharing activities from the day after she was born to a schoolgirl nudging teenager years, became one of the best times of my life. And the activities we shared helped to make it so.
