cubs spring training tv schedule: *Spring Training Handbook* Josh Pahigian, 2013-06-12 Spring training is a time of renewal for baseball, when teams and fans descend on Florida and Arizona to begin the ever hopeful new season. The pace is a little slower, the fans are closer to the action, and the players are more accessible: the sport returns to its idyllic roots. When the first edition of this book was released, 18 of the MLB teams trained in Florida and 12 in Arizona. As 2013 arrives each league consists of 15 teams; together they utilize 14 parks in Florida and 10 in Arizona. This heavily illustrated work dedicates a chapter to each park, including modern Cactus League marvels like Camelback Ranch and Salt River Fields, and Grapefruit League bastions like Joker Marchant Stadium and McKechnie Field. Florida's Fenway Park replica, which opened in 2012, is

included. In addition to profiling the five parks that have opened since the first edition, the author has updated the other chapters. Each provides a description of the park, and a recounting of its history, followed by a summary of the home team or teams' spring history. Next is a review of the park's seating, concessions and fan traditions. Each chapter concludes with information about nearby baseball landmarks and attractions.

cubs spring training tv schedule: My Summer as a Cub R. Rathbone Leonard, 2011-09-22 Lenny Puddock writes of his experiences as a Chicago Cub during the 2011 baseball season. Puddock is a 32-year-old physical therapist for the Indianapolis National Institute of Fitness and Health who attended Randy Hundleys Fantasy Camp. Part of the Fantasy Camp experience is his developing friendship with Gertrude Castellano, a waitress who becomes a singing star. They romance at a distance. Puddock is invited to the Cubs Spring Training after an outstanding performance at the Camp. The Cubs offer him a contract with the Daytona Class A team and he accepts. Puddock is moved up to Class AA Tennessee in mid-May and is called up to the Cubs in mid-July. He was batting .378. In mid-August Mike Quade resigns as manager. Ryne Sandberg, who had an escape clause in his contract with a Phillies Minor League team, becomes the Cubs manager. When Puddock joined the parent club, the Cubs were 10 games out of first place. By the end of August they are four from the Wild Card spot. In the waning days of August the roster was two short due to injuries. Sandberg did not want to disrupt the Iowa or Tennessee playoff-bound teams, so he activated Greg Maddux and himself, thinking the roster had to contain the maximum 25 players. Plans were to activate two players before the August 31 midnight deadline but due to an interns goof not recognizing the difference in Eastern Standard Time and Central Standard Time, the move came too late. In essence the Cubs would have only a 23-player Post-Season roster. The Cubs win their Division and League playoffs and enter World Series for the first time in 76 years. In an amazing ninth inning of the seventh game, the Cubs win the Series.

The Port City has survived the ravages of hurricanes and yellow fever epidemics. It has been handed down from one nation to another not once but several times. The last major battle of the Civil War roared only miles away across its namesake bay, a few short years after the last slave ship, the Clotilda, arrived with its human contraband. But this city has had much to celebrate, as well. Mobile gave our nation its greatest party--Mardi Gras. It was also the birthplace of five Major League Baseball Hall-of-Famers. Author Joe Cuhaj serves as docent to the twists and turns of Mobile and the Alabama Gulf's fascinating past.

Here at last are Henrik Hertzberg's most significant, hilarious, and devastating dispatches from the American scene he has chronicled for four decades with an uncanny blend of moral seriousness, high spirits, and perfect rhetorical pitch. *Politics* is at once the story of American life from LBJ to GWB and a testament to the power of the written word in the right hands. In those hands, politics encompasses everyone from Jerry Garcia to Rush Limbaugh, every place from New Hampshire to Nicaragua, and everything from Playboy vs. Penthouse to Bush vs. Gore. Hendrik Hertzberg breaks down American politics into its component parts—campaigns, debates, rhetoric, the media, wars (cultural, countercultural, and real), high crimes and misdemeanors, the right, and more. Each section begins with a new piece of writing framing the subject at hand and contains the choicest, most illuminating pieces from his body of work. *Politics* is a tour of the defining moments of American life from the mid-'60s till the mid-'00s, a ride through recent American history with one of the most insightful and engaging guides imaginable, a writer who consistently makes us see more clearly and feel more deeply. Their most unforgettable games paint a picture of Mets history, as the franchise morphed from a dismal (though lovable) expansion team in 1962 to World Series Champions in 1969 and 1986 and then back to basement dwellers before meeting the Yankees in the 2000 Subway Series, and the Royals in a surprise appearance in the 2015 World Series. Fan favorite Ron Swoboda recounts making "The Catch." Infielder Wally Backman relives the many thrills of playing on the '86 Mets as they marched to a championship. All-Star Edgardo Alfonzo describes going six-for-six, including three home runs, in one of the most dominating offensive games in baseball history. Right-hander Bobby Jones recalls pitching the most dominating postseason game in Mets history, when he threw a one-hit shutout to clinch the 2000 National League Division Series against the San Francisco Giants. Current ace Jacob deGrom recounts his gritty series-clinching performance against the Dodgers in Game Five of the NLDS. Journalist Michael Garry, a lifelong Mets fan, also includes stories about Tom Seaver, Mike Piazza, and David Wright, among others.

cubs spring training tv schedule: *Authority* Bruce Lincoln, 2019-08-30 What is authority? How is it constituted? How ought one understand the subtle (and sometimes not-so-subtle) relations between authority and coercion? Between authorized and subversive speech? In this fascinating and intricate analysis, Bruce Lincoln argues that authority is not an entity but an effect. More precisely, it is an effect that depends for its power on the combination of the right speaker, the right speech, the right staging and props, the right time and place, and an audience historically and culturally conditioned to judge what is right in all these instances and to respond with trust, respect, and even reverence. Employing a vast array of examples drawn from classical antiquity, Scandinavian law, Cold War scholarship, and American presidential politics, Lincoln offers a telling analysis of the performance of authority, and subversions of it, from ancient times to the present. Using a small set

of case studies that highlight critical moments in the construction of authority, he goes on to offer a general examination of corrosive discourses such as gossip, rumor, and curses; the problematic situation of women, who often are barred from the authorizing sphere; the role of religion in the construction of authority; the question of whether authority in the modern and postmodern world differs from its premodern counterpart; and a critique of Hannah Arendt's claims that authority has disappeared from political life in the modern world. He does not find a diminution of authority or a fundamental change in the conditions that produce it. Rather, Lincoln finds modern authority splintered, expanded, and, in fact, multiplied as the mechanisms for its construction become more complex—and more expensive.

That's a lot of overlap. It also makes for a lot of good stories. Here are those stories for every Cub since '32, from 1930s outfielder Ethan Allen to current ace Carlos Zambrano. All of the sons relate how their fathers' names opened doors for them but concurrently raised expectations of how they should perform, and all

relate how they learned from their fathers' (and grandfathers') triumphs and mistakes. Includes a foreword by Chip Caray, speeches by Joe Buck about his father Jack, and articles by Skip Caray, Chip Caray and Marty Brennaman.
