da brat dating history: The Rainbow Ain't Never Been Enuf Kaila Adia Story, 2025-05-13 A queer Black feminist debunks the myth of rainbow solidarity, repositioning Black and Latinx LGBTQ+ people at the forefront of queer pasts, presents, and futures Your favorite Black queer studies professor Kaila Adia Story says the rainbow ain't never been enough in this introduction to the current state of queer intersectionality, or lack thereof. Story argues that to be queer is to be political, and the carefully glittered façade of solidarity in the pride movement veils dangerous neoliberal ideals of apolitical queer embodiment. The rainbow as a symbol of communal solidarity is a hollow offering when cis white LGBTQ people are allowed to opt out of divesting from white supremacy, misogyny, and transphobia. The *Rainbow Ain't Never Been Enuf* fills a necessary gap in our understanding of how racism, transphobia, and antiblackness operate in liberal spaces. Black feminist and queer theorist Kaila Adia Story blends analysis, pop culture, and her lived experiences to explore the silencing practices of mainstream queer culture. She touches on cornerstone issues of the movement like the whitewashing of queer history and commodification of pride celebrations the appropriation of the Black and Latinx ball scene and culture the racialized and gendered violence inflicted upon Black trans women the exclusion of the lives and work of activists like Marsha P. Johnson, Sylvia Rivera, Stormé DeLarverie, and CeCe McDonald from queer history the lack of remembrance and respect for the lives of the Black and Latinx queer and trans people who have always been on the frontlines of queer liberation Expanding beyond the classroom, Story utilizes her expertise as a scholar of queer theory to offer readers a comprehensive understanding of how racism operates in these spaces and what we can do to create a more equitable future.

Relationships are examined through an interdisciplinary lens -psychological, sociological, environmental and communicative perspectives are all considered. End of chapter summaries, lists of key concepts, and additional readings serve as a review. As a whole the book explores what precipitates success or failure of these relationships and how this has changed over time. Highlights of the book's coverage: Incorporates both cross-sex and same-sex romantic relationships Examines the roles of gender, race, class, culture, age, and sexuality in relationship development Looks at multiple types of romantic relationships in emerging adulthood, including dating and cohabitation Explores both positive and negative relational processes Analyzes the latest and most important scholarship. This volume examines how partners initiate romantic relationships, including infatuation, sexual attraction, and the impact of technology; how cohabitation affects the quality of the future of the relationship; and the individual, social, and circumstantial factors that predict stability or break-ups in romantic relationships. The book ends with an examination of the "dark side" of relationships, and suggestions for future research on romantic pairings. da brat dating history: The Affirmative Discomforts of Black Female Authorship Nahum N. Welang, 2022-10-17 Ubiquitous triple consciousness frameworks address the limitations of W.E.B Du Bois' seminal double consciousness concept by emphasizing a third gendered lens, a definite consciousness that legitimizes the rich complexities of the black American female experience. In The Affirmative Discomforts of Black Female Authorship: Rethinking Triple Consciousness in Contemporary American Culture, the author rethinks this methodology by examining an interesting assemblage of contemporary black female authors (Roxane Gay, Beyoncé and Issa Rae) across four disciplines (history, literature, music and television) whose contemporary multimedia works are engaging with a third lens the author conceptualizes as rupture. This rupture, a simultaneous embrace and rejection of racial and gendered experiences that are affirmative but also contradictory, unsettling and ultimately unresolved, problematizes hegemonic notions of identity and boldly moves towards a potential shift, a shift on the cusp of profound rethinking and reimagination.
