

immigration political cartoons 1900s

immigration political cartoons 1900s represent a vital lens through which historians and scholars understand public sentiment and political discourse surrounding immigration during a transformative era in American history. These cartoons provide vivid, often stark depictions of attitudes, fears, and ideologies related to the influx of immigrants at the turn of the 20th century. The 1900s were marked by rapid industrialization and urbanization, which intensified debates about immigration policies, cultural integration, and national identity. Immigration political cartoons of this period often addressed issues such as nativism, economic competition, and racial and ethnic stereotypes, reflecting the complex social dynamics of the time. This article explores the historical context, themes, artistic styles, and lasting impact of immigration political cartoons from the 1900s, offering a comprehensive understanding of their role in shaping public opinion and policy. The following table of contents outlines the key areas discussed in depth.

- Historical Context of Immigration in the 1900s
- The Role and Influence of Political Cartoons
- Common Themes in Immigration Political Cartoons
- Artistic Styles and Techniques Used
- Notable Cartoonists and Publications
- Impact on Immigration Policy and Public Opinion

Historical Context of Immigration in the 1900s

The early 20th century was a period of significant immigration to the United States, with millions arriving primarily from Southern and Eastern Europe, as well as Asia. This wave of immigrants contributed to the rapid growth of cities and the expansion of the industrial workforce. However, the sudden demographic changes also sparked considerable anxiety among native-born Americans, who feared economic competition and cultural displacement. The government responded with legislation such as the Immigration Act of 1917 and the Emergency Quota Act of 1921, which sought to restrict the number and origin of immigrants allowed entry. Immigration political cartoons 1900s captured these tensions by illustrating the contentious debates and social challenges surrounding immigration.

The Demographics of Immigration

During the 1900s, immigrants primarily came from countries including Italy, Poland, Russia, and China. This influx introduced new languages, religions, and customs, which sometimes clashed with established American norms. Political cartoons often depicted these groups with exaggerated features and stereotypes, emphasizing perceived differences and fueling nativist attitudes.

Legislative Developments

The period saw significant legislative efforts aimed at controlling immigration. The Immigration Act of 1917 imposed literacy tests and expanded the list of excluded groups, while the Emergency Quota Act of 1921 introduced numerical limits based on national origins. Political cartoons reflected public and political debates about these laws, often advocating either for restriction or for the immigrants' rights.

The Role and Influence of Political Cartoons

Political cartoons in the 1900s served as a powerful medium for communicating complex social and political messages to a broad audience. Through satire, symbolism, and visual storytelling, immigration political cartoons 1900s shaped public opinion by simplifying and dramatizing the immigration debate. Newspapers and magazines widely published these cartoons, making them accessible across diverse populations.

Communication and Persuasion

Cartoonists employed humor and exaggeration to highlight the perceived benefits or threats of immigration. These images could evoke emotional responses such as fear, sympathy, or patriotism, influencing viewers' attitudes and political affiliations. As a result, political cartoons became a crucial tool for advocacy groups and political parties.

Reflection of Social Attitudes

Immigration political cartoons also mirrored prevailing social attitudes, including xenophobia, racism, and economic anxiety. They offered a visual record of the stereotypes and prejudices common at the time, as well as the struggles of immigrant communities seeking acceptance and equality.

Common Themes in Immigration Political Cartoons

Several recurring themes dominated immigration political cartoons of the 1900s, each revealing different facets of the immigration debate. These themes included nativism, economic concerns, cultural assimilation, and racial and ethnic stereotyping.

Nativism and Anti-Immigrant Sentiment

Many cartoons portrayed immigrants as threats to American values and jobs, often using imagery that dehumanized or vilified newcomers. Nativist themes emphasized the preservation of a homogeneous national identity and warned against the dangers of "foreign" influences.

Economic Competition and Labor Concerns

As immigrants entered the workforce, political cartoons frequently depicted them as competitors who drove down wages or took jobs from native-born workers. These portrayals reflected widespread fears during economic downturns and labor unrest.

Cultural Assimilation and Integration

Some cartoons explored the challenges immigrants faced in adapting to American society, including language barriers and cultural differences. These images sometimes advocated for assimilation, while others highlighted the tensions between maintaining ethnic identity and conforming to mainstream norms.

Racial and Ethnic Stereotyping

Cartoons often relied on exaggerated physical features and cultural markers to stereotype immigrant groups. These depictions reinforced social hierarchies and justified discriminatory policies and practices.

- Exaggeration of ethnic traits
- Portrayal of immigrants as unclean or criminal
- Use of animalistic or monstrous imagery
- Depiction of immigrants as politically radical or subversive

Artistic Styles and Techniques Used

Immigration political cartoons from the 1900s utilized a variety of artistic styles and techniques to maximize impact and convey messages effectively. The visual language of cartoons combined caricature, symbolism, and allegory to engage viewers and simplify complex issues.

Caricature and Exaggeration

Cartoonists commonly exaggerated facial features, expressions, and body proportions to emphasize perceived characteristics of immigrant groups. This technique made the images more memorable and persuasive but often perpetuated harmful stereotypes.

Symbolism and Allegory

Symbols such as the Statue of Liberty, the American flag, and various animals were frequently used to represent broader concepts like freedom, patriotism, or danger. Allegorical figures helped illustrate abstract ideas about immigration policies and national identity.

Composition and Contrast

Effective use of composition, including contrast between light and dark areas or the juxtaposition of characters, helped direct viewer attention and highlight the cartoon's central message. These choices enhanced the storytelling quality of the cartoons.

Notable Cartoonists and Publications

Several prominent cartoonists and publications played key roles in producing and disseminating immigration political cartoons during the 1900s. Their work influenced public discourse and often reflected the editorial stance of their outlets.

Thomas Nast and Early Influences

Though Nast's most influential work was in the late 19th century, his style and themes influenced many 1900s cartoonists. Nast's use of political satire and symbolism set a precedent for addressing immigration and corruption.

Major Publications

Newspapers such as *New York Evening Journal*, *Chicago Tribune*, and magazines like *Puck* and *Judge* were important platforms for immigration political cartoons. These outlets reached large audiences and shaped popular attitudes toward immigrants.

Influential Cartoonists

Cartoonists like John T. McCutcheon, Lou Rogers, and Art Young created memorable images that captured the complexities of immigration debates. Their work ranged from critical to supportive portrayals of immigrants, reflecting the diversity of public opinion.

Impact on Immigration Policy and Public Opinion

Immigration political cartoons of the 1900s played a significant role in shaping both public opinion and policy decisions. By visually framing immigrants as either threats or contributors, these cartoons influenced voters, lawmakers, and advocacy groups.

Shaping Public Perception

The widespread circulation of cartoons helped normalize certain stereotypes and fears, reinforcing nativist sentiments. Conversely, some cartoons humanized immigrants and highlighted their struggles, contributing to calls for reform and inclusion.

Influence on Legislation

While cartoons alone did not determine policy, they reflected and amplified political debates that led to restrictive immigration laws. The visual rhetoric supported arguments for quotas, literacy tests, and exclusionary measures.

Legacy and Historical Significance

Today, immigration political cartoons 1900s serve as valuable historical documents. They provide insight into early 20th-century American attitudes and the power of visual media in political discourse. Scholars continue to analyze these cartoons to understand the roots of modern immigration debates.

Frequently Asked Questions

What themes are commonly depicted in immigration political cartoons of the 1900s?

Immigration political cartoons of the 1900s commonly depicted themes such as xenophobia, assimilation challenges, economic competition, racial and ethnic stereotypes, and debates over immigration policy and border control.

How did political cartoons in the 1900s reflect public opinion on immigration?

Political cartoons in the 1900s often reflected and influenced public opinion by exaggerating fears about immigrants, portraying them as threats to jobs and culture, or alternatively, highlighting their contributions and advocating for more inclusive policies.

Who were some prominent cartoonists known for immigration-themed cartoons in the early 20th century?

Prominent cartoonists like Thomas Nast, who worked in the late 19th and early 20th centuries, and later artists such as John T. McCutcheon and Clifford Berryman, created influential cartoons on immigration issues.

What role did immigration political cartoons play in shaping

immigration laws in the 1900s?

Immigration political cartoons helped shape public discourse by critiquing or supporting legislation such as the Immigration Act of 1924, influencing perceptions that contributed to restrictive immigration policies based on race and nationality.

How did cartoons portray different immigrant groups during the 1900s?

Cartoons often depicted immigrant groups using ethnic stereotypes—such as Italians, Irish, Chinese, and Eastern Europeans—highlighting perceived cultural differences or social concerns, sometimes reinforcing negative biases and sometimes eliciting sympathy.

In what ways did political cartoons address the economic impact of immigration in the 1900s?

Cartoons frequently illustrated immigrants as either threats to American workers by taking jobs for lower wages or as essential contributors to industrial growth and urban development, reflecting the economic debates of the time.

How can studying immigration political cartoons from the 1900s help us understand historical attitudes toward immigrants?

Studying these cartoons provides insight into societal fears, prejudices, and debates surrounding immigration, revealing how media shaped public attitudes and policies, and helping historians trace the evolution of immigration discourse in the early 20th century.

Additional Resources

1. Drawing Borders: Immigration and Political Cartoons in Early 20th Century America

This book explores how political cartoons from the early 1900s shaped public perceptions of immigration in the United States. It analyzes the visual rhetoric used by cartoonists to comment on immigration policies, social tensions, and cultural integration. Through a collection of influential cartoons, the book reveals the complex attitudes toward immigrants during a period of rapid demographic change.

2. Ink and Identity: Political Cartoons and the Immigrant Experience, 1900-1950

Ink and Identity examines the role of political cartoons in reflecting and influencing immigrant narratives through the first half of the 20th century. It highlights how cartoonists portrayed immigrant communities, often oscillating between caricature and empathy. The book offers insight into the intersection of art, politics, and social commentary during critical waves of immigration.

3. Lines of Exclusion: Anti-Immigration Sentiment in Political Cartoons, 1900-1940

This volume focuses on the darker side of immigration political cartoons, documenting how xenophobia and exclusionary attitudes were propagated through visual satire. It traces the evolution of anti-immigrant imagery and rhetoric, particularly targeting groups like the Irish, Italians, and

Eastern Europeans. The book provides a critical perspective on how cartoons contributed to nativist movements and immigration restrictions.

4. Cartoons and the Melting Pot: Visualizing Immigration in Progressive Era America

Cartoons and the Melting Pot delves into the Progressive Era's use of political cartoons to discuss immigration and assimilation. The book illustrates how cartoons balanced between celebrating cultural diversity and promoting Americanization. It also examines how these images influenced public debates on immigration reform and labor rights.

5. Visions of the Newcomer: Immigration, Politics, and Satire in 20th Century Cartoons

This book provides a comprehensive survey of how political cartoons depicted immigrants as both threats and contributors to American society. It covers various political and social contexts, including labor movements, war, and economic changes. The analysis offers a nuanced understanding of satire's power in shaping immigration discourse.

6. Sketching Prejudice: Race, Immigration, and Political Cartoons in Early 1900s America

Sketching Prejudice investigates the racial dimensions of immigration-themed political cartoons during the early 20th century. It highlights how race and ethnicity were central to the portrayal of immigrants, often reinforcing stereotypes. The book critically assesses the impact of these images on racialized immigration policies and public opinion.

7. Political Cartoons and Immigration Law: Visual Commentary from the Early 20th Century

This book connects the dots between immigration legislation and political cartoons that responded to or influenced those laws. It reviews key policies like the Immigration Act of 1924 and illustrates how cartoonists interpreted and critiqued legal restrictions. The work offers an important historical context for understanding immigration law through the lens of political satire.

8. The Pencil and the Immigrant: Political Cartoons as Social Commentary in the 1900s

The Pencil and the Immigrant showcases a curated collection of political cartoons that highlight social attitudes toward immigrants in the 1900s. It explores themes such as economic competition, cultural clashes, and the American Dream. The book underscores the role of cartoonists as commentators and critics during periods of immigration upheaval.

9. Frames of Arrival: Immigration and Political Satire in American Cartoons, 1900-1930

Frames of Arrival focuses on the formative decades of the 20th century, analyzing how political satire in cartoons framed immigrants' arrival and integration. It examines the symbolic language and recurring motifs used to depict newcomers and the political debates surrounding them. This study reveals the power of visual media in influencing immigration narratives and policies.

immigration political cartoons 1900s: The Immigration Crisis Meghan Green, 2020-07-15 Immigration has become a near-constant topic of conversation in today's political climate. Due to confusion about what constitutes legal and illegal immigration as well as political rhetoric on both sides of the aisle, many people find current immigration debates confusing and overwhelming. This volume brings clarity to the issue with fact-based analysis in order to help tomorrow's voters formulate their own opinions. Detailed charts and graphs, annotated quotes, thought-provoking discussion questions, and full-color photographs supplement the informative narrative's analysis of the history of immigration. Your readers will learn about immigration's economic implications and the future of immigration policies.

immigration political cartoons 1900s: *Immigrants and Comics* Nhora Lucía Serrano, 2021-03-09 *Immigrants and Comics* is an interdisciplinary, themed anthology that focuses on how comics have played a crucial role in representing, constructing, and reifying the immigrant subject and the immigrant experience in popular global culture of the twentieth and twenty-first centuries. Nhora Lucía Serrano and a diverse group of contributors examine immigrant experience as they navigate new socio-political milieus in cartoons, comics, and graphic novels across cultures and time periods. They interrogate how immigration is portrayed in comics and how the 'immigrant' was an indispensable and vital trope to the development of the comics medium in the twentieth century. At the heart of the book's interdisciplinary nexus is a critical framework steeped in the ideas of remembrance and commemoration, what Pierre Nora calls lieux de mémoire. This book will be of interest to students and scholars in Visual Studies, Comparative Literature, English, Ethnic Studies, Francophone Studies, American Studies, Hispanic Studies, art history, and museum studies.

immigration political cartoons 1900s: Introduction to International Migration Jeannette Money, Sarah Lockhart, 2021-05-30 *Introduction to International Migration* introduces students to state-of-the-art knowledge on international migration, a contemporary issue of central importance to virtually all countries around the globe. Original chapters by prominent women migration scholars cover a complex and multifaceted issue area including various types of migration, the mechanisms of migration governance, the impact of migration on both host and home societies, the migrants themselves in a transnational space, and the nexus between migration and other aspects of globalization. Key topics include labor, gender, citizenship, public opinion, development, security, climate, and ethics. Refugee flows are tracked from beginning to end. Photos, figures, text boxes with real-world examples, discussion questions, and recommended readings provide pedagogical structure for each chapter. Intended as a core text for courses on migration and immigration and a supplement to more general courses in global studies, this book is appropriate for both undergraduate and graduate students in the variety of disciplines that deal with the challenges of international migration. Special Features Consistently structured original chapters by notable scholars include an Introduction, Empirical Overview, Theoretical Evolution, Continuing Issues, and Summary for every chapter. Chapter pedagogy includes Discussion Questions, Suggested Readings, and References as well as a Data Appendix for the book. Photos with thematic captions and Text Boxes on hot topics round out the visual and substantive appeal of the text.

immigration political cartoons 1900s: Immigration Dennis Wepman, 2008 Presents a chronological study of immigration to the United States throughout history.

immigration political cartoons 1900s: *The Sociology of Immigration* Daniel Herda, 2023-04-07 *The Sociology of Immigration* provides students with a contemporary sociological perspective on the entire immigration process: deciding to leave one's home country, establishing oneself in a new host society, being received by the host population, and deciding whether to assimilate or seek citizenship. Using historical and contemporary examples, it applies many foundational concepts in sociology, such as culture, socialization, race and ethnicity, gender, and the sociological imagination, to the phenomenon of human migration. The text introduces immigration and migration on a global scale, but also emphasizes immigration in a U.S. context.

immigration political cartoons 1900s: Immigration Walter Hazen, Social Studies School

Service, 2000 Topics: first colonists, forced immigrants, the second wave, ocean crossings, the third wave, hostility and quotas, ghettos and tenements, sweatshops, contributions, and continuing immigration. Eleven fascinating historical articles (four or five pages long, and reproducible for easy distribution) summarize main points and deliver colorful, memorable details about history. Following each illustrated article, three or four reproducible worksheets test comprehension and spark deeper engagement through creative writing, arts and crafts projects, research starters, critical thinking questions, what-if scenarios, and other activities. Grades 48. Suggested readings. Answer keys.

immigration political cartoons 1900s: Hands-On History--Immigration, Industry, and the American Dream Garth Sundem, Kristi Pikiewicz, 2014-01-01 Make American history fun and interactive to motivate your students. Encourage teamwork, creativity, reflection, and decision making. Take an active approach to teaching while inspiring your students to make their own explorations of U.S. history.

immigration political cartoons 1900s: The Politics of Immigration Tom K. Wong, 2017 Immigration has been deeply woven into the fabric of American nation building since the founding of the Republic. Indeed, immigrants have played an integral role in American history, but they are also intricately tied to America's present and will feature prominently in America's future. Immigration can shape a nation. Consequently, immigration policy can maintain, replenish, and even reshape it. Immigration policy debates are thus seldom just about who to let in and how many, as a nation's immigration policies can define its identity. This is what helps breathe fire into the politics of immigration. Against this backdrop, political parties promote their own narratives about what the immigration policies of a nation of immigrants should be while undermining the contrasting narratives of political opponents. Racial and ethnic groups mobilize for political inclusion as immigration increases their numbers, but are often confronted by the counteractive mobilization of nativist groups. Legislators calibrate their positions on immigration by weighing traditional electoral concerns against a new demographic normal that is reshaping the American electorate. At stake are not just what our immigration policies will be, but also what America can become. What are the determinants of immigration policymaking in the United States? The Politics of Immigration focuses the analytical lens on the electoral incentives that legislators in Congress have to support or oppose immigration policy reforms at the federal level. In contrast to previous arguments, Tom K. Wong argues that contemporary immigration politics in the United States can be characterized by three underlying features: the entrenchment of partisan divides among legislators on the issue of immigration, the political implications of the demographic changes that are reshaping the American electorate, and how these changes are creating new opportunities to define what it means to be an American in a period of unprecedented national origins, racial and ethnic, and cultural diversity.

immigration political cartoons 1900s: Immigrant Politics and the Public Library Susan Luevano-Molina, 2001-09-30 This book explores the impact of the nativist movement on public library usage among Latino and Asian immigrants. The activism of concerned librarians within the California Library Association to defend the rights of immigrant library users after the passage of Proposition 187 is documented. In addition, four original research studies suggest that public libraries that provided relevant multilingual collections and services, multilingual staff, and strong public services have remained vibrant and well-used institutions despite widespread anti-immigrant sentiments and heightened anxiety among library users. The extensive qualitative studies that are reported in this volume are unique to the field of library science. Three of the studies focus on the heavily Mexican/Latino immigrant city of Santa Ana, CA, which is located in Orange County, home to the most virulent anti-immigrant forces, including the Save Our State organizers who initiated the Proposition 187 legislation. Two articles deal specifically with Asian American communities, one ascertaining the negative effects of the elimination of affirmative action policies in public library hiring and promotion, the other recounting the political nature and practice that characterizes dynamic community services to Asian immigrant communities.

immigration political cartoons 1900s: Righting Canada's Wrongs: Japanese Canadian Internment in the Second World War Pamela Hickman, Masako Fukawa, 2012-02-21 During the

Second World War, over 20,000 Japanese Canadians had their civil rights, homes, possessions, and freedom taken away. This visual-packed book tells the story.

immigration political cartoons 1900s: *Representations of Islam in United States Comics, 1880-1922* Maryanne A. Rhett, 2019-09-19 *Representations of Islam in United States Comics, 1880-1922* examines the depiction of Islam, Muslims, and the Islamic world in U.S. popular culture, particularly comics and related artifacts, between 1880 and 1922. Through cartoons, comics, editorial cartoons, serialized advertisements and other materials the book unfolds a narrative about how the Islamic world and its people were understood by the American government and its people. This “knowledge,” garnered from popular culture of the day, produced a lens through which domestic and international relationships were created and maintained. Representing a wide swath of U.S. popular culture and discourse, the reflections these artifacts offer are united in their depiction of the “Oriental” in an era that is largely assumed to have been marked by American un-interest in the region, peoples and religion. An exciting contribution to a growing field, this book resituates the U.S. within the Islamic world, using the everyday medium of comics to provide a fresh perspective on the subject.

immigration political cartoons 1900s: Social Studies for Secondary Schools Alan J. Singer, 2008-10-26 This popular text advocates an inquiry and activity-based view of social studies teaching that respects the points of view of students and teachers. Based in practice and experience, it offers systematic support and open, honest advice for new teachers, is conversational not pedantic, and provides lots of examples. While the structure and most of the topics remain largely the same as before, this Third Edition presents new lesson ideas in every chapter especially designed to help new teachers to address learning standards, to work in inclusive settings, and to promote literacy and the use of technology in social studies classrooms puts a heavier focus on what is important to know and why includes new essays on the politics of social studies education responds to opponents of project- or activity-based social studies instruction and multicultural education with a sharpened defense of both of these approaches throughout the book Intended as a text for undergraduate and graduate pre-service social studies methods courses, this text is also useful for in-service training programs, as a reference for new social studies teachers, and as a resource for experienced social studies educators who are engaged in rethinking their teaching practice.

immigration political cartoons 1900s: *The Handbook of Race, Ethnicity, Crime, and Justice* Ramiro Martinez, Jr., Meghan E. Hollis, Jacob I. Stowell, 2018-06-19 This Handbook presents current and future studies on the changing dynamics of the role of immigrants and the impact of immigration, across the United States and industrialized and developing nations. It covers the changing dynamics of race, ethnicity, and immigration, and discusses how it all contributes to variations in crime, policing, and the overall justice system. Through acknowledging that some groups, especially people of color, are disproportionately influenced more than others in the case of criminal justice reactions, the “War on Drugs”, and hate crimes; this Handbook introduces the importance of studying race and crime so as to better understand it. It does so by recommending that researchers concentrate on ethnic diversity in a national and international context in order to broaden their demographic and expand their understanding of how to attain global change. Featuring contributions from top experts in the field, *The Handbook of Race and Crime* is presented in five sections—An Overview of Race, Ethnicity, Crime, and Justice; Theoretical Perspectives on Race and Crime; Race, Gender, and the Justice System; Gender and Crime; and Race, Gender and Comparative Criminology. Each section of the book addresses a key area of research, summarizes findings or shortcomings whenever possible, and provides new results relevant to race/crime and justice. Every contribution is written by a top expert in the field and based on the latest research. With a sharp focus on contemporary race, ethnicity, crime, and justice studies, *The Handbook of Race and Crime* is the ideal reference for advanced undergraduate students, graduate students, and scholars interested in the disciplines such as Criminology, Race and Ethnicity, Race and the Justice System, and the Sociology of Race.

immigration political cartoons 1900s: *Monstrous Beauty: A Feminist Revision of Chinoiserie*

Iris Moon, 2025-03-24 *Monstrous Beauty* presents a bold cross-cultural history of porcelain told through a feminist lens. Prized for its delicate quality and whiteness, porcelain was first imported to Europe from China in the early modern period and gained lasting associations with Chinoiserie, a style that encapsulated associations of mystery and enchantment with Asia. This book probes the collective anxieties around gender, race, and sexuality lurking under the surface of this ornate style, derided by some eighteenth-century critics as monstrous and unnatural. In interconnected essays, Iris Moon unpacks Chinoiserie's language of curiosity and exoticism. Here, close looking at garnitures, plates, tea cups and saucers reveals how the desire to collect and possess porcelain created entrenched cultural myths of the Asian woman, and how it later extended into such mediums as photography and film. In addition, sixteen readings by contemporary artists and scholars, of works ranging from the sixteenth century to the present, respond to this fraught history by asking how we can engage in meaningful dialogues about Chinoiserie today.

immigration political cartoons 1900s: *Radical Hospitality* Nour Halabi, 2022-12-09 *Radical Hospitality* centers hospitality as a primary metaphor and ethical framework governing the relationship of the migrant to both the native population and the host nation. The book examines the history of US immigration policy and media coverage to evaluate hospitality or hostility towards immigrants, and the impact this may have for immigrants' sense of home and belonging within the nation.

immigration political cartoons 1900s: *Immigration and Regional Integration in a Globalizing World* Christopher C. White, 2015-10-08 In *Immigration and Regional Integration in a Globalizing World*, Christopher White makes an important contribution to the immigration debate by investigating the relationship between two of the most important forces shaping the current international system—international migration and regional integration. The ability to manage the movement of people across national borders is considered one of the primary responsibilities of the nation-state, but international migration always involves more than one country. The world has become increasingly globalized and international migration has followed suit. The vast majority of states have come to realize that successful and effective migration policies involve cooperation and coordination with other states, sometimes by choice and sometimes by necessity. However, these efforts, both regionally and globally, are often highly contentious and result in conflict internally and externally. Managing migration and integration are key concerns for governments in nearly every region of the world and will take on even greater importance as globalization and technological advances shrink distances and bring us closer together. White uses an evidence-based approach to understanding immigration and economic integration to debunk the “migration myth” that sees a strong connection between these two factors. Contrary to prevailing assumptions, the main argument is that there is no substantial relationship between the international migration and regional integration, despite the political rhetoric that generates enormous fear and anxiety surrounding these issues. Instead of conflating them, countries can consider the benefits of integration policies without worrying about migration and can consider migration policies without concern for integration. This book is for anyone concerned about the issue of immigration and its relationship to trade liberalization and regional integration.

immigration political cartoons 1900s: *American Republic to 1877, Interpreting Political Cartoons* McGraw-Hill Staff, 2002-06 Contains 36 reproducible activity pages, each including one political cartoon, short summary of the issue being addressed, and questions for analysis and critical thinking.

immigration political cartoons 1900s: *Thinking Like a Historian* Nikki Mandell, Bobbie Malone, 2013-06-19 *Thinking Like a Historian* will help you bring history to your classroom and reenergize your teaching of this crucial discipline in new ways. A group of experienced Wisconsin historians and educators, representing elementary through university levels, developed and piloted this framework. The *Thinking Like a Historian* charts which are the centerpiece of *Thinking Like a Historian* were created by condensing into simplified and easily remembered language the combined

expertise of the historical profession as expressed in the published standards of the American Historical Association, the Organization of American Historians, the National Council for History Education, the National History Standards and state standards for Wisconsin and California. Thinking Like a Historian is the fruit of our thinking and practice grounded in the highest standards of the discipline--designed to stimulate your own thinking, planning, and teaching. Adapt or draw inspiration from the examples for engaging and effective lessons and classroom activities. Return again and again to the common language of Thinking Like a Historian as a foundation that can connect and develop students' curiosity about and understanding of history throughout their school years. As history educators we wholeheartedly embrace the responsibility and opportunity to guide the next generation to think more deeply about the past--to think like historians.

immigration political cartoons 1900s: *Race Relations in the United States, 1900-1920* John F. McClymer, 2008-11-30 In the first decades of the twentieth century, virulent racism lingered from Reconstruction, and segregation increased. Hostility met the millions of new immigrants from Eastern and southern Europe, and immigration was restricted. Still, even in an inhospitable climate, blacks and other minority groups came to have key roles in popular culture, from ragtime and jazz to film and the Harlem Renaissance. This volume is THE content-rich source in a desirable decade-by-decade organization to help students and general readers understand the crucial race relations of the start of modern America. *Race Relations in the United States, 1900-1920* provides comprehensive reference coverage of the key events, influential voices, race relations by group, legislation, media influences, cultural output, and theories of inter-group interactions. The volume covers two decades with a standard format coverage per decade, including Timeline, Overview, Key Events, Voices of the Decade, Race Relations by Group, Law and Government, Media and Mass Communications, Cultural Scene, Influential Theories and Views of Race Relations, Resource Guide. This format allows comparison of topics through the decades. The bulk of the coverage is topical essays, written in a clear, encyclopedic style. Historical photos, a selected bibliography, and index complement the text.
