Skorzystanie z tego poradnika może znacząco ułatwić odnalezienie i zaliczenie dostępnych głównych i pobocznych questów. Jest on też pomocny przy wyjaśnianiu podejmowanych w trakcie gry ważnych wyborów oraz ich krótko i długofalowych konsekwencji. Cały poradnik podzielony został na kilka bardzo obszernych części. Pierwsza część to omówienie wszystkich początkowych zadań głównego wątku fabularnego gry, które zalicza się w dość liniowej kolejności. Kolejne strony poradnika informują o czterech głównych frakcjach znajdujących się w świecie gry, a konkretnie o tym jak można je odnaleźć i jakie zestawy zadań są dla nich przewidziane. Dalsza część opisu głównej fabuły gry uwzględnia różnice wynikające z przynależności do konkretnej frakcji. Temat głównego wątku fabularnego zamyka rozdział opisujący wszystkie dostępne zakończenia gry. Ostatnią dużą częścią niniejszego poradnika są rozdziały skupiające się na opcjonalnych zadaniach. Jako że większość z nich rozpoczyna się w konkretnych miejscach w świecie gry zostały one w poradniku podzielone według lokacji. Opis przejścia każdego zadania z tego poradnika informuje o tym jak można je odblokować, co należy wykonać podczas jego przechodzenia, z jakimi wyborami można się spotkać, jak można się unikalnie zachować (np. skorzystanie z wysokiej charyzmy) i jakie nagrody przewidziane są za jego ukończenie. Na wykonanie czeka mnóstwo podstawowych oraz opcjonalnych zleceń i dzięki pomocy ze strony tego poradnika zniknie ryzyko, że pominie się jakąś ważną misję czy nie ukończy jakiegoś questu z uwagi na nieprzewidziane komplikacje. Oznaczenia kolorystyczne w poradniku Brązowy kolor użyty został do oznaczania postaci niezależnych, z którymi można porozmawiać. Wyróżniono nim też unikalnych przeciwników powiązanych z zaliczanymi questami. Niebieski kolor użyty został do wyróżniania nazw lokacji odwiedzanych w grze. Nazwy w poradniku są identyczne do nazw z mapy świata w grze. Zielony kolor użyty został do informowania o ważnych

przedmiotach, które można odnaleźć w świecie gry, otrzymać od innych postaci czy kupić od handlarzy. Pomarańczowy kolor użyty został do wyróżniania sytuacji, w których dysponowanie rozwiniętymi statystykami czy jakimś określonym profitem (perkiem) może pozwolić na wykonanie zaawansowanej czynności (otwarcie zamka, użycie perswazji na NPC'u itp.). Dodatkowo w poradniku pogrubioną czcionką oznaczone zostały tytuły zadań. W opisie przejścia do gry Fallout 4 znajdziesz opis wszystkich dostępnych w grze zadań. Dowiesz się jak wykonać misję wątku głównego, zlecenia frakcji oraz pozostałe zadania poboczne. Każdy quest został dokładnie opisany i zilustrowany. Fallout 4 - opis przejścia zawiera poszukiwane przez graczy tematy i lokacje jak m.in.
