

political cartoons on 9 11

political cartoons on 9 11 represent a unique and powerful form of visual commentary that has captured the societal, political, and emotional responses to the tragic events of September 11, 2001. These cartoons have served as a medium for artists and commentators to express grief, critique policy, and provoke thought in the aftermath of the attacks. Political cartoons on 9 11 often combine symbolism, satire, and poignant imagery to reflect on the consequences of terrorism, the changes in national security, and the global political landscape. This article explores the significance, themes, and impact of political cartoons on 9 11, examining how artists have interpreted the tragedy and its aftermath. It also analyzes the role these cartoons played in shaping public discourse and memory. The following sections delve into the history and evolution of political cartoons related to 9 11, thematic elements, notable examples, and their broader cultural and political implications.

- Historical Context of Political Cartoons on 9 11
- Thematic Elements in 9 11 Political Cartoons
- Notable Political Cartoons and Artists
- Impact of 9 11 Cartoons on Public Opinion and Policy
- Controversies and Ethical Considerations

Historical Context of Political Cartoons on 9 11

The emergence of political cartoons on 9 11 is deeply rooted in the immediate aftermath of the terrorist

attacks on the World Trade Center and the Pentagon. The attacks not only shocked the United States but also reverberated globally, prompting artists worldwide to respond through their craft. Political cartoons have historically been used as a tool to critique political events, and the scale and significance of 9 11 made it a pivotal subject for editorial illustrators. Newspapers, magazines, and online platforms quickly embraced cartoons as a means to process the tragedy, reflect public sentiment, and influence political debate.

Evolution of 9 11 Cartoons in Media

In the days and weeks following September 11, 2001, political cartoons evolved from immediate emotional reactions to more nuanced critiques of governmental responses, foreign policy, and security measures. Initially, many cartoons expressed solidarity, mourning, and patriotism. Over time, the focus shifted towards analyzing the War on Terror, the invasion of Afghanistan and Iraq, and civil liberty concerns under the Patriot Act. This evolution illustrates the dynamic role of political cartoons as both historical documents and instruments of political commentary.

Role of Editorial Cartoons in Shaping Public Memory

Political cartoons on 9 11 have contributed significantly to shaping the collective memory of the event. By distilling complex political and social issues into accessible and often provocative images, cartoons have helped embed the narrative of 9 11 into the cultural consciousness. They serve as visual archives that reflect the changing attitudes and debates over time, capturing the national mood and the evolving understanding of the event's impact.

Thematic Elements in 9 11 Political Cartoons

The themes present in political cartoons on 9 11 are diverse, reflecting the multifaceted nature of the tragedy and its aftermath. These themes encompass grief and loss, patriotism and unity, critique of government actions, issues of security and surveillance, and the global implications of terrorism. Understanding these themes provides insight into how cartoonists engage with sensitive topics while addressing their audiences' emotional and intellectual needs.

Grief, Patriotism, and National Unity

Many political cartoons on 9 11 emphasize themes of mourning and patriotism, portraying the resilience and unity of the American people. Common motifs include the American flag, the Twin Towers, firefighters, and symbols of hope and strength. These cartoons often serve to comfort readers, honor the victims, and reinforce a collective sense of identity during a time of crisis.

Critique of Government Policies and War

As the United States launched military operations in Afghanistan and Iraq, political cartoons began to critique the government's strategies and policies. Cartoons addressed issues such as the justification for war, the human cost of military action, and the implications for civil liberties. This critical perspective is a crucial aspect of political cartoons on 9 11, highlighting debates about the balance between security and freedom.

Surveillance, Security, and Civil Liberties

The expansion of security measures and surveillance in the post-9 11 era is another prominent theme. Political cartoons have explored concerns about privacy, government overreach, and the erosion of constitutional rights. Through satire and symbolism, cartoonists question the trade-offs made in the name of national security and encourage public scrutiny of new policies.

Notable Political Cartoons and Artists

Several political cartoonists gained recognition for their impactful work on 9 11 and its aftermath. Their cartoons have been published in major newspapers and magazines, influencing public discourse and providing a visual commentary on the event's significance. These artists use distinctive styles and approaches to convey powerful messages.

Prominent Cartoonists and Their Contributions

Artists such as Steve Bell, Pat Oliphant, and Jeff Danziger have produced memorable political cartoons on 9 11. Their work ranges from poignant tributes to sharp political satire. Each artist brings a unique voice, blending humor, irony, and emotion to address the complex issues surrounding the attacks and their consequences.

Examples of Influential Cartoons

Several cartoons stand out for their creativity and impact. For example, cartoons depicting the Twin Towers as a shattered American dream, or those illustrating the tension between freedom and security, have resonated widely. These images often use metaphor and allegory to deepen the viewer's understanding and provoke reflection.

Impact of 9 11 Cartoons on Public Opinion and Policy

Political cartoons on 9 11 have played a significant role in shaping public opinion by distilling complicated issues into compelling visuals that engage a broad audience. Their influence extends

beyond mere commentary, contributing to political debates and sometimes even affecting policy discussions.

Influencing Public Discourse

Cartoons on 9 11 have functioned as catalysts for conversation, encouraging readers to question official narratives and consider alternative viewpoints. By highlighting contradictions or ethical dilemmas, these cartoons stimulate critical thinking and foster democratic engagement.

Reflection of Political Climate and Policy Changes

The themes and messages in political cartoons often mirror the prevailing political climate and can foreshadow or respond to policy changes. For instance, cartoons addressing the Patriot Act or the Iraq War reflect contemporary concerns and criticisms, serving as a barometer of public sentiment.

Controversies and Ethical Considerations

Political cartoons on 9 11 have not been without controversy, given the sensitive nature of the subject matter. Balancing satire with respect for victims and their families poses ethical challenges for cartoonists and publishers alike.

Sensitivity in Depicting Tragedy

Some cartoons have drawn criticism for perceived insensitivity or for crossing boundaries of taste and decency. The challenge lies in addressing serious topics through satire without trivializing suffering or

offending audiences. Ethical considerations guide how cartoonists approach such material, often sparking debates about freedom of expression versus respect.

Debates Over Political Correctness and Censorship

The publication of controversial 9 11 cartoons has sometimes led to calls for censorship or self-censorship. These debates highlight the tension between the right to critique and the need to maintain social harmony. Political cartoons continue to navigate this complex terrain, reflecting the ongoing negotiation between artistic freedom and cultural sensitivity.

Summary of Key Themes in Political Cartoons on 9 11

- Grief and national unity as expressions of collective mourning
- Critiques of government actions and foreign policy post-9 11
- Concerns over civil liberties and increased surveillance
- Use of symbolism and metaphor to convey complex political messages
- Ethical challenges in balancing satire with respect for victims

Frequently Asked Questions

What role did political cartoons play in shaping public opinion about 9/11?

Political cartoons after 9/11 played a significant role in shaping public opinion by providing poignant, often critical commentary on the events, government responses, and societal impacts. They helped convey complex emotions and viewpoints in an accessible and impactful way.

How did political cartoons depict the United States' response to 9/11?

Political cartoons depicted the United States' response to 9/11 in various ways, ranging from patriotic support for military action to criticism of policies like the Patriot Act and the Iraq War. They often highlighted themes of security, freedom, and the balance between them.

Were there any controversies surrounding political cartoons about 9/11?

Yes, political cartoons about 9/11 sometimes sparked controversy, especially those that were perceived as insensitive or critical of victims and first responders. Some cartoons faced backlash for their portrayal of Muslims or for questioning government policies during a highly emotional period.

How did international political cartoons portray 9/11?

International political cartoons often portrayed 9/11 with a mix of sympathy for the victims and critique of U.S. foreign policy. Many highlighted the global impact of the attacks and the subsequent 'War on Terror,' reflecting diverse perspectives depending on the country and political context.

What common symbols are used in political cartoons about 9/11?

Common symbols in 9/11 political cartoons include the Twin Towers, the American flag, Uncle Sam, the Statue of Liberty, planes, and imagery representing terrorism or security measures. These symbols help convey complex messages quickly and effectively.

How have political cartoons evolved in their treatment of 9/11 over time?

Over time, political cartoons about 9/11 have evolved from immediate emotional responses to more nuanced reflections on the long-term consequences, including wars in Afghanistan and Iraq, civil liberties, and the cultural impact. Recent cartoons often focus on remembrance and the lessons learned.

Additional Resources

1. *Drawing the Attack: Political Cartoons and 9/11*

This book explores how political cartoonists responded to the tragic events of September 11, 2001. It showcases a collection of powerful illustrations that capture public sentiment, political criticism, and global reactions. The analysis delves into the role of cartoons as tools for commentary and coping during times of crisis.

2. *Lines of Impact: The Art of 9/11 Political Cartoons*

"Lines of Impact" presents a curated anthology of political cartoons published in the aftermath of 9/11. The book examines the visual rhetoric and symbolism used to address themes such as terrorism, patriotism, and government policy. It also discusses the ethical challenges cartoonists faced when representing such a sensitive event.

3. *Sketching Tragedy: Political Cartoons and America's Response to 9/11*

This volume analyzes how political cartoons influenced and reflected American public opinion following the attacks. It includes commentary from prominent cartoonists about their creative process and the

impact their work had on national discourse. The book highlights the intersection of art, politics, and media in shaping collective memory.

4. Cartooning Crisis: Visual Satire and 9/11

"Cartooning Crisis" investigates how satire was used to critique political decisions and social reactions after 9/11. Featuring cartoons from various countries, it reveals differing perspectives on the global war on terror and civil liberties. The book also considers the balance between humor and respect in political satire during tragic times.

5. After the Towers Fell: Political Cartoons and the War on Terror

This book focuses on the evolution of political cartoons from the immediate aftermath of 9/11 through the ensuing War on Terror. It discusses how cartoonists addressed issues like national security, foreign policy, and the erosion of privacy rights. Readers gain insight into the changing political landscape as seen through the eyes of editorial artists.

6. Ink and Impact: The Role of Cartoons in 9/11 Political Discourse

"Ink and Impact" offers a scholarly examination of political cartoons as a form of political communication during and after 9/11. The book explores how imagery shaped public understanding and debate about terrorism and government response. It also considers the power of cartoons to provoke thought and challenge authority.

7. Symbolism in Crisis: Political Cartoons of 9/11 and Its Aftermath

This book delves into the symbolism employed by cartoonists to convey complex emotions and messages related to 9/11. It analyzes recurring motifs such as the Twin Towers, the American flag, and the figure of the terrorist. The study highlights how these symbols evolved to reflect changing political and social climates.

8. Voices in Ink: Political Cartoonists Reflect on 9/11

"Voices in Ink" compiles interviews and essays from notable political cartoonists who worked during the 9/11 era. They share personal stories about the challenges of addressing the tragedy through their art and the reactions they encountered. The book provides an intimate look at the intersection of

creativity, politics, and trauma.

9. *From Tragedy to Commentary: 9/11 Political Cartoons and Public Memory*

This book examines how political cartoons contributed to the construction of public memory surrounding 9/11. It studies the role of editorial cartoons in shaping narratives of heroism, loss, and resilience. Through visual analysis, the book reveals how cartoons helped societies process and remember the events of that day.

political cartoons on 9 11: Bok! Chip Bok, 2002 Has the world changed since September 11, 2001? It has for at least one band of subversive operatives who scheme in the shadows to ambush politicians. I'm speaking, of course, of the small yet poorly organized cells of individuals who take advantage of the freedoms this nation provides in order to carry out their roles as political cartoonists. I'm one of them and this is my story. I've operated inside these borders for many years, confounding immigration officials by the simple yet elegant strategy of being born here. The primary targets of my drawing have always been the leaders of my own government from city council to Congress to the president. That's what cartoonists do and that's what the public expects of us. But what happens when an enemy force attacks the government, not with sarcasm and satire, but with commercial aircraft loaded with jet fuel, and destroys national landmarks in New York City and Washington D.C., killing thousands of people? In the immediate aftermath of the September 11 attack a lot of things changed, and I felt like one of them was my job description. No more mucking around with Gary Condit. The social security lock box was now a dead issue. And while it was tempting to make something of the president's disappearing act in Air Force One on that day, it's tough to attack the commander-in-chief when the United States itself has just been attacked. This book contains a collection of my cartoons from that day forward.

political cartoons on 9 11: American Political Cartoons Sandy Northrop, 2017-07-05 From Benjamin Franklin's drawing of the first American political cartoon in 1754 to contemporary cartoonists' blistering attacks on George W. Bush and initial love-affair with Barack Obama, editorial cartoons have been a part of American journalism and politics. American Political Cartoons chronicles the nation's highs and lows in an extensive collection of cartoons that span the entire history of American political cartooning. Good cartoons hit you primitively and emotionally, said cartoonist Doug Marlette. A cartoon is a frontal attack, a slam dunk, a cluster bomb. Most cartoonists pride themselves on attacking honestly, if ruthlessly. American Political Cartoons recounts many direct hits, recalling the discomfort of the cartoons' targets?and the delight of their readers. Through skillful combination of pictures and words, cartoonists galvanize public opinion for or against their subjects. In the process they have revealed truths about us and our democratic

system that have been both embarrassing and ennobling. Stephen Hess and Sandy Northrop note that not all cartoonists have worn white hats. Many have perpetuated demeaning ethnic stereotypes, slandered honest politicians, and oversimplified complex issues.

political cartoons on 9 11: *The Trump Presidency in Editorial Cartoons* Natalia Mielczarek, 2023-09-18 *The Trump Presidency in Editorial Cartoons* engages with close to one thousand editorial cartoons to analyze the visual representations of President Donald Trump and his responses to six news events during his term in office. Natalia Mielczarek traces the mechanisms through which the drawings construct the president's image and their potential rhetorical consequences for interpretation. Through this analysis, Mielczarek argues that the right-leaning cartoons largely erase the president's likeness from their plotlines, acting as a shield against accountability for Trump. Left-leaning cartoons, on the other hand, tend to clone the president and exaggerate his image in most of their stories, often functioning as tools of symbolic censure and punishment. Through these de- and re-contextualization tactics that make President Trump either largely absent or hyper-present in the narrative, the cartoons construct inadvertent rhetorical paradoxes and coalesce around ideological heroes and villains. This result, Mielczarek posits, more closely resembles partisan propaganda, rather than political commentary and social critique. Scholars of communication, political science, and media studies will find this book of particular interest.

political cartoons on 9 11: *Reenvisioning Israel through Political Cartoons* Matt Reingold, 2022-03-15 *Reenvisioning Israel through Political Cartoons: Visual Discourses During the 2018-2021 Electoral Crisis* examines the ways in which the work of Israeli political cartoonists broadens conversations about contemporary challenges in the country. Matt Reingold shows how 21 cartoonists across 10 different Israeli newspapers produced cartoons in response to the country's social and political crises between December 2018-June 2021, a period where the country was mired in four national elections. Each chapter is structured around an issue that emerged during this period, with examples drawn from multiple cartoonists. This allows for fertile cross-cartoonist discussion and analysis, offering an opportunity to understand the different ways that an issue affects national discourse and what commentaries have been offered about it. By focusing on this difficult period in contemporary Israeli society, the volume highlights the ways that artists have responded to these national challenges and how they have fashioned creative reimaginations of their country.

political cartoons on 9 11: *Political cartoons and the Israeli-Palestinian conflict* Ilan Danjoux, 2018-07-30 *Do political cartoon predict violence?* To answer this question Ilan Danjoux examined over 1200 Israeli and Palestinian editorial cartoons to explore whether changes in their content anticipated the outbreak of the Al-Aqsa Intifada in October of 2000. Despite stark differences in political, economic and social pressures, a notable shift in focus, style and tone accompanied the violence. With numerous illustrations and detailed methodology, *Political Cartoons and the Israeli Palestinian Conflict* provides readers an engaging introduction to cartoon analysis and a novel insight into the Israeli-Palestinian conflict. In a region fraught with contested realities, the cartoon's ability to capture the latent fears and unspoken beliefs of these antagonists offers a refreshing perspective on how both Israelis and Palestinians perceived each other and their chances for peace on the eve of the Second Intifada.

political cartoons on 9 11: *September 11 in Popular Culture* Sara E. Quay, Amy M. Damico, 2010-09-14 This book offers an exploration of the comprehensive impact of the events of September 11, 2001, on every aspect of American culture and society. On Thanksgiving day after September 11, 2001, comic strip creators directed readers to donate money in their artwork, generating \$50,000 in relief funds. The world's largest radio network, Clear Channel, sent a memo to all of its affiliated stations recommending 150 songs that should be eliminated from airplay because of assumptions that their lyrics would be perceived as offensive in light of the events of 9/11. On the first anniversary of September 11th, choirs around the world performed Mozart's Requiem at 8:46 am in each time zone, the time of the first attack on the World Trade Center. These examples are just three of the ways the world—but especially the United States—responded to the

events of September 11, 2001. Each chapter in this book contains a chronological overview of the sea of changes in everyday life, literature, entertainment, news and media, and visual culture after September 11. Shorter essays focus on specific books, TV shows, songs, and films.

political cartoons on 9 11: Terrorism William Dudley, 2003 Presents a selection of the political cartoons created in response to the terrorist attacks on the United States that appeared in the nation's newspapers following the events of September 11, 2001, each with a brief explanation.

political cartoons on 9 11: Thomas Nast, Political Cartoonist John Chalmers Vinson, 2014-04-01 If it is true that the pen is mightier than the sword and that one picture is worth a thousand words, Thomas Nast must certainly rank as one of the most influential personalities in nineteenth-century American history. His pen, dipped in satire, aroused an apathetic, disinterested, and uninformed public to indignation and action more than once. The most notable Nast campaign, and probably the one best recorded today, was directed against New York City's Tammany Hall and its boss, William Marcy Tweed. Boss Tweed and his ring so feared the power of Nast and his drawings that they once offered him a bribe of \$500,000. Six presidents of the United States received and gratefully accepted Nast's support during their candidacies and administrations. Two of these, Abraham Lincoln and Ulysses Grant, credited Nast with more than mere support. During the Civil War, Lincoln called Nast his "best recruiting sergeant," and after the war Grant, then a general, wrote that Nast had done as "much as any one man to preserve the Union and bring the war to an end." Throughout his career the cartoonist remained an ardent champion of Grant who, after his election in 1868, attributed his victory to "the sword of Sheridan and the pencil of Thomas Nast." Nast's work is still familiar today. It was Nast who popularized the modern concepts of Santa Claus and Uncle Sam and who created such symbols as the Democratic donkey, the Republican elephant, and the Tammany tiger. With more than 150 examples of Nast's work, *Thomas Nast: Political Cartoonist* recreates the life and pattern of artistic development of the man who made the political cartoon a respected and powerful journalistic form.

political cartoons on 9 11: Comics through Time M. Keith Booker, 2014-10-28 Focusing especially on American comic books and graphic novels from the 1930s to the present, this massive four-volume work provides a colorful yet authoritative source on the entire history of the comics medium. Comics and graphic novels have recently become big business, serving as the inspiration for blockbuster Hollywood movies such as the Iron Man series of films and the hit television drama *The Walking Dead*. But comics have been popular throughout the 20th century despite the significant effects of the restrictions of the Comics Code in place from the 1950s through 1970s, which prohibited the depiction of zombies and use of the word horror, among many other rules. *Comics through Time: A History of Icons, Idols, and Ideas* provides students and general readers a one-stop resource for researching topics, genres, works, and artists of comic books, comic strips, and graphic novels. The comprehensive and broad coverage of this set is organized chronologically by volume. Volume 1 covers 1960 and earlier; Volume 2 covers 1960-1980; Volume 3 covers 1980-1995; and Volume 4 covers 1995 to the present. The chronological divisions give readers a sense of the evolution of comics within the larger contexts of American culture and history. The alphabetically arranged entries in each volume address topics such as comics publishing, characters, imprints, genres, themes, titles, artists, writers, and more. While special attention is paid to American comics, the entries also include coverage of British, Japanese, and European comics that have influenced illustrated storytelling of the United States or are of special interest to American readers.

political cartoons on 9 11: Religious and Cultural Difference in Modern British Political Cartoons Tahniah Ahmed, 2024-05-16 Focusing on British broadsheets such as *The Times* and *The Guardian*, and tabloid publications such as *The Sun* and *The Daily Mail*, this book looks at the visualization of post-colonial Britain through cartoons. Tahniah Ahmed examines how Irish, Jewish, Sikh and Muslim communities are Othered, interrogating the patterns and trends in the way they are depicted - both consciously and unconsciously - by cartoonists in Britain from the 20th century onwards. She reveals how cartoonists such as Nicholas Garland and Peter Brookes present

assimilation as the goal for the portrayed minorities. At the same time, this goal is deemed impossible because difference is ontological and unchangeable. Central to the cartoons explored in this book is the construction of identity and the concept of 'us', demonstrating the role cartoons play in the stability and enduring power of the archetype. Ahmed suggests that cartoons illustrate how racial and religious prejudice subtly interface and reinforce one another. A depiction of religious difference, Ahmed argues, is often actually a cover for outright racism.

political cartoons on 9 11: *The Best Political Cartoons of the Year* Daryl Cagle, Brian Fairington, 2008

political cartoons on 9 11: *The Captivating, Creative, Unusual History of Comic Books* Jennifer M. Besel, 2011 Describes the history of comic books, featuring little known facts and bizarre inside information--Provided by publisher.

political cartoons on 9 11: *Lessons Learned from Popular Culture* Tim Delaney, Tim Madigan, 2016-06-28 Informative and entertaining introduction to the study of popular culture. As the [culture of the people,] popular culture provides a sense of identity that binds individuals to the greater society and unites the masses on ideals of acceptable forms of behavior. *Lessons Learned from Popular Culture* offers an informative and entertaining look at the social relevance of popular culture. Focusing on a wide range of topics, including film, television, social media, music, radio, cartoons and comics, books, fashion, celebrities, sports, and virtual reality, Tim Delaney and Tim Madigan demonstrate how popular culture, in contrast to folk or high culture, gives individuals an opportunity to impact, modify, or even change prevailing sentiments and norms of behavior. For each topic, they include six engaging and accessible stories that conclude with short life lessons. Whether you're a fan of *The Big Bang Theory* or *Seinfeld*, the Beatles or Beyoncé, *Charlie Brown* or *Superman*, there's something for everyone.

political cartoons on 9 11: *The Media and Terrorism* Duncan Mainye Omanga, 2016 The editorial cartoon, perhaps one the most enduring features of the African newspaper, carries perception of a less cerebral form of journalism consigned to laughter and flippancy. However, editorial cartoons' effectiveness goes beyond laughter. This book not only responds to the call for a broader debate on media and terrorism, but also examines how editorial cartoons in Kenya, between 1998 and 2008, contributed to the discursive construction of terrorism and the so-called war on terror. Drawing from events surrounding major terror attacks at the high noon of 'al-Qaida terrorism', this book highlights how editorial cartoons in Kenya provided insights into the vicissitudes that characterized terrorism and its war. Dissertation. (Series: Contributions to African Research / Beitrage zur Afrikaforschung, Vol. 67) [Subject: Politics, Media Studies, African Studies]

political cartoons on 9 11: *Politics in the Gutters* Christina M. Knopf, 2021-06-28 From the moment Captain America punched Hitler in the jaw, comic books have always been political, and whether it is Marvel's chairman Ike Perlmutter making a campaign contribution to Donald Trump in 2016 or Marvel's character Howard the Duck running for president during America's bicentennial in 1976, the politics of comics have overlapped with the politics of campaigns and governance. Pop culture opens avenues for people to declare their participation in a collective project and helps them to shape their understandings of civic responsibility, leadership, communal history, and present concerns. *Politics in the Gutters: American Politicians and Elections in Comic Book Media* opens with an examination of campaign comic books used by the likes of Herbert Hoover and Harry S. Truman, follows the rise of political counterculture comix of the 1960s, and continues on to the graphic novel version of the 9/11 Report and the cottage industry of Sarah Palin comics. It ends with a consideration of comparisons to Donald Trump as a supervillain and a look at comics connections to the pandemic and protests that marked the 2020 election year. More than just escapist entertainment, comics offer a popular yet complicated vision of the American political tableau. *Politics in the Gutters* considers the political myths, moments, and mimeses, in comic books—from nonfiction to science fiction, superhero to supernatural, serious to satirical, golden age to present day—to consider how they represent, re-present, underpin, and/or undermine ideas and ideals about American electoral politics.

political cartoons on 9 11: Drawing on the Past Birte Wege, 2019-06-19 Lange wurden Comics als triviale Unterhaltung verpönt. Erst in den letzten Jahrzehnten hat sich das geändert. Immer häufiger sind sie zum Medium der Wahl für Künstlerinnen und Künstler geworden, die kritisieren wollen, wie die etablierten Medien mit politischen Fragen umgehen. Dieses Buch untersucht das Potenzial von dokumentarischen Comics im Kontext einer sich schnell verändernden und immer weiter entwickelnden visuellen Kultur. Im Mittelpunkt steht dabei gerade auch die Darstellung historischer Ereignisse und die Auseinandersetzung mit Fotografie.

political cartoons on 9 11: America Gone Wild Ted Rall, 2006-10 Insightful and venomously cynical political cartoons . . . Rall straddles stereotypes, avoids party lines like live wires. . . . A true freethinker. --Las Vegas Mercury There simply isn't a more polarizing, more controversial, or more widely read political and social cartoonist than Ted Rall. Matt Groening: Ted Rall makes me laugh out loud. Rush Limbaugh: What is sad is that such an ignoramus ends up as a prominent cartoonist in major newspapers. Janet Clayton, L.A. Times editorial page editor: He's wonderfully incisive. He has a way of looking at the world that is rarely articulated in editorial cartoons. Bernard Goldberg, author of 100 People Who Are Screwing Up America: There is loathsome and there is beneath loathsome. And then there's Ted Rall. Love him or hate him, Rall has a unique drawing style and makes caustic social commentary that sets him apart from the pack. America Gone Wild features Rall's most controversial cartoons assembled for the first time in a single collection. Rall views his strips as a vehicle for driving social change. He applies his outrageous sense of humor to volatile topics from 9/11 and the Iraq war to social issues such as unemployment, the environment, and religion. This collection comprises his edgiest material and features lengthy behind-the-scenes commentary from Rall.

political cartoons on 9 11: God in the Corridors of Power Michael Ryan, Les Switzer, 2009-08-25 God in the Corridors of Power: Christian Conservatives, the Media, and Politics in America is a comprehensive study of Christian conservative power in America's political culture—how it was achieved, how it is maintained, and where it is going. It came about in part because of an enduring influence in the school room, the seminary and in the pulpit, and in part because conservatives are so skilled at using commercial and non-commercial media, including religious media, to disseminate their views to broader audiences. Though their power has waxed and waned, they continue to be a potent force in public policy today. The authors argue that the astonishing electoral successes of Christian conservatives at all levels of national, state and local government was made possible by linking political, social, media and religious interests with an emerging consensus about what constitutes a conservative mindset in American politics. Christian conservatives unquestionably have been the most significant component in a coalition of religious conservatives, traditionalist conservatives and neoconservatives that has driven the Republican Party now for almost two generations. This multifaceted understanding of Christian conservative activists in religion and politics traces the impact Christian conservatives have had on American Christianity as a whole while also examining the limitations imposed on the Christian conservative agenda by American civil religion, the Constitution and case law. The authors explore women's reproductive rights in the debate over contraception and abortion, and gay civil rights in the debate over gay marriage and family rights. The debate over intelligent design and evolution is examined in the context of the campaign to transform public school education. The run-up to the wars in Afghanistan and Iraq is scrutinized against the background of the declared war on terrorism. While the conservative religious and secular coalition within the Republican Party began to fragment even before the end of George W. Bush's first term in office, it remained a powerful force in the 2004 and 2008 elections. The book concludes with some thoughts about the impact of Christian conservatives in politics, media and religion in the future.

political cartoons on 9 11: A Companion to Public Art Cher Krause Knight, Harriet F. Senie, 2020-03-24 A Companion to Public Art is the only scholarly volume to examine the main issues, theories, and practices of public art on a comprehensive scale. Edited by two distinguished scholars with contributions from art historians, critics, curators, and art administrators, as well as

artists themselves Includes 19 essays in four sections: tradition, site, audience, and critical frameworks Covers important topics in the field, including valorizing victims, public art in urban landscapes and on university campuses, the role of digital technologies, jury selection committees, and the intersection of public art and mass media Contains “artist’s philosophy” essays, which address larger questions about an artist’s body of work and the field of public art, by Julian Bonder, eteam (Hajoe Moderegger and Franziska Lamprecht), John Craig Freeman, Antony Gormley, Suzanne Lacy, Caleb Neelon, Tatzu Nishi, Greg Sholette, and Alan Sonfist.

political cartoons on 9 11: *Satire and Politics* Jessica Milner Davis, 2017-11-17 This book examines the multi-media explosion of contemporary political satire. Rooted in 18th century Augustan practice, satire’s indelible link with politics underlies today’s universal disgust with the ways of elected politicians. This study interrogates the impact of British and American satirical media on political life, with a special focus on political cartoons and the levelling humour of Australasian satirists.
