

political cartoons on slavery

political cartoons on slavery played a significant role in shaping public opinion during the era of American slavery and the struggle for abolition. These visual commentaries used symbolism, caricature, and satire to expose the injustices of slavery and to critique pro-slavery institutions and politicians. Political cartoons became powerful tools for abolitionists and opponents of slavery, influencing both popular sentiment and political discourse. This article explores the historical context in which political cartoons on slavery emerged, their key themes and symbolism, their impact on the abolitionist movement, and examples of notable cartoons that left a lasting impression on society. The discussion also examines how these cartoons reflected the complexities and tensions of their time, serving as a mirror to the social and political landscape. Finally, the article considers the legacy of political cartoons on slavery in American history and culture.

- Legacy and Influence of Political Cartoons on Slavery

Historical Context of Political Cartoons on Slavery

Political cartoons on slavery emerged prominently during the 19th century, a period marked by intense debate over the institution of slavery in the United States. As sectional tensions between the Northern and Southern states escalated, mass media including newspapers and magazines began using cartoons as a means to communicate complex political issues in an accessible and compelling way. The rise of abolitionist movements, the publication of influential literature such as Harriet Beecher Stowe's *Uncle Tom's Cabin*, and the legislative battles over slavery's expansion into new territories all provided fertile ground for political cartoonists. These cartoons were disseminated widely, reaching audiences who might not engage with lengthy editorials or speeches but could grasp powerful messages through imagery. The medium became a battleground for competing ideologies, illustrating the moral, economic, and political conflicts that slavery engendered.

The Role of Newspapers and Magazines

Newspapers and periodicals were instrumental in spreading political cartoons on slavery. Publications such as *The Liberator*, *Harper's Weekly*, and *The North Star* featured illustrations that highlighted abolitionist viewpoints or, alternatively, defended the institution of slavery. These outlets enabled cartoonists to reach diverse readerships and influence public sentiment during critical moments such as the Missouri Compromise, the Dred Scott decision, and the Civil War.

Political Climate and Sectional Tensions

The volatile political environment of the early to mid-1800s, including compromises between free and slave states and increasing activism for abolition, provided a backdrop for political cartoons. Cartoonists often depicted the growing divide between North and South, underscoring the dangers of disunion and the moral contradictions of slavery within a democratic republic.

Key Themes and Symbolism in Political Cartoons on Slavery

Political cartoons on slavery utilized a rich array of themes and symbolic imagery to convey complex ideas succinctly. These visual elements served to criticize slavery's inhumanity, challenge pro-slavery arguments, and promote abolitionist ideals. Understanding these motifs is essential to appreciating the effectiveness and nuance of these cartoons.

Common Symbols and Their Meanings

- **Chains and Shackles:** Represented the physical bondage and lack of freedom experienced by enslaved individuals.
- **Broken Chains:** Symbolized emancipation, hope, and the abolitionist cause.
- **The Cotton Plant:** Often depicted to highlight the economic dependence of the South on slave labor.
- **Figures of Justice or Liberty:** Used to contrast the ideals of American democracy with the reality of slavery.
- **The Uncle Tom Character:** Referenced popular literature and was sometimes used to evoke sympathy or critique.

Themes of Morality and Hypocrisy

Many political cartoons emphasized the moral contradictions inherent in slavery, portraying it as a violation of fundamental human rights and Christian values. Cartoonists highlighted the hypocrisy of a nation founded on liberty yet permitting the enslavement of millions. These themes were designed to provoke ethical reflection and galvanize abolitionist support.

Economic and Political Critiques

Beyond moral arguments, cartoons often critiqued the economic motives behind slavery and its political entanglements. They depicted slaveholders as greedy or corrupt and criticized politicians who defended slavery for economic gain or political power. These critiques helped expose the

systemic nature of slavery and its impact on American governance.

Impact of Political Cartoons on the Abolitionist Movement

Political cartoons on slavery were instrumental in advancing the abolitionist cause by raising awareness, shaping public opinion, and pressuring policymakers. Their visual nature allowed them to transcend literacy barriers and engage a broad audience, making the realities of slavery more immediate and emotionally resonant.

Mobilizing Public Opinion

Cartoons helped abolitionists reach a wider segment of the populace, including those who might be indifferent or uninformed about slavery's cruelties. By dramatizing the injustice and human suffering caused by slavery, cartoons elicited empathy and outrage that translated into political action such as support for anti-slavery legislation and participation in abolitionist rallies.

Influencing Political Debate

Cartoons often targeted prominent politicians and policies, challenging pro-slavery stances and exposing contradictions. This visual critique played a role in framing the national dialogue on slavery and underscored the urgency of resolving the issue. In some cases, cartoons contributed to the polarization that eventually led to the Civil War.

Supporting Abolitionist Publications and Leaders

Many abolitionist leaders recognized the power of political cartoons and incorporated them into their campaigns. Figures such as Frederick Douglass and William Lloyd Garrison used illustrated materials to complement speeches and writings, enhancing the persuasive impact of their messages.

Notable Examples of Political Cartoons on Slavery

Several political cartoons from the 19th century stand out for their poignant portrayal of slavery and their influence on public discourse. These examples reveal the range of styles and strategies employed by cartoonists to confront the contentious issue.

“The Drunkard’s Progress” by Nathaniel Currier

Although primarily an anti-alcohol cartoon, Currier’s work also included imagery related to slavery. His detailed and allegorical style demonstrated how cartoons could intertwine social ills and moral messages, indirectly addressing the consequences of slavery on society.

Cartoons from *Harper's Weekly*

Harper's Weekly published numerous cartoons by artists such as Thomas Nast, who used their art to condemn slavery and later to support Reconstruction efforts. Nast's work often depicted African Americans in dignified roles, countering prevailing racist stereotypes and advocating for civil rights.

"Am I Not a Man and a Brother?" Emblematic Imagery

This iconic image, widely reproduced in various formats including cartoons, became a powerful symbol of the abolitionist message. It humanized enslaved people and appealed to the conscience of viewers, becoming a recurring motif in political illustrations against slavery.

Slave Auction Scenes

Many political cartoons graphically depicted slave auctions to highlight the commodification and dehumanization inherent in slavery. These scenes evoked strong emotional responses and were used to rally support for abolition.

Legacy and Influence of Political Cartoons on Slavery

The legacy of political cartoons on slavery extends beyond their immediate historical context, influencing the development of political satire, visual advocacy, and social justice movements. These cartoons remain valuable historical documents that provide insight into the cultural and political climate of the 19th century.

Evolution of Political Cartooning

The techniques and themes established in cartoons about slavery laid the groundwork for modern political cartooning. The use of symbolism, caricature, and visual metaphor continues to be a central strategy in political commentary and activism.

Educational and Historical Significance

Today, political cartoons on slavery are studied as primary sources that reveal contemporary attitudes and the dynamics of public debate. They help historians, educators, and students understand the complexities of slavery, abolition, and the broader struggle for civil rights.

Inspiration for Contemporary Social Justice Art

Contemporary artists and activists draw inspiration from these early political cartoons, recognizing their power to challenge injustice and promote change. The tradition of using visual art to engage political issues remains a vital part of social movements worldwide.

Frequently Asked Questions

What are political cartoons on slavery?

Political cartoons on slavery are illustrated works that use imagery and symbolism to comment on the institution of slavery, often highlighting its moral, social, and political issues.

How did political cartoons influence public opinion on slavery in the 19th century?

Political cartoons in the 19th century played a significant role in shaping public opinion by visually exposing the injustices of slavery, criticizing pro-slavery policies, and promoting abolitionist sentiments, making complex issues more accessible and emotionally impactful.

Who were some notable cartoonists known for their work on slavery?

Notable cartoonists who addressed slavery include Thomas Nast, who used his art to support abolition and criticize slavery, and artists like David Claypoole Johnston, who also created impactful anti-slavery imagery.

What symbols are commonly used in political cartoons about slavery?

Common symbols include chains and shackles representing bondage, the cotton plant symbolizing the economy built on slavery, Uncle Sam depicting the U.S. government, and figures like Abraham Lincoln symbolizing abolition and freedom.

How do political cartoons on slavery reflect the political tensions of their time?

These cartoons often reflect the intense debates and conflicts between abolitionists and pro-slavery advocates, illustrating issues such as states' rights, human rights, and economic interests, thereby capturing the polarized political climate leading up to the Civil War.

Are political cartoons on slavery still relevant today?

Yes, political cartoons on slavery remain relevant as educational tools that help people understand historical injustices, the legacy of slavery, and ongoing discussions about race, equality, and social justice in contemporary society.

Additional Resources

1. *Drawn to Oppression: Political Cartoons and the Abolitionist Movement*

This book explores how political cartoons played a crucial role in shaping public opinion against slavery in the 19th century. It analyzes notable caricatures and illustrations that highlighted the cruelty and moral contradictions of slavery. The book also discusses the impact of these cartoons on abolitionist campaigns and the broader fight for civil rights.

2. *Ink and Emancipation: Visual Satire on Slavery in Antebellum America*

Focusing on the antebellum period, this volume examines the use of satire and symbolism in political cartoons to criticize slavery and advocate for emancipation. It includes a collection of influential cartoons, alongside commentary on the artists' intentions and the societal reactions they provoked. The book offers insights into how visual media influenced the political landscape before the Civil War.

3. *Caricatures of Chains: The Political Cartoon as a Weapon Against Slavery*

This book traces the history of political cartoons as a form of resistance against slavery, highlighting key illustrators and their work. It delves into the ways cartoons used humor, irony, and exaggeration to expose the injustices of slavery and rally abolitionist support. The narrative reveals how these images transcended print to affect political discourse.

4. *Sketches from the Shadows: Political Cartoons Confronting Slavery and Racism*

A comprehensive study of how political cartoons addressed both slavery and the racial ideologies that supported it. The book examines the complex interplay between art, politics, and social commentary in cartoons that challenged slavery and exposed racial prejudices. It also discusses the legacy of these cartoons in shaping racial attitudes in America.

5. *Visual Voices: Political Cartoons and the Fight for Freedom from Slavery*

This collection highlights the role of political cartoons as powerful visual arguments against slavery. It showcases diverse perspectives from abolitionists, enslaved individuals, and political figures, all communicated through compelling imagery. The book emphasizes the importance of cartoons as tools for advocacy and education during the abolitionist era.

6. *Lines of Liberation: The Art of Anti-Slavery Political Cartoons*

Focusing on the artistic techniques and narrative strategies used in anti-slavery cartoons, this book offers an in-depth look at how artists crafted impactful messages. It explores the symbolism, caricature, and visual rhetoric employed to persuade audiences and challenge pro-slavery narratives. Readers gain an appreciation for the creative power of political art in social reform movements.

7. *Cartooning the Chains: Satirical Depictions of Slavery in American Political Art*

This title investigates the satirical dimension of political cartoons related to slavery, highlighting how humor and ridicule were used to undermine slavery supporters. It includes analysis of prominent cartoons that sparked controversy and dialogue about the institution of slavery. The book

also considers the risks cartoonists faced in confronting such a contentious issue.

8. *Freedom in Frames: The Political Cartoon and the Abolition of Slavery*

Examining the abolitionist movement through the lens of political cartoons, this book traces the evolution of visual advocacy from early anti-slavery sentiments to the post-emancipation period. It discusses how cartoons helped shape public policy and opinion, and the ways in which they reflected and influenced changing attitudes toward race and freedom.

9. *From Chains to Caricatures: Political Cartooning and the End of Slavery*

This book offers a historical overview of political cartooning's contribution to the abolition of slavery, documenting key moments and figures in the movement. It highlights the power of caricature to communicate complex social issues in accessible and memorable ways. The narrative underscores the enduring legacy of these cartoons in the history of civil rights activism.

political cartoons on slavery: *Lines of Contention* J. G. Lewin, P.J. Huff, 2007-11-13 The political turmoil of the Civil War Era has been analyzed many times, but one area of this period's history is often overlooked: a large body of humorous, clever, and scathing editorial cartoons from publications such as Harper's Weekly, Vanity Fair, Punch, and Leslie's Illustrated. In *Lines of Contention*, the best of these cartoons has finally been collected into one place to illuminate the social, political, and cultural climate of Civil War—Era America. The cartoons have been pulled from both sides of the fence and provide insight into the incidents and opinions surrounding the war as well as the mind-sets and actions of all the major figures. *Lines of Contention* presents a unique history of the Civil War and its participants.

political cartoons on slavery: *Political Cartoons and Caricatures* Michael Alexander Kahn, Jenny E. Robb, 2007 One of the great private collections of political cartoons

political cartoons on slavery: *Race and Vision in the Nineteenth-Century United States* Shirley Samuels, 2019-11-08 *Race and Vision in the Nineteenth-Century United States* is a collection of twelve essays by cultural critics that exposes how fraught relations of identity and race appear through imaging technologies in architecture, scientific discourse, sculpture, photography, painting, music, theater, and, finally, the twenty-first century visual commentary of Kara Walker. Throughout these essays, the racial practices of the nineteenth century are juxtaposed with literary practices involving some of the most prominent writers about race and identity, such as Herman Melville and Harriet Beecher Stowe, as well as the technologies of performance including theater and music. Recent work in critical theories of vision, technology, and the production of ideas about racial discourse has emphasized the inextricability of photography with notions of race and American identity. The collected essays provide a vivid sense of how imagery about race appears in the formative period of the nineteenth-century United States.

political cartoons on slavery: *Ancient Slavery and Abolition* Edith Hall, Richard Alston, Justine McConnell, 2011-07-07 A collection of essays by an international team of scholars on the part played by classical sources and images in the debates around the abolition of slavery. It shows that

the ancient Greek and Roman slave was invoked both by abolitionists and by those who promoted and attempted to justify the custom.

political cartoons on slavery: Beyond Slavery B. Brooten, 2010-10-25 This book looks at a United States that continues to be driven by racial and cultural divisions, from the disproportionately high number of incarcerated African Americans to heartfelt disagreements over the true nature of marriage and the proper role of faith in public policy.

political cartoons on slavery: Political Cartoons in the 1848 Election Campaign Anne Marie Serio, 1972

political cartoons on slavery: *The Content of Our Caricature* Rebecca Wanzo, 2020-04-21 Winner, 2021 Katherine Singer Kovács Book Award, given by the Society for Cinema and Media Studies Winner, 2021 Will Eisner Comic Industry Awards for Best Academic/Scholarly Work Honorable Mention, 2021 Harry Shaw and Katrina Hazzard-Donald Award for Outstanding Work in African-American Popular Culture Studies, given by the Popular Culture Association Winner, 2020 Charles Hatfield Book Prize, given by the Comic Studies Society Traces the history of racial caricature and the ways that Black cartoonists have turned this visual grammar on its head Revealing the long aesthetic tradition of African American cartoonists who have made use of racist caricature as a black diasporic art practice, Rebecca Wanzo demonstrates how these artists have resisted histories of visual imperialism and their legacies. Moving beyond binaries of positive and negative representation, many black cartoonists have used caricatures to criticize constructions of ideal citizenship in the United States, as well as the alienation of African Americans from such imaginaries. *The Content of Our Caricature* urges readers to recognize how the wide circulation of comic and cartoon art contributes to a common language of both national belonging and exclusion in the United States. Historically, white artists have rendered white caricatures as virtuous representations of American identity, while their caricatures of African Americans are excluded from these kinds of idealized discourses. Employing a rich illustration program of color and black-and-white reproductions, Wanzo explores the works of artists such as Sam Milai, Larry Fuller, Richard "Grass" Green, Brumsic Brandon Jr., Jennifer Cruté, Aaron McGruder, Kyle Baker, Ollie Harrington, and George Herriman, all of whom negotiate and navigate this troublesome history of caricature. *The Content of Our Caricature* arrives at a gateway to understanding how a visual grammar of citizenship, and hence American identity itself, has been constructed.

political cartoons on slavery: *Daniel O'Connell and the Anti-Slavery Movement* Christine Kinealy, 2015-10-06 Previous histories on O'Connell have dealt predominantly with his attempts to secure a repeal of the 1800 Act of Union and on his success in achieving Catholic Emancipation in 1829, Kinealy focuses instead on the neglected issue of O'Connell's contribution to the anti-slavery movement in the United States.

political cartoons on slavery: Slavery and Sentiment on the American Stage, 1787-1861 Heather S. Nathans, 2009-03-19 For almost a hundred years before Uncle Tom's Cabin burst on to the scene in 1852, the American theatre struggled to represent the evils of slavery. *Slavery and Sentiment* examines how both black and white Americans used the theatre to fight negative stereotypes of African Americans in the United States.

political cartoons on slavery: The Annotated Emma Jane Austen, David M. Shapard, 2012-03-20 From the editor of the popular Annotated *Pride and Prejudice* comes an annotated edition of Jane Austen's *Emma* that makes her beloved tale of an endearingly inept matchmaker an even more satisfying read. Here is the complete text of the novel with more than 2,200 annotations on facing pages, including: ● Explanations of historical context ● Citations from Austen's life, letters, and other writings ● Definitions and clarifications ● Literary comments and analysis ● Maps of places in the novel ● An introduction, bibliography, and detailed chronology of events ● Nearly 200 informative illustrations Filled with fascinating information about everything from the social status of spinsters and illegitimate children to the shopping habits of fashionable ladies to English attitudes toward the Roma, David M. Shapard's *Annotated Emma* brings Austen's world into richer focus.

political cartoons on slavery: *Reenvisioning Israel through Political Cartoons* Matt Reingold, 2022-03-15 *Reenvisioning Israel through Political Cartoons: Visual Discourses During the 2018-2021 Electoral Crisis* examines the ways in which the work of Israeli political cartoonists broadens conversations about contemporary challenges in the country. Matt Reingold shows how 21 cartoonists across 10 different Israeli newspapers produced cartoons in response to the country's social and political crises between December 2018-June 2021, a period where the country was mired in four national elections. Each chapter is structured around an issue that emerged during this period, with examples drawn from multiple cartoonists. This allows for fertile cross-cartoonist discussion and analysis, offering an opportunity to understand the different ways that an issue affects national discourse and what commentaries have been offered about it. By focusing on this difficult period in contemporary Israeli society, the volume highlights the ways that artists have responded to these national challenges and how they have fashioned creative reimaginings of their country.

political cartoons on slavery: The Woman as Slave in Nineteenth-Century American Social Movements Ana Stevenson, 2020-02-03 This book is the first to develop a history of the analogy between woman and slave, charting its changing meanings and enduring implications across the social movements of the long nineteenth century. Looking beyond its foundations in the antislavery and women's rights movements, this book examines the influence of the woman-slave analogy in popular culture along with its use across the dress reform, labor, suffrage, free love, racial uplift, and anti-vice movements. At once provocative and commonplace, the woman-slave analogy was used to exceptionally varied ends in the era of chattel slavery and slave emancipation. Yet, as this book reveals, a more diverse assembly of reformers both accepted and embraced a woman-as-slave worldview than has previously been appreciated. One of the most significant yet controversial rhetorical strategies in the history of feminism, the legacy of the woman-slave analogy continues to underpin the debates that shape feminist theory today.

political cartoons on slavery: Focus on U.S. History: The Era of Expansion and Reform Kathy Sammis, 1997 Reproducible student activities cover territorial growth, the Industrial Revolution, the rise of slavery, and the reform movement.

political cartoons on slavery: Reform or Repression Chad Pearson, 2015-12-04 Historians have characterized the open-shop movement of the early twentieth century as a cynical attempt by business to undercut the labor movement by twisting the American ideals of independence and self-sufficiency to their own ends. The precursors to today's right-to-work movement, advocates of the open shop in the Progressive Era argued that honest workers should have the right to choose whether or not to join a union free from all pressure. At the same time, business owners systematically prevented unionization in their workplaces. While most scholars portray union opponents as knee-jerk conservatives, Chad Pearson demonstrates that many open-shop proponents identified themselves as progressive reformers and benevolent guardians of America's economic and political institutions. By exploring the ways in which employers and their allies in journalism, law, politics, and religion drew attention to the reformist, rather than repressive, character of the open-shop movement, Pearson's book forces us to consider the origins, character, and limitations of this movement in new ways. Throughout his study, Pearson describes class tensions, noting that open-shop campaigns primarily benefited management and the nation's most economically privileged members at the expense of ordinary people. Pearson's analysis of archives, trade journals, newspapers, speeches, and other primary sources elucidates the mentalities of his subjects and their times, rediscovering forgotten leaders and offering fresh perspectives on well-known figures such as Theodore Roosevelt, Louis Brandeis, Booker T. Washington and George Creel. *Reform or Repression* sheds light on businessmen who viewed strong urban-based employers' and citizens' associations, weak unions, and managerial benevolence as the key to their own, as well as the nation's, progress and prosperity.

political cartoons on slavery: Politics, Ink Edward J. Lordan, 2006 Traces the history of American editorial cartooning, discussing the importance of editorial cartooning and its contribution

to the nation's development.

political cartoons on slavery: Gender and Activism in a Little Magazine Rachel Schreiber, 2017-07-05 Interweaving nuanced discussions of politics, visuality, and gender, *Gender and Activism in a Little Magazine* uncovers the complex ways that gender figures into the graphic satire created by artists for the New York City-based socialist journal, the *Masses*. This exceptional magazine was published between 1911 and 1917, during an unusually radical decade in American history, and featured cartoons drawn by artists of the Ashcan School and others, addressing questions of politics, gender, labor and class. Rather than viewing art from the *Masses* primarily in terms of its critical social stances or aesthetic choices, however, this study uses these images to open up new ways of understanding the complexity of early 20th-century viewpoints. By focusing on the activist images found in the *Masses* and studying their unique perspective on American modernity, Rachel Schreiber also returns these often-ignored images to their rightful place in the scholarship on American modernism. This book demonstrates that the centrality of the *Masses* artists' commitments to gender and class equality is itself a characterization of the importance of these issues for American moderns. Despite their alarmingly regular reliance on gender stereotypes?and regardless of any assessment of the efficacy of the artists' activism?the graphic satire of the *Masses* offers invaluable insights into the workings of gender and the role of images in activist practices at the beginning of the last century.

political cartoons on slavery: Haptic Allegories Kathleen Gough, 2013-11-07 *Kinship and Performance in the Black and Green Atlantic* advances an innovative and compelling approach to writing comparative studies of performance in transnational, intercultural relation to one another. Its chosen subject in this case is the cultural and political intersection of African and Irish diasporic peoples and movements. Gough approaches her subject via five key flashpoints in Black/Green relations, moving from the mid-nineteenth century to the early twenty-first century. In turn, each of these is related to mediums of performance that were prevalent at the time, such as abolitionist oratory and melodrama, photography and tableaux, architecture and folk drama, television and political demonstrations, and visual art and dramaturgy. By examining the unlikely kinship between social actors such as Ida B. Wells and Maud Gonne, Lady Augusta Gregory and Zora Neale Hurston, and Bernadette Devlin and Alice Childress, along with a host of old and new theatrical characters, this book explores how a transmedial investigation of gender, community, and performance allows for a revision of historiography in Atlantic studies, while the study itself revises and reimagines key concepts central to performance studies. In 2014 *Kinship and Performance* was given the Errol Hill Award for Outstanding Scholarship in African American Theatre from the American Society for Theatre Research.

political cartoons on slavery: Picturing Frederick Douglass: An Illustrated Biography of the Nineteenth Century's Most Photographed American Celeste-Marie Bernier, John Stauffer, Zoe Trodd, 2015-11-02 Finalist for the Gilder Lehrman Lincoln Prize A landmark and collectible volume—beautifully produced in duotone—that canonizes Frederick Douglass through historic photography. Commemorating the bicentennial of Frederick Douglass's birthday and featuring images discovered since its original publication in 2015, this "tour de force" (Library Journal, starred review) reintroduced Frederick Douglass to a twenty-first-century audience. From these pages—which include over 160 photographs of Douglass, as well as his previously unpublished writings and speeches on visual aesthetics—we learn that neither Custer nor Twain, nor even Abraham Lincoln, was the most photographed American of the nineteenth century. Indeed, it was Frederick Douglass, the ex-slave-turned-abolitionist, eloquent orator, and seminal writer, who is canonized here as a leading pioneer in photography and a prescient theorist who believed in the explosive social power of what was then just an emerging art form. Featuring: Contributions from Henry Louis Gates, Jr., and Kenneth B. Morris, Jr. (a direct Douglass descendent) 160 separate photographs of Douglass—many of which have never been publicly seen and were long lost to history A collection of contemporaneous artwork that shows how powerful Douglass's photographic legacy remains today, over a century after his death All Douglass's previously unpublished writings

and speeches on visual aesthetics

political cartoons on slavery: *The Antebellum Press* David B. Sachsman, Gregory A. Borchard, 2019-06-10 *The Antebellum Press: Setting the Stage for Civil War* reveals the critical role of journalism in the years leading up to America's deadliest conflict by exploring the events that foreshadowed and, in some ways, contributed directly to the outbreak of war. This collection of scholarly essays traces how the national press influenced and shaped America's path towards warfare. Major challenges faced by American newspapers prior to secession and war are explored, including: the economic development of the press; technology and its influence on the press; major editors and reporters (North and South) and the role of partisanship; and the central debate over slavery in the future of an expanding nation. A clear narrative of institutional, political, and cultural tensions between 1820 and 1861 is presented through the contributors' use of primary sources. In this way, the reader is offered contemporary perspectives that provide unique insights into which local or national issues were pivotal to the writers whose words informed and influenced the people of the time. As a scholarly work written by educators, this volume is an essential text for both upper-level undergraduates and postgraduates who study the American Civil War, journalism, print and media culture, and mass communication history.

political cartoons on slavery: *Melville* Andrew Delbanco, 2013-02-20 If Dickens was nineteenth-century London personified, Herman Melville was the quintessential American. With a historian's perspective and a critic's insight, award-winning author Andrew Delbanco marvelously demonstrates that Melville was very much a man of his era and that he recorded — in his books, letters, and marginalia; and in conversations with friends like Nathaniel Hawthorne and with his literary cronies in Manhattan — an incomparable chapter of American history. From the bawdy storytelling of *Typee* to the spiritual preoccupations building up to and beyond *Moby Dick*, Delbanco brilliantly illuminates Melville's life and work, and his crucial role as a man of American letters.
