

political costumes for halloween

political costumes for halloween offer a unique and engaging way to combine festive fun with topical commentary. These costumes allow individuals to express political humor, make statements, or pay homage to influential figures during Halloween celebrations. With a wide range of options available, from iconic politicians to symbolic political themes, political costumes for Halloween appeal to diverse tastes and interests. Whether attending a costume party, participating in a parade, or seeking to spark conversation, selecting a political costume can be both entertaining and thought-provoking. This article explores popular political costume ideas, tips for creating authentic looks, and considerations for choosing appropriate themes. Additionally, it highlights the cultural significance and evolving trends in political costumes for Halloween.

- Popular Political Costume Ideas
- How to Create Authentic Political Costumes
- Choosing Appropriate Political Themes
- Cultural Significance of Political Costumes
- Trends in Political Costumes for Halloween

Popular Political Costume Ideas

When it comes to political costumes for Halloween, there is a broad spectrum of characters and themes to choose from. These costumes often reflect current events, historical figures, or satirical takes on political issues. Selecting a recognizable and relevant figure can enhance the costume's impact and engagement at any event.

Iconic Political Figures

One of the most common approaches to political costumes is dressing as well-known political leaders and personalities. These costumes often include signature clothing, accessories, and props that are immediately identifiable. Popular choices include presidents, prime ministers, and influential activists.

Political Satire and Caricatures

Many Halloween enthusiasts opt for satirical political costumes that exaggerate or humorously critique politicians and policies. These costumes can involve props, exaggerated features, or witty slogans that add a comedic element to the political statement.

Symbolic Political Themes

Beyond individual figures, some political costumes embody broader themes such as democracy, freedom, or social movements. These costumes might include representations of voting booths, protest signs, or symbolic colors and emblems associated with political causes.

- Presidential impersonations (e.g., Abraham Lincoln, Barack Obama)
- Political activists (e.g., Rosie the Riveter, Malala Yousafzai)
- Party mascots and symbols (e.g., donkey, elephant)
- Satirical costumes based on recent political events
- Costumes representing political scandals or memes

How to Create Authentic Political Costumes

Creating a convincing political costume requires attention to detail and thoughtful preparation. Authenticity not only improves the costume's effectiveness but also shows respect for the political figure or theme being represented. Here are key steps to achieve authenticity in political costumes for Halloween.

Research and Reference

Begin by researching the political figure or theme thoroughly. Understanding their appearance, mannerisms, and iconic elements helps in replicating their look accurately. Reference photos, videos, and biographies are valuable resources for this purpose.

Costume Components

Identify the essential costume components such as clothing, accessories, and props. For example, a political leader's costume might require a specific suit style, a wig resembling their hair, or signature glasses. Props like campaign buttons, signs, or flags can enhance the visual impact.

Makeup and Hairstyling

Makeup and hairstyling play a crucial role in transforming into a political character. Techniques such as contouring can mimic facial features, while wigs and hairpieces complete the look. Attention to these details contributes significantly to costume authenticity.

Practice Mannerisms

For an immersive experience, study and practice the mannerisms and speech patterns of the political figure. This adds depth to the costume and can make interactions more engaging and entertaining at Halloween events.

Choosing Appropriate Political Themes

Selecting the right political theme for a Halloween costume involves consideration of context, audience, and cultural sensitivity. Political costumes can be provocative, so choosing themes that are respectful and suitable for the event is essential.

Assessing the Audience

Understanding the demographic and cultural background of the event attendees helps determine which political costumes are appropriate. Costumes that may be humorous in one setting might be offensive or misunderstood in another.

Avoiding Controversy

While political costumes often involve satire or critique, it is important to avoid themes that could be perceived as disrespectful, inflammatory, or harmful. Opting for lighthearted or historically significant figures typically reduces the risk of controversy.

Balancing Humor and Respect

Political costumes can blend humor with respect by focusing on clever satire or celebrating positive achievements. This balance allows for political expression while maintaining decorum and inclusivity during Halloween festivities.

- Consider the event's purpose and formality
- Avoid costumes that perpetuate stereotypes or hate speech
- Choose politically relevant but non-offensive themes
- Be mindful of cultural and social sensitivities

Cultural Significance of Political Costumes

Political costumes for Halloween carry cultural significance that extends beyond mere entertainment. They reflect societal attitudes towards politics, highlight ongoing issues, and serve as a form of social commentary. Understanding this context enriches the experience of wearing or observing political costumes.

Historical Context

Historically, political costumes have been used in festivals and celebrations to critique power structures and express public sentiment. Halloween costumes continue this tradition by providing a platform for political expression and dialogue.

Political Engagement Through Costumes

Wearing political costumes can encourage political engagement by sparking discussions and raising awareness about important topics. This form of expression can be educational and inspire civic participation, especially among younger audiences.

Impact on Public Perception

Political costumes can influence public perception by humanizing political figures or highlighting issues in an accessible manner. They can challenge stereotypes and promote critical thinking about political matters during a widely celebrated cultural event.

Trends in Political Costumes for Halloween

Trends in political costumes for Halloween evolve in response to current events, media coverage, and popular culture. Staying informed about these trends can help individuals select timely and impactful costumes.

Influence of Current Events

Recent elections, political scandals, and international developments often inspire costume choices. Popular culture's portrayal of political figures in movies and television also shapes costume trends.

Creative and Hybrid Costumes

Innovative costume ideas combine political themes with other genres, such as superheroes or historical figures, to create unique and memorable looks. These hybrid costumes add creativity and broaden the appeal of political costumes.

Sustainability and DIY Trends

There is a growing trend toward sustainable and do-it-yourself political costumes. Many opt for recycled materials and handmade elements to reduce environmental impact while customizing their political attire.

- Costumes inspired by recent presidential campaigns

- Satirical costumes referencing viral political moments
- Eco-friendly and upcycled costume designs
- DIY kits and tutorials for political costumes

Frequently Asked Questions

What are some popular political costumes for Halloween in 2024?

Popular political costumes for Halloween in 2024 include costumes inspired by prominent politicians, political activists, or iconic political moments from the year, such as Joe Biden, Donald Trump, Greta Thunberg, or themed outfits referencing major political events.

Are political costumes for Halloween considered controversial?

Yes, political costumes can be controversial as they often represent real individuals or sensitive political issues, which may provoke strong reactions or offend some people.

How can I create a respectful political costume for Halloween?

To create a respectful political costume, focus on satire or historical context rather than personal attacks, avoid offensive stereotypes, and be mindful of the message your costume sends.

What are some easy DIY political costume ideas for Halloween?

Easy DIY political costumes include dressing as a famous politician with a suit and wig, creating protest signs or slogans, or mimicking iconic political campaign looks using items from your wardrobe.

Can dressing as a political figure for Halloween spark meaningful conversations?

Yes, dressing as a political figure can spark discussions about current events, political views, and social issues, making Halloween an opportunity for dialogue and awareness.

What should I avoid when choosing a political costume for Halloween?

Avoid costumes that perpetuate stereotypes, mock sensitive issues, or portray individuals in a disrespectful or harmful way to prevent offending others.

Are there any legal concerns with wearing a political costume on Halloween?

Generally, there are no legal restrictions on wearing political costumes, but avoid impersonating officials in a way that could be seen as fraud or misrepresentation in official contexts.

How do political costumes reflect current societal issues?

Political costumes often reflect societal issues by highlighting key figures, movements, or debates, serving as a mirror to public opinion and cultural moments.

Can children dress up in political costumes for Halloween?

Yes, children can dress in political costumes if the portrayal is age-appropriate and respectful; parents should guide them to understand the context and avoid controversial or offensive themes.

Where can I find inspiration for political costumes this Halloween?

Inspiration can be found in current news headlines, social media trends, political cartoons, and popular culture references related to politics and activism.

political costumes for halloween: Costume Pravina Shukla, 2016-04-06 A revealing look at how and why we dress up for events from historical reenactments to Halloween, with an “engaging writing style and rich illustrations” (Choice). What does it mean to people around the world to put on costumes to celebrate their heritage, reenact historic events, assume a role on stage, or participate in Halloween or Carnival? Self-consciously set apart from everyday dress, costume marks the divide

between ordinary and extraordinary settings and enables the wearer to project a different self or special identity. In this fascinating book, Pravina Shukla offers richly detailed case studies from the United States, Brazil, and Sweden to show how individuals use costumes for social communication and to express facets of their personalities. "Revelatory . . . a wide-ranging book bringing attention to clothing as part of festivals and folk heritage events, pop culture conventions and dramatic performances." —Nuvo

political costumes for halloween: Last Exit in New Jersey Alan Shakin, 2012-05-01 Brian Haberman is a 61-year-old PTA dad and failed architect in Belleville, New Jersey. Since his college years during the Sixties, Brian has regretted his lack of involvement in liberal politics. Then he meets Mario, who was politically active and slightly famous many years ago. Together, they plan and carry out a political caper against the backdrop of Barack Obamas election in 2008 and his inauguration. And both experience surprising romances along the way.

political costumes for halloween: Political Correctness: A Sociocultural Black Hole Thomas Tsakalakis, 2020-10-15 This book explores the nature of political correctness as but one of the faces of today's widespread sociocultural hypocrisy; it is a critique of a phenomenon that constitutes a threat to the Enlightenment hope that humanity might one day achieve maturity. The author identifies political correctness as a drive towards shallowness, anti-intellectualism and self-flagellation – and a culture in which perception is everything. With attention to the emergence and growth of political correctness in a country, Greece, where it can be observed from a bottom-up perspective, this volume demonstrates that although at first glance it appears as a well-intentioned social movement informed by values with which no moral and judicious person could disagree, political correctness actually represents, at best, a distraction from graver concerns; at worst, a manifestation of human foolishness and malevolence. A study of the destruction of honest and rational debate, characterized by trials of intention, often by social media, *Political Correctness: A Sociocultural Black Hole* will appeal to scholars of sociology and media studies with interests in contemporary political culture.

political costumes for halloween: Google Advertising Guerrilla Tactics Bottle Tree Books LLC., 2006-03 This extensive guide to all aspects of Google advertising provides over 150 killer tips and tricks for getting the most clicks at the lowest cost.

political costumes for halloween: Blackface Ayanna Thompson, 2021-04-08 A New Statesman essential non-fiction book of 2021 Featured in Book Riot's 12 best nonfiction books about Black identity and history A Times Higher Education Book of the Week 2022 Finalist for the Prose Awards (Media and Cultural Studies category) Why are there so many examples of public figures, entertainers, and normal, everyday people in blackface? And why aren't there as many examples of people of color in whiteface? This book explains what blackface is, why it occurred, and what its legacies are in the 21st century. There is a filthy and vile thread-sometimes it's tied into a noose-that connects the first performances of Blackness on English stages, the birth of blackface minstrelsy, contemporary performances of Blackness, and anti-Black racism. *Blackface* examines that history and provides hope for a future with new performance paradigms. *Object Lessons* is published in partnership with an essay series in *The Atlantic*.

political costumes for halloween: Political Cyberbullying Sheri Bauman, 2019-11-15 Politically motivated attacks are the newest type of aggression to erupt in the cyberworld, making *Political Cyberbullying's* analysis of the psychology of cyberbullying adult perpetrators, the effects on their victims, and ways we can reduce the damage an essential read. Although cyber-aggression is not a new phenomenon, the presidential campaign and election in 2016 appeared to embolden some adults who exploited the principle of free speech to attack others for their personal characteristics or views, bringing cyberbullying into the political realm. The political climate remained toxic through 2017 and 2018, and 2019 has both enflamed the vitriolic and venomous potential of public discourse and encouraged the appropriation of personal disclosure for political ends, something likely to continue through the 2020 election and after. In this work, psychologist Sheri Bauman, an expert on cyberbullying who has addressed audiences across the nation and

internationally, summarizes the world of political cyber-aggression, its perpetrators and their psyche, and its targets and how they are chosen. She then explains steps we can take to defuse the effectiveness and the harms of these online assaults. Case studies bring primary points to life, and the clarity of the text will appeal to students, researchers, and others interested in aggression, communication, and politics online.

political costumes for halloween: The Beltway Bible Eliot Nelson, 2024-08-06 How is legislation crafted? How do you lose an election? What do bundler, quorum call and omnibus mean? Why do some of the White House's most important meetings occur at a Starbucks? Why are Washington insiders obsessed with something called Jumbo Slice? What, exactly, is a skintern? Eliot Nelson, one of Washington's funniest and most admired young journalists, knows how the sausage factory works and his new book, *The Beltway Bible*, is every citizen's must-have owner's manual. Arranged from A to Z, *The Beltway Bible* provides an insider's perspective of politics and government, breaking down both into easily-digested entries on subjects like how legislation is formed, the scope of the president's power and an overview of federal agencies. Nelson also looks at D.C.'s less-well-known power structures: the internal pecking order of White House aides, the high school cafeteria power struggles behind party invites and the petty congressional arguments over how highway on-ramps are named. *The Beltway Bible* makes our complex government accessible in a way that will please everyone from Jon Stewart to John Doe. Eliot Nelson's *The Beltway Bible* is tailor-made for Election 2016.

political costumes for halloween: American Icons Dennis R. Hall, Susan Grove Hall, 2006-06-30 What do Madonna, Ray Charles, Mount Rushmore, suburbia, the banjo, and the Ford Mustang have in common? Whether we adore, ignore, or deplore them, they all influence our culture, and color the way America is perceived by the world. In this A-to-Z collection of essays scholars explore more than one hundred people, places, and phenomena as they seek to discover what it means to be labeled icon. From the Alamo to Muhammad Ali, from John Wayne to the zipper, the American icons covered in this unique three-volume set include subjects from culture, law, art, food, religion, and science. By providing numerous ways for the reader to engage in the process of interpreting these images and artifacts, the work serves as a unique resource for students of American history and culture. Features 100 illustrations. What do Madonna, Ray Charles, Mount Rushmore, suburbia, the banjo, and the Ford Mustang have in common? Whether we adore, ignore, or deplore them, they all influence our culture, and color the way America is perceived by the world. This A-to-Z collection of essays explores more than one hundred people, places, and phenomena that have taken on iconic status in American culture. The scholars and writers whose thoughts are gathered in this unique three-volume set examine these icons through a diverse array of perspectives and fields of expertise. Ranging from the Alamo to Muhammad Ali, from John Wayne to the zipper, this selection of American icons represents essential elements of our culture, including law, art, food, religion, and science. Featuring more than 100 illustrations, this work will serve as a unique resource for students of American history and culture. The interdisciplinary scholars in this work examine what it means when something is labeled as an icon. What common features do the people, places, and things we deem to be iconic share? To begin with, an icon generates strong responses in people, it often stands for a group of values (John Wayne), it reflects forces of its time, it can be reshaped or extended by imitation, and it often breaks down barriers between various segments of American culture, such as those that exist between white and black America, or between high and low art. The essays contained in this set examine all these aspects of American icons from a variety of perspectives and through a lively range of rhetoric styles.

political costumes for halloween: Political Correctness and the Destruction of Social Order Howard S. Schwartz, 2016-09-20 This book develops a psychoanalytic theory of political correctness and the pristine self, which is defined as a self touched by nothing but love. It explores the damage that political correctness can do to social order. Applications include the breakdown of social capital, the financial crisis, and Occupy Wall Street. Long an issue for conservatives, alarm over political correctness has now spread to the liberal side of the political spectrum. As Schwartz

argues, all have reason to be concerned. The psychology that underlies political correctness has the potential to be extremely destructive to social organization on every level. Schwartz discusses the primitive roots of political correctness and, through the use of case studies, shows its capacity for ruination. The book focuses on a transformation in the idea of the self, and specifically the rise of the pristine self. The problem is that, in truth, the world does not love us. This puts the pristine self at war with objective reality.

political costumes for halloween: Quite Enough of Calvin Trillin Calvin Trillin, 2011-09-13 For at least forty years, Calvin Trillin has committed blatant acts of funniness all over the place—in The New Yorker, in one-man off-Broadway shows, in his “deadline poetry” for The Nation, in comic novels like *Tepper Isn’t Going Out*, in books chronicling his adventures as a happy eater, and in the column USA Today called “simply the funniest regular column in journalism.” Now Trillin selects the best of his funny stuff and organizes it into topics like high finance (“My long-term investment strategy has been criticized as being entirely too dependent on Publishers Clearing House Sweepstakes”) and the literary life (“The average shelf life of a book is somewhere between milk and yogurt.”) In *Quite Enough of Calvin Trillin*, the author deals with such subjects as the horrors of witnessing a voodoo economics ceremony and the mystery of how his mother managed for thirty years to feed her family nothing but leftovers (“We have a team of anthropologists in there now looking for the original meal”) and the true story behind the Shoe Bomber: “The one terrorist in England with a sense of humor, a man known as Khalid the Droll, had said to the cell, ‘I bet I can get them all to take off their shoes in airports.’ ” He remembers Sarah Palin with a poem called “On a Clear Day, I See Vladivostok” and John Edwards with one called “Yes, I Know He’s a Mill Worker’s Son, but There’s Hollywood in That Hair.” In this, the definitive collection of his humor, Calvin Trillin is prescient, insightful, and invariably hilarious.

political costumes for halloween: Yet Another Costume Party Debacle Ingrid A. Nelson, 2024-12-11 How the policies of elite colleges allow racially themed parties to continue by perpetuating the status quo. On a cold February evening, a group of students at Bowdoin College, an elite and historically white liberal arts college in Maine, gathered to drink tequila at a party referred to as “not not a fiesta.” By noon the next day, Instagram videos of students sporting miniature sombreros had spread like wildfire through campus. Over the next few weeks, national media outlets would broadcast the embarrassing fallout. But the frequency with which similar parties recur on campuses across the United States begs the question: what, if anything, do undergraduates learn about race and racism from these encounters? Drawing on interviews and archival research, *Yet Another Costume Party Debacle* shows us how colleges both contest and reproduce racialized systems of power. Sociologist Ingrid A. Nelson juxtaposes how students and administrators discuss race with how they behave in the aftermath of racially charged campus controversies. Nelson spoke in-depth with students and other key players in several controversial parties—“Cracksgiving,” a “gangster party,” and the “not not a fiesta” tequila party—at Bowdoin. The college’s administrative response failed to encourage productive dialogue or address larger questions about race on campus. Nelson shows how the underlying campus structures at elite liberal arts colleges foster an environment that is ripe for racially charged incidents; we shouldn’t be surprised when we read about yet another costume party debacle. Nelson advises how we can take charge of diversity on our campuses by changing the systems that bring students together and drive them apart.

political costumes for halloween: Encyclopedia of Witchcraft Richard M. Golden Director, Jewish Studies Program, 2006-01-30 The definitive compilation on witchcraft and witch hunting in the early modern era exploring significant people, places, beliefs, and events. *Encyclopedia of Witchcraft: The Western Tradition* is the definitive reference on the age of witch hunting (approximately 1430–1750), its origins, expansion, and ultimate decline. Incorporating a wealth of recent scholarship in four richly illustrated, alphabetically organized volumes, it offers historians and general readers alike the opportunity to explore the realities behind the legends of witchcraft and witchcraft trials. Over 170 contributors from 28 nations provide vivid, documented descriptions and analyses of witchcraft trials and locations, folklore and beliefs, magical practices and deities,

influential texts, and the full range of players in this extraordinary drama—witchcraft theorists and theologians; historians and authors; judges, clergy, and rulers; the accused; and their persecutors. Concentrating on Europe and the Americas in the early modern era, the work also covers relevant topics from the ancient Near East (including the Hebrew and Christian Bibles), classical antiquity, and the European Middle Ages.

political costumes for halloween: The Politics of Horror Damien K. Picariello, 2020-06-26 The Politics of Horror features contributions from scholars in a variety of fields—political science, English, communication studies, and others—that explore the connections between horror and politics. How might resources drawn from the study of politics inform our readings of, and conversations about, horror? In what ways might horror provide a useful lens through which to consider enduring questions in politics and political thought? And what insights might be drawn from horror as we consider contemporary political issues? In turning to horror, the contributors to this volume offer fresh provocations to inform a broad range of discussions of politics.

political costumes for halloween: Cultural Appropriation Aurélia Bardon, Jennifer M. Page, 2025-04-22 From the fashion label Dior being accused of cultural appropriation after using American Indian imagery in an ad campaign for its “Sauvage” fragrance, to the backlash against Kendall Jenner’s afro-esque hairstyle in Vogue, debates about cultural appropriation have reached a fever pitch. In this much-needed analysis of the phenomenon Aurélia Bardon and Jennifer Page step back and ask: when is cultural appropriation wrong and when are we right to criticize it? Their analysis of wrongful cultural appropriation centers on three questions: whether appropriation involves theft; whether it communicates disrespect; and whether it disregards requests made by marginalized groups about their cultural practices. Sometimes, they argue, it is structural injustice rather than individual wrongdoing that is at stake. They examine cultural appropriation’s political dimensions, asking whether the state should be neutral between appropriative and non-appropriative artistic expression. They contrast bans on wrongful cultural appropriation and the state’s using its expressive power as a speaker, spender, and educator to discourage it. They also consider the ethical questions that arise when cultural appropriation debates spur further debates about online shaming and cancel culture. Using cases from music, fashion and the arts, *Cultural Appropriation: Wrongs and Rights* will be of great interest to students and researchers in philosophy, politics and related subjects, such as race and ethnic studies, sociology, and cultural studies.

political costumes for halloween: Sociology David M. Newman, 2020-01-28 In *Sociology: Exploring the Architecture of Everyday Life*, David Newman shows students how to see the unfamiliar in the familiar—to step back and see organization and predictability in their personal experiences. Through his approachable writing style and lively personal anecdotes, the author has maintained his goal from the first edition: to write a textbook that reads like a real book. Many adopters of this book are fans of Peter Berger’s classic works, which helped introduce the idea of social constructionism to sociology. Newman uses the metaphors of architecture and construction, to help students understand that society is not something that exists out there, independently of themselves; it is a human creation that is planned, maintained, or altered by individuals. Using vivid prose, current examples, and recent data, the Thirteenth Edition presents a unique and thought-provoking overview of how society is constructed and experienced. Instead of surveying every subfield in sociology, the more streamlined coverage (14 chapters) focuses on the individual and society, the construction of self and society, and social inequality in the context of social structures. Included with this title: The password-protected Instructor Resource Site (formally known as SAGE Edge) offers access to all text-specific resources, including a test bank and editable, chapter-specific PowerPoint® slides.

political costumes for halloween: The Mythology of America's Seasonal Holidays Arthur George, 2020-07-30 Every year we celebrate a cycle of seasonal holidays. The ancient Greeks called this cycle “The Dance of the Horae,” after the mythical divinities who represented the seasons. What myths sit at the foundation of our own holiday celebrations? This interdisciplinary book explores the myths and symbols that underlie our major seasonal holidays and give them their meaning. Arthur

George also shows how America's own mythmaking has shaped some holidays. This mythological approach reveals how and why holidays arose in the first place, how and why they have changed over the centuries, why they have remained important, and finally how we can celebrate them today in a more meaningful manner that can enrich our lives and better our society. George devotes particular attention to the depth psychological aspects of holidays and their corresponding myths, as well as to the insights of modern biblical scholarship for key holidays such as Easter and Christmas.

political costumes for halloween: *Zapata's Disciple* Martín Espada, 2016-10-15 The ferocious acumen with which the award-winning poet Martín Espada attacks issues of social injustice in Zapata's *Disciple* makes it no surprise that the book has been the subject of bans in both Arizona and Texas, targeted for its presence in the Mexican American Studies curriculum of Tucson's schools and for its potential to incite a riot among Texas prison populations. This new edition of Zapata's *Disciple*, which won the 1999 Independent Publisher Book Award for Essay / Creative Nonfiction, opens with an introduction in which the author chronicles this history of censorship and continues his lifelong fight for freedom of expression. A dozen of Espada's poems, tender and wry as they are powerful, interweave with essays that address the denigration of the Spanish language by American cultural arbiters, castigate Nike for the exploitation of its workers, reflect upon National Public Radio's censorship of Espada's poem about Mumia Abu-Jamal, and more. Zapata's *Disciple* is a potent assault on the continued marginalization of Latinos and other poor and working-class citizens in American society, and the collection breathes with a revolutionary zeal that is as relevant now as when it was first published.

political costumes for halloween: *Political Aesthetics of Global Protest* Pnina Werbner, 2014-07-30 From Egypt to India, and from Botswana to London, worker, youth and middle class rebellions have taken on the political and bureaucratic status quo. When most people can no longer earn a decent wage, they pit themselves against the privilege of small, wealthy and often corrupt elites. A remarkable feature of the protests from the Arab Spring onwards has been the salience of images, songs, videos, humour, satire and dramatic performances. This collection explores the central role the aesthetic played in energising the massive mobilisations of young people, the disaffected, the middle classes and the apolitical silent majority. Discover how it fuelled solidarities and alliances among democrats, workers, trade unions, civil rights activists and opposition parties.

political costumes for halloween: *Encyclopedia of American Folklife* Simon J Bronner, 2015-03-04 American folklife is steeped in world cultures, or invented as new culture, always evolving, yet often practiced as it was created many years or even centuries ago. This fascinating encyclopedia explores the rich and varied cultural traditions of folklife in America - from barn raisings to the Internet, tattoos, and Zydeco - through expressions that include ritual, custom, crafts, architecture, food, clothing, and art. Featuring more than 350 A-Z entries, *Encyclopedia of American Folklife* is wide-ranging and inclusive. Entries cover major cities and urban centers; new and established immigrant groups as well as native Americans; American territories, such as Guam and Samoa; major issues, such as education and intellectual property; and expressions of material culture, such as homes, dress, food, and crafts. This encyclopedia covers notable folklife areas as well as general regional categories. It addresses religious groups (reflecting diversity within groups such as the Amish and the Jews), age groups (both old age and youth gangs), and contemporary folk groups (skateboarders and psychobillies) - placing all of them in the vivid tapestry of folklife in America. In addition, this resource offers useful insights on folklife concepts through entries such as community and group and tradition and culture. The set also features complete indexes in each volume, as well as a bibliography for further research.

political costumes for halloween: *Makers* Bob Parks, 2006-01-10 Make magazine, launched in February 2005 as the first magazine devoted to Tech DIY projects, hardware hacks, and DIY inspiration, has been hailed as a how-to guide for the opposable thumb set and *Popular Mechanics* for the modern age. Itching to build a cockroach-controlled robot, a portable satellite radio or your very own backyard monorail? Hankering to hack a game boy or your circadian rhythms? Rather read about people who fashion laptop bags from recycled wetsuits and build shopping cart go-karts?

Make is required reading. Now, following on the heels of Make's wildly popular inaugural issues, O'Reilly offers Makers, a beautiful hardbound book celebrating creativity, resourcefulness and the DIY spirit. Author Bob Parks profiles 100 people and their homebrew projects—people who make ingenious things in their backyards, basements and garages with a lot of imagination and a little applied skill. Makers features technologies old and new used in service of the serious and the amusing, the practical and the outrageous. The makers profiled are driven by a combination of curiosity, passion and plain old stick-to-itiveness to create the unique and astonishing. Most are simply hobbyists who'll never gain notoriety for their work, but that's not what motivates them to tinker. The collection explores both the projects and the characters behind them, and includes full-color photographs and instructions to inspire weekend hackers. Parks is just the man to track the quirky and outlandish in their natural maker habitats. A well-known journalist and author who covers the personalities behind the latest technologies, Parks' articles on innovations of all kinds have appeared in Wired, Outside, Business 2.0 and Make. He has contributed essays to All Things Considered on public radio and discussed trends in technology devices with Regis Philbin and Russ Mitchell on television. As a Wired editor, Parks directed coverage of new consumer technologies and contributed feature articles. All those who love to tinker or who fancy themselves kindred DIY spirits will appreciate Parks' eclectic and intriguing collection of independent thinkers and makers.
