

political parties in nigeria

political parties in nigeria play a significant role in shaping the country's democratic governance and political landscape. Nigeria, being the most populous country in Africa, has a diverse political system with multiple parties competing for power at various government levels. These political parties serve as platforms for political participation, representation, and policy formulation. Understanding the dynamics of political parties in Nigeria is essential to grasp the country's electoral processes and political stability. This article explores the history, major parties, electoral system, challenges, and future prospects of political parties in Nigeria, providing a comprehensive overview of the subject matter.

- Historical Background of Political Parties in Nigeria
- Major Political Parties in Nigeria
- Electoral System and Political Parties in Nigeria
- Challenges Facing Political Parties in Nigeria
- Future Prospects of Political Parties in Nigeria

Historical Background of Political Parties in Nigeria

The political parties in Nigeria have evolved over several decades, reflecting the country's complex socio-political fabric. The history of political parties in Nigeria dates back to the colonial era when nationalist movements began to form political organizations to agitate for independence. The emergence of regional and ethnic-based parties characterized the early political landscape, with parties such as the National Council of Nigeria and the Cameroons (NCNC), Action Group (AG), and Northern People's Congress (NPC) playing dominant roles during the First Republic.

Pre-Independence Political Parties

Before Nigeria gained independence in 1960, political parties were primarily focused on advocating for self-governance and protecting regional interests. These parties were largely regionally and ethnically aligned, which laid the groundwork for Nigeria's multi-party system. The NCNC was dominant in the Eastern region, the AG in the Western region, and the NPC in the Northern region.

Post-Independence Political Parties

After independence, political parties in Nigeria continued to evolve, with the First Republic marked by competition among regional parties. However, political instability and military coups led to the banning of political parties during military regimes. The return to civilian rule in 1999 marked the beginning of the Fourth Republic, with new political parties emerging, reflecting the country's diverse

interests and democratic aspirations.

Major Political Parties in Nigeria

Nigeria's political landscape is dominated by several key parties that have shaped the country's governance and policy direction. These parties vary in ideology, regional influence, and political strength. The most prominent among them include the All Progressives Congress (APC), the Peoples Democratic Party (PDP), and other smaller parties that contribute to the multiparty democracy.

All Progressives Congress (APC)

The APC is currently one of the leading political parties in Nigeria. Formed in 2013 through a merger of several opposition parties, APC positioned itself as a progressive force aiming to challenge the dominance of the PDP. It champions policies focused on anti-corruption, economic reform, and national unity. The party has held the presidency since 2015 and remains influential in both federal and state governments.

Peoples Democratic Party (PDP)

The PDP was the dominant party in Nigeria's Fourth Republic from 1999 to 2015. It played a crucial role in Nigeria's democratic transition and has a broad national presence. The PDP's platform emphasizes economic development, social welfare, and democratic consolidation. Despite losing the presidency in 2015, it continues to be a major opposition party with substantial legislative seats.

Other Notable Political Parties

Besides the APC and PDP, several other parties contribute to Nigeria's political diversity. These include:

- Labour Party (LP)
- All Progressives Grand Alliance (APGA)
- Social Democratic Party (SDP)
- Action Democratic Party (ADP)
- Young Progressives Party (YPP)

These parties often have regional strengths or specific ideological focuses, contributing to the pluralistic nature of Nigerian politics.

Electoral System and Political Parties in Nigeria

The electoral system in Nigeria significantly influences the operation and success of political parties in the country. Nigeria employs a multi-party system with elections conducted at federal, state, and local government levels. The Independent National Electoral Commission (INEC) oversees the electoral process, ensuring parties meet legal requirements to participate in elections.

Structure of Elections

Elections in Nigeria include the presidential, National Assembly, gubernatorial, state House of Assembly, and local government elections. Political parties nominate candidates for these positions, and the electoral system is primarily based on a plurality voting method, also known as the first-past-the-post system.

Party Registration and Regulation

Political parties in Nigeria must adhere to strict regulations to gain and maintain registration with INEC. These regulations include having a national spread across the country, internal democratic structures, and compliance with financial and operational guidelines. These measures aim to strengthen party organization and promote fair competition.

Challenges Facing Political Parties in Nigeria

Political parties in Nigeria face numerous challenges that affect their effectiveness and the overall democratic process. These challenges range from internal party conflicts to external factors such as electoral violence and corruption. Understanding these challenges is key to addressing the weaknesses in Nigeria's political system.

Internal Party Conflicts

Many parties in Nigeria experience factionalism and leadership struggles, which often result in party splits or weakened electoral performance. These conflicts are frequently fueled by personal ambitions, ethnic loyalties, and disagreements over candidate selection processes.

Electoral Violence and Fraud

Electoral malpractices, including vote-buying, intimidation, and rigging, have been persistent problems in Nigerian elections. Political parties sometimes engage in or are victims of these activities, undermining public confidence in the democratic process and threatening political stability.

Funding and Resource Challenges

Financing political activities is a significant challenge for parties, especially smaller ones. The high

cost of campaigns often leads to dependence on wealthy sponsors, which can compromise party independence and promote corruption.

Future Prospects of Political Parties in Nigeria

The future of political parties in Nigeria holds potential for growth and reform, driven by increasing public demand for transparency, accountability, and effective governance. Emerging trends and reforms could reshape the political landscape and strengthen democratic consolidation.

Reform Initiatives

Efforts to reform political party operations include proposals to enhance internal democracy, improve funding mechanisms, and enforce stricter electoral laws. These initiatives aim to create a more level playing field and reduce the influence of money and violence in politics.

Increasing Youth and Women Participation

There is a growing push to involve more youth and women in political parties and leadership roles. This shift is expected to bring fresh perspectives and address issues that have historically been neglected in Nigerian politics.

Technological Advancements

The use of technology in political campaigns, voter education, and election monitoring is expanding. Digital platforms offer new opportunities for political parties to engage with citizens, enhance transparency, and mobilize support efficiently.

Frequently Asked Questions

What are the major political parties in Nigeria?

The major political parties in Nigeria include the All Progressives Congress (APC) and the Peoples Democratic Party (PDP). These parties have dominated Nigerian politics since the return to democracy in 1999.

How do political parties in Nigeria influence elections?

Political parties in Nigeria play a critical role in elections by selecting candidates, mobilizing voters, and campaigning across the country. Their influence often determines the outcome of both local and national elections.

What challenges do political parties in Nigeria face?

Political parties in Nigeria face challenges such as internal factionalism, corruption, inadequate funding, and sometimes violence. These issues affect party cohesion and the democratic process.

How has the All Progressives Congress (APC) impacted Nigerian politics?

The APC, formed in 2013 as a merger of opposition parties, has significantly impacted Nigerian politics by ending the PDP's 16-year dominance when it won the 2015 presidential election. It has since been a major force in governance and policy-making.

What role do youth and women play in Nigerian political parties?

Youth and women are increasingly participating in Nigerian political parties, though they are often underrepresented in leadership positions. Many parties have youth and women wings to encourage their involvement and address their concerns.

Are there any emerging political parties in Nigeria gaining popularity?

Yes, emerging parties such as the Labour Party and the Social Democratic Party (SDP) have gained some popularity recently, especially among younger voters seeking alternatives to the traditional APC and PDP dominance.

Additional Resources

1. Political Parties and Democracy in Nigeria

This book offers an in-depth analysis of the evolution of political parties in Nigeria since independence. It examines how parties have shaped the country's democratic processes and the challenges they face in maintaining internal democracy. The author also explores the impact of ethnic and regional divisions on party politics.

2. The Rise and Fall of Nigeria's Political Parties

Focusing on the historical trajectory of Nigeria's major political parties, this book discusses their formation, ideological shifts, and eventual decline or transformation. It highlights key moments in Nigerian political history and the role parties played during military and civilian regimes. Readers gain insight into the cyclical nature of party politics in Nigeria.

3. Ethnicity and Party Politics in Nigeria

This volume delves into the complex relationship between ethnicity and political party affiliation in Nigeria. It analyzes how ethnic identity influences party loyalty and electoral outcomes. The book also considers efforts to create more inclusive political parties that transcend ethnic boundaries.

4. Party Politics and Electoral Violence in Nigeria

Examining the dark side of party competition, this book investigates the causes and consequences of

electoral violence linked to political parties. It discusses case studies from various elections and suggests strategies for mitigating conflict. The author emphasizes the need for stronger legal frameworks and peaceful political engagement.

5. Political Parties and Governance in Nigeria: Challenges and Prospects

This book assesses the role of political parties in governance and policy-making in Nigeria. It discusses issues such as party financing, candidate selection, and accountability. The author also explores reforms aimed at strengthening party systems to improve democratic governance.

6. The Dynamics of Party Politics in Nigeria's Fourth Republic

Focusing on the period since 1999, this book analyzes the political parties that have dominated Nigeria's Fourth Republic. It covers party alliances, defections, and the influence of incumbency. The work provides a comprehensive overview of contemporary party politics and its implications for Nigeria's democracy.

7. Women and Political Parties in Nigeria

Highlighting gender issues within Nigerian political parties, this book explores the challenges and opportunities for women's political participation. It examines party policies on gender inclusion and the barriers women face in party leadership and candidacy. The author advocates for increased representation and empowerment of women in politics.

8. Funding Political Parties in Nigeria: Sources and Implications

This book investigates the financial aspects of Nigerian political parties, including funding sources and their impact on party behavior and elections. It addresses concerns about corruption, transparency, and the influence of money on political competition. The author calls for reforms to promote fair and equitable party financing.

9. Political Parties and Youth Engagement in Nigeria

Focusing on the role of youth in party politics, this book explores how Nigerian political parties engage with young people. It assesses youth participation in party activities and electoral processes, as well as the challenges that hinder their involvement. The book proposes strategies to enhance youth inclusion and political empowerment.

political parties in nigeria: Introduction to Nigeria Gilad James, PhD, 2018-08-09 Nigeria is a country located in West Africa and is known for its rich cultural heritage and diversity. With a population of over 200 million people, it is the most populous country in Africa and the seventh most populous country in the world. The country is divided into 36 states and one Federal Capital Territory, with Abuja being the capital city. Nigeria has a highly diversified economy with a mix of agriculture, industry, and natural resources. It is the largest producer and exporter of crude oil in Africa and has the ninth-largest natural gas reserves in the world. The country also has a vibrant

music and film industry known as Nollywood that is popular across the continent. However, Nigeria has faced a number of challenges including poverty, corruption, terrorism, and ethnic/religious tensions. Since gaining independence from Britain in 1960, Nigeria has experienced several military coups and a civil war. Nigeria's political system is currently based on a federal republic with a presidential system of government. The country is also a member of the African Union, Commonwealth of Nations, and the United Nations. With its diverse population and rich resources, Nigeria remains an important player in African politics and a key country in global affairs.

political parties in nigeria: The Legislature in Nigeria's Presidential Democracy of the Fourth Republic Omololu Fagbadebo, Mojeed Olujinmi A. Alabi, 2023-03-20 This book investigates whether legislative institutions, state and national, in Nigeria's Fourth Republic have been able to harness constitutional powers to impact public policy. Presenting how the Nigerian state has not been able to showcase the expected dividends of presidential democracy since 1999, it analyzes the crisis of governance and its impact on political stability, social cohesion, and the livelihood of citizens. The book further discusses the depreciating infrastructure, corruption, and mismanagement of public resources, and shows how defiant attitudes of public political and bureaucratic officials define the new wave of corruption and profligacy in Nigeria, presenting this development as a result of a weakened legislature. The book displays the necessity of implementing a culture of accountability and discusses oversight mechanisms to make the executive accountable. These mechanisms are designed to ensure effective public service delivery. Finally, the book situates the legislative institutions in Nigeria within the context of the contributions of the National Assembly and the Assemblies of the State Houses to the development of this emerging democracy in Africa. The book will appeal to students and scholars of political science and public administration, as well as policy-makers and practitioners interested in a better understanding of democracy, separation of powers, governance, and Nigerian politics.

political parties in nigeria: Nigerian Political Parties Richard L. Sklar, 2004 This important work, originally published in 1963, examines the social bases, strategies and structures of Nigerian political parties during the final phase of British colonial rule. As Professor Sklar explains in a new introduction for this edition, the defining characteristics of political parties today have been shaped by the intellectual origins of the independence era parties. This seminal volume is an essential tool for understanding the political and social reality of contemporary Nigeria.

political parties in nigeria: Modern Nigeria Alex Egodotaye Asakitikpi, Aretha Oluwakemi Asakitikpi, 2024-01-25 Discover Nigeria, Africa's most populous country, in this thematic encyclopedia that covers everything from geography and economics to etiquette and pop culture. Part of Bloomsbury's Understanding Modern Nations series, this volume takes readers on a tour of contemporary Nigeria, helping them better understand the country and the many cultures, religions, and ethnicities that call it home. Chapters are organized thematically, examining a variety of topics, including geography, history, government, economics, religion, ethnic and social groups, gender, education, language, etiquette, food, literature and the arts, and pop culture. Each chapter begins with an overview essay, followed by a selection of encyclopedic entries that provide a more nuanced look at that facet of modern Nigeria. The main text is supplemented with sidebars that highlight additional high-interest topics. A collection of appendices rounds out the volume, offering short vignettes of daily life in the country, a glossary of key terms, statistical data, and a list of state holidays. Once a pawn of British colonialism, today Nigeria is a sovereign nation and key player on the world stage. Its vast oil resources have made it an international powerhouse and the wealthiest country on the African continent, yet political unrest and corruption, and ethnic and religious violence continue to threaten this prosperity. Nigeria is equally rich culturally, a nation where time-honored traditions mix with contemporary influences. Explore the diversity of modern Nigeria in this concise and accessible volume.

political parties in nigeria: Nigeria's 2019 Democratic Experience Egodi Uchendu, Olawari D. J. Egbe, 2022-06-06 Nigeria's democratisation efforts since attaining political independence from Britain have been tumultuous and have spanned over three successive republics. A persistent bug

decimating Nigeria's democracy and repeatedly leading to military coups has been brazen electoral violence perpetrated by the nation's political elite. Nigeria's 2019 Democratic Experience analyses and explains what went wrong in Nigeria's experiment with democracy. Nigeria, Africa's most populous nation and the world's seventh most populous nation, also contributes 70% of West Africa's population. She is sub-Saharan Africa's largest oil producer and has remained Africa's largest economy by GDP since 2014. The country has hundreds of diverse ethnic nationalities and languages grouped into 36 states (or federating units) and an independent federal capital territory. Though recognized as Africa's largest democracy, her democratisation process since the 1960s has remained tumultuous with massive electoral violence and political intolerance. This repeatedly compelled the military to intervene in the nation's political history in the years 1966, 1983 and 1985. It is these developments that provided the motivation for this volume to capture for posterity the conduct of the 2019 General Elections in Nigeria.

political parties in nigeria: *Voice and Power in Africa's Democracy* Said Adejumobi, 2017-08-16 Africa has made notable progress in its nascent democracy but with uneven performance across countries. However, across the board, challenges abound. Central to Africa's checkered democratic narrative is the weakness of its democratic institutions, participatory mechanisms and accountability platforms. This book interrogates these elements with the role and capacity of the parliament, political parties, media, freedom of information law, trade union movements, gender empowerment mechanisms and accountability methods and processes all under examination. The weakness of democratic institutions has had a corrosive effect on political accountability and limits the scope for popular participation in governance. In many countries, innovative practices, and new social and political encounters are emerging that challenge old institutional cultures, promote reforms and demand accountability from the governing elite. The book captures these varied, innovative patterns of democratic change. With first hand knowledge and expertise of the continent, the contributors analyze the issues, trends, problems and challenges in these critical areas of Africa's democratic growth. The conclusion is that strengthening democratic institutions, opening up the political space for enhanced political participation and ensuring political accountability will determine the course, prospects and quality of Africa's budding democracy.

political parties in nigeria: *Nigeria's Democratic Experience in the Fourth Republic Since 1999* A. Sat Obiyan, Kunle Amuwo, 2013 This book addresses various issues that have arisen in the practice of democracy in Nigeria since 1999, focusing on the Obasanjo years (1999-2007). Nigeria's return to democratic rule has been marked by developments such as the implementation of reforms to address perceived economic problems and corruption. The introduction of democracy in the country has also witnessed many challenges, including the difficult relationship between some political chief executives and their deputies; intriguing intergovernmental relations; the rise and resurgence of sub-national groups that pose serious threat to the hegemony of the state; precarious inter-ethnic/inter-sectional relations; attempts to perpetuate the tenure of chief executives through constitutional amendments; and developments in electoral politics and conflicts. The book provides incisive analysis into these issues.

political parties in nigeria: *The Politics and Policies of Sub-Saharan Africa* Robert A. Dibia, 2001 This book attempts to correct the impression created by Western media that Sub-Saharan Africa is in a state of anarchy. The text analyzes and shows that while many Sub-Saharan African nations are experiencing the worst time of their history, others are enjoying their best times. Thus, the text argues that although some parts of Africa are experiencing crisis, the continent is also a fine region of major new experiments in governance, peace building and free market transformation programs. Finally, the text focuses some of its analyses on the colonial legacy, economic and ethnic transformation, indigenous institutions and other forces that seem to influence the governance of Sub-Saharan African nations.

political parties in nigeria: *Laying the Foundation for Nigeria's Democracy* Professor Humphrey N. Nwosu, 2017-08-01 Laying the Foundation for Nigeria's Democracy: My Account of June 12, 1993 Presidential Election and Its Annulment is a factual, gripping, and compelling insight

into the most authentic analysis and explanation of the nation's political environment under which the June 12 election was held and how the result was tragically annulled, even as it was accurately adjudged as the freest and fairest in the history of the country. The theoretical thrust deals with the crux of the problems that face the task of nation-building in Nigeria which is legitimacy. Prudently, the author examines how the Nigerian leadership tends to attract legitimacy and its acceptance from the generality of Nigerians. He documents the centrifugal and centripetal forces that combined in the various ways to shape as well as influence President Babangida's transition program. The program is analyzed and compared with the previous transition program, and the process, its special features like its phased nature and its inbuilt learning process are identified. Professor Humphrey Nwosu concludes the book by stating unequivocally that Nigerians found a great deal of opportunity for real and genuine democracy during June 12 presidential election and they grabbed it. The outcome of the election and its annulment had whetted the appetite of both the majority and the minority ethnic groups of Nigeria. There is therefore a burning desire for equality, fairness and freedom for all Nigerians. Suggesting how Nigerians can solve their present political problems, he reiterates that the June 12 presidential election lays a strong foundation for democracy in Nigeria, and also maintains that June 12, 1993 election was indeed the Real Democracy Day in Nigeria while May 29, 1999 was its offshoot. This broad-ranging book of stimulating account is commended to students of political science, political leaders, democrats, all public office-holders as well as independent readers having the interest of Nigeria's development at heart.

political parties in nigeria: Nigeria's 2015 General Elections Ladi Hamalai, Samuel Egwu, J. Shola Omotola, 2017-07-04 This book examines the significance of the 2015 elections in consolidating Nigeria's democracy, in the context of the difficulty of routinizing democracy since the attainment of nationhood in 1960 and the return to civil rule in May 1999, in particular. It offers a complete analysis of Nigeria's electoral process, outlining how the dynamics of limited changes in the constitutional, institutional, attitudinal and behavioural frameworks that underpin electoral competition played out in the elections. The authors further examine the conduct and outcome of the 2015 elections against the background of the pattern of electoralism that had been established since the return to democracy in 1999. In doing so, they draw attention to the dialectics of continuity and change that have been thrown up by the elections and how the lessons learned can be used to build a more enduring democratic system. The book will be of interest to students and academics of political science, development studies, democratisation and election studies, and African government and politics.

political parties in nigeria: Presidential Elections in Nigeria's Fourth Republic Babayo Sule, Usman Sambo, 2024-03-07 This book provides a uniquely detailed analysis of presidential elections in Nigeria's Fourth Republic. The authors explore the changing dynamics of voting patterns, religious politics, politicians' behaviour and the broader political system to offer new insights into presidential systems in Africa and beyond. In doing so, they address an often-neglected area of political science and cast light on the political challenges facing one of the world's largest democracies. The book's comprehensive coverage of Nigerian presidential elections – and the lessons they hold for developing countries across the globe – is a valuable resource for researchers, students, international institutions and non-governmental organisations.

political parties in nigeria: Nigeria's Critical Election John A. Ayoadé, Adeoye A. Akinsanya, 2013 Elections have been central to regime collapse in Nigeria because they neither passed the test of citizens' acceptability nor electoral neutrality. They always pushed the country to a dangerous brink which she has often survived after serious constitutional and political bruises. The general election of 1964 rocked the delicate balance of the country resulting in the military coup of January 15, 1966 and a thirty month civil war. The subsequent effort of the military at restructuring the country did not go far enough to win the civic confidence of the people. The military availed itself of another opportunity of tinkering with the system in 1993. However, it demonstrated that it was not immune to civic dishonesty when it annulled the widely acclaimed free and fair presidential election in June 12, 1993. By fits and starts, Nigeria held another election in 1999 which was tolerated only

because of citizens' fatigue of military rule. The elections of 2003 and 2007 were classic examples of make-belief democracy. The feeding of inequity and, if you will, domination, persisted. A combination of fortune, trickery and arm twisting produced a power shift in favour of Dr. Goodluck Ebele Azikwe Jonathan in April 2011. The subsequent attempt by the north to create a strategic consensus did not save it from being pushed into fringe politics forcing some of its spokespersons to vow that they will make governance impossible. The election was better than the worst but much still remains to be done.

political parties in nigeria: *Understanding Political Parties in Nigeria* A. A. Ujo, 2000

political parties in nigeria: Historical Dictionary of Nigeria Toyin Falola, Ann Genova, Matthew M. Heaton, 2018-06-21 The Historical Dictionary of Nigeria: Second Edition introduces Nigeria's rich and complex history. Readers will find a wealth of information on pre-20th century history, Nigeria under British colonial rule, and important post-independence issues while providing greater attention to Nigeria's role in international relations, diaspora, and contributions to arts, film and culture in particular. This revised edition covers major developments since the last edition such as the rise of the terrorist group Boko Haram and the election of Muhammadu Buhari to the presidency in 2015 among others. This second edition of Historical Dictionary of Nigeria: Second Edition contains a chronology, an introduction, and an extensive bibliography. The dictionary section has over 1,000 cross-referenced entries on important personalities, politics, economy, foreign relations, religion, and culture. This book is an excellent resource for students, researchers, and anyone wanting to know more about Nigeria..

political parties in nigeria: A History of Nigeria Toyin Falola, Matthew M. Heaton, 2008-04-24 Nigeria is Africa's most populous country and the world's eighth largest oil producer, but its success has been undermined in recent decades by ethnic and religious conflict, political instability, rampant official corruption and an ailing economy. Toyin Falola, a leading historian intimately acquainted with the region, and Matthew Heaton, who has worked extensively on African science and culture, combine their expertise to explain the context to Nigeria's recent troubles through an exploration of its pre-colonial and colonial past, and its journey from independence to statehood. By examining key themes such as colonialism, religion, slavery, nationalism and the economy, the authors show how Nigeria's history has been swayed by the vicissitudes of the world around it, and how Nigerians have adapted to meet these challenges. This book offers a unique portrayal of a resilient people living in a country with immense, but unrealized, potential.

political parties in nigeria: TOPICAL ISSUES IN NIGERIA'S POLITICAL DEVELOPMENT J. ISAWA ELAIGWU, 2012-06-20 Nigerians love to debate. Even under colonial rule, the authorities realised that Nigerians could not be repressed and that they always expressed their views on topical issues of development. The topical issues that have driven Nigeria's political economy include Constitution and Constitutionalism, Democracy, the National Question, Civil-Military Relations, Federalism, State and Nation-Building, Local Governance, Leadership, the Role of Traditional Rulers, the Economy and Religion. This volume is a selection of some of Professor Elaigwu's contributions to these debates. In it, Elaigwu, a leading Nigerian political scientist, argues that the challenges facing the country are not unsurmountable and that Nigerians must take the destiny of their country in their hands and look inwards to deal with the country's weaknesses while strengthening her capacity and resolve to become an industrialised and powerful country within a limited space of time.

political parties in nigeria: How Citizens View Political Parties in Nigeria Antonia T. Okoosi-Simbine, 2006

political parties in nigeria: Foreign Policy Decision-making in Nigeria Ufot Inamete, 2001-05 This reality was a direct result of the nature of sociopolitical cleavages and forces, and the functioning of the federal system of government during that period. The succeeding Ironsi Governemnt was too brief and preoccupied with domestic crises to make significant impacts in the foreign policy arena.--BOOK JACKET.

political parties in nigeria: Elections and Governance in Nigeria's Fourth Republic Agbu,

Osita, 2017-05-03 Elections and Governance in Nigeria's Fourth Republic is a book about Nigerian politics, governance and democracy. It at once encompasses Nigeria's post-colonial character, its political economy, party formation since independence, the role of Electoral Commissions, as well as, indepth analyses of the 1999, 2003 and 2007 general elections that involved extensive fieldwork. It also presents aspects of the 2011 and 2015 general elections, while discussing the state of democratic consolidation, and lessons learned for achieving good governance in the country. It is indeed, a must read for students of politics, academics, politicians, statesmen and policy makers, and in fact, stakeholders in the Nigerian democracy project. The book stands out as a well-researched and rich documentary material about elections in Nigeria, and the efforts so far made in growing democracy.

political parties in nigeria: Ethnic Politics in Kenya and Nigeria Godfrey Mwakikagile, 2001 This book is more than just a study of ethnic politics in Kenya and Nigeria. The two countries are a microcosm of the entire continent: the problems it faces, its successes and failures, and the hope and despair of hundreds of millions of its people whose aspirations have been frustrated by decades of corrupt leadership that has skilfully exploited one of Africa's biggest weaknesses -- tribalism. But the people themselves are also responsible for that. They have allowed tribalism to flourish and destroy the countries. And they have allowed unscrupulous politicians to use and abuse them -- without storming the Bastille. What they are not responsible for is dictatorship African leaders instituted to perpetuate themselves in office by exploiting tribalism. These despots have been so good at it, and have done it for so long since independence, that many African countries are now on the brink of collapse, with the people at war against themselves.
