**prayer for my son mental health:** *A Sociology of Prayer* Giuseppe Giordan, Linda Woodhead, 2017-05-15 Prayer is a central aspect of religion. Even amongst those who have abandoned organized religion levels of prayer remain high. Yet the most basic questions remain unaddressed: What exactly is prayer? How does it vary? Why do people pray and in what situations and settings? Does prayer imply a god, and if so, what sort? *A Sociology of Prayer* addresses these fundamental questions and opens up important new debates. Drawing from religion, sociology of religion, anthropology, and historical perspectives, the contributors focus on prayer as a social as well as a personal matter and situate prayer in the conditions of complex late modern societies worldwide. **prayer for my son mental health: Anything Is Possible** Joby Martin, 2023-03-21 From mega-church pastor Joby Martin, an accessible yet theologically-rich look at nine miracles of Jesus and what they teach us about the miraculous power available to every believer. Miracles are impossible. They defy explanation. They can't be real. And yet, miracles surround us every day. Where we face something that we can't fix and run out of options. Where the limited and finite ability of man ends and unlimited and infinite will of God begins. Where what is impossible with man is possible with God. In *Anything is Possible*, Joby Martin, bestselling author and Lead Pastor of The Church of Eleven 22, examines nine miracles of Jesus—the miracle at the wedding of Cana, the story of the cripple at the pool of Bethesda, the feeding of the 5,000, the raising of Lazarus—and shows how each teaches us something unique about how God wants to relate to us. Written with New York Times bestselling author Charles Martin, *Anything is Possible* is an insightful and spiritually rich look the miracles of Christ, and how the greatest miracles of all changed everything. Ultimately, he encourages readers that God still does miracles today, that believers have access to the incredible power that raised Jesus from the dead, and, ultimately, reminds us not to seek miracles themselves, but the one who performs them.

**prayer for my son mental health: It is Well** Julie A. Christiansen, 2019-05-03 As mothers, it is our destiny to face tragedy or crisis of some kind. There is no rule book that says mothers must outlive their children, or that a young mother will not lose a spouse in the early years of a marriage. There is no law that declares that motherhood is a bed of roses – in fact, where there are roses, there must be thorns. Along with the sweet comes the salty, the sour or the bitter. While we would love to avoid crises and tragedies, that is not our lot. The rain falls on the just and the unjust. Author, Julie Christiansen will introduce you to several women whose stories, although brief, are more than a simple footnote in the pages of Bible history. In addition to the stories from matriarchs of old, you will hear three tales from mothers of modern times including Julie herself, sharing their stories of tragedy, crisis, grief, and recovery. In her conversational style of storytelling as coaching, Julie shares with readers how even in times of crisis, mothers of faith can move from being bitter to being blessed.

**prayer for my son mental health:** *Living Your Life, While Trusting God with Theirs* Mary Lynn Ludwig, 2014-08-12 Do you have a teenager or adult child whose difficulties seem to be preventing you from living your life? We are not responsible when they choose the wrong path. We are not responsible to carry them if they take drugs or commit crimes. Even when they have a disease such as mental illness, we cannot carry this load for them. Do you feel guilty as if you can't do enough to help? Do you question what you didn't do right or what you did wrong? Are you compelled to somehow make this right? You can be freed from this false belief and start living your life. God does not hold you responsible. Galatians 6:5 says, for each one should carry his own load. Taking on others' responsibilities is not being a good person; it is enabling the person and preventing them from growing as a person. It is important to know what you are responsible for and what you are not. My son Bradley had paranoid schizophrenia. It was serious and I had to learn new ways to cope and help him. Much of what I needed to learn was to give it to God and then find people to help me. After ten years of Brad in several apartments, group homes and the mental health complex, he passed – my son died due to his medication that ruined his heart. I stand only by the grace of God. In this book, I impart to you what has helped me.

It incorporates Western psychological paradigms, such as the theories of Jung, Freud, Maslow, and Seligman with Islamic ways of knowing, while highlighting the struggles and successes of minoritized Muslim groups, including the LGBTQ community, Muslims with autism, Afghan Shiite refugees, and the Uyghur community in China. It fills a unique position at the crossroad of multiple social science disciplines, including the psychology of religion, cultural psychology, and positive psychology. By focusing on the ways in which spirituality, struggle, and social justice can lead to purpose, hope, and a meaningful life, the book contributes to scholarship within the second wave of positive psychology (PP 2.0) that aims to illustrate a balance between positive and negative aspects of human experience. While geared towards students, researchers, and academic scholars of psychology, culture, and religious studies, particularly Muslim studies, this book is also useful for general audiences who are interested in learning about the diversity of Islam and Muslims through a

**prayer for my son mental health:** *Excerpts From a Holy Life* Melody Henderson, 2021-05-28  
Excerpts From a Holy Life By: Melody Henderson Little did she know what she was missing. She thought she was living a good and almost perfect life. She'd been deceived into thinking the one thing she lacked was a nice husband. She self-appointed herself sovereign over her little kingdoms of her inner and outer lives. She focused on becoming more of what she could be in the world. She hoped to contribute in some way to making Earth a better place. As a young adult, she wrote her own moral code and labeled herself agnostic, living with that designation for decades. She was her own God-substitute, full of self-reliance, self-confidence, and instilled with a fiercely competitive spirit. She trusted her own wisdom and natural gifts. She sought a glory that was not hers to have. (Do you, beloved?) God had another plan. This is the story of His recognized activity in her life, of His mercies, and, ultimately, a radical conversion from that which is NOT into that which IS.

**prayer for my son mental health: My Journey Through Scripture** Sandra Marquez, 2023-04-21  
For anyone who has ever felt like giving up! Walking away seemed like the easiest thing to do at the time, didn't it? This life is just too difficult--how will I ever survive this storm? Surely, this is the one that will cause me to sink! In My Journey through Scripture, Sandra shares deep, heartfelt stories of her journey through sorrow and pain as well as many wonderful testimonies of everyday life and struggles. In the midst of it all, she learned to laugh again, the importance of enjoying the simple things in life and spending time with those close to her. It was in her desperate moments when the enemy tried to destroy her over and over again that she found a way to let out all her emotions. It was through journaling her experiences that she felt a sense of peace and strength to move ahead. It was on the pages and pages of her writings that she wrote out the scriptures that helped her through her most difficult times. Each and every one of us is on a journey, and though each person's journey is different, one thing is for sure: we will all face obstacles along the way. If you've ever found yourself in this situation, be reminded that you are not alone. God is always near, even in the moments when you feel lonely and afraid. Through her stories and testimonies, you will come to realize how vital it is to cling to the Word of God. It is in the most desperate and trying situations you encounter that you will experience God's love, peace, and faithfulness. You do not walk alone. God will always give you his light to guide you on the path ahead.
