teacher and student relationships movies: Exploring Teachers in Fiction and Film Melanie Shoffner, 2016-03-31 This book about teachers as characters in popular media examines what can be learned from fictional teachers for the purposes of educating real teachers. Its aim is twofold: to examine the constructed figure of the teacher in film, television and text and to apply that examination in the context of teacher education. By exploring the teacher construct, readers are able to consider how popular fiction and film have influenced society's understandings and views of classroom teachers. Organized around four main themes—Identifying with the Teacher Image; Constructing the Teacher with Content; Imaging the Teacher as Savior; The Teacher Construct as Commentary—the chapters examine the complicated mixture of fact, stereotype and misrepresentation that create the image of the teacher in the public eye today. This examination, in turn, allows teacher educators to use popular culture as curriculum. Using the fictional teacher as a text, preservice—and practicing—teachers can examine positive and negative (and often misleading) representations of teachers in order to develop as teachers themselves.

teacher and student relationships movies: Women in Chinese Martial Arts Films of the New Millennium Ya-chen Chen, 2012-01-01 *Women and Gender in Chinese Martial Arts Films of the New Millennium*, by Ya-chen Chen, is an excavation of underexposed gender issues focusing mainly on contradictory and troubled feminism in the film narratives. In the cinematic world of martial arts films, one can easily find representations of women of Ancient China released from the constraints of patriarchal social order to revel in a dreamlike space of their own. They can develop themselves, protect themselves, and even defeat or conquer men. This world not only frees women

from the convention of foot-binding, but it also unbinds them in terms of education, critical thinking, talent, ambition, opportunities to socialize with different men, and the freedom or right to both choose their spouse and decide their own fate. Chen calls this phenomenon Chinese cinematic martial arts feminism. The liberation is never sustaining or complete, however; Chen reveals the presence of a glass ceiling marking the maximal exercise of feminism and women's rights which the patriarchal order is willing to accept. As such, these films are not to be seen as celebrations of feminist liberation, but as enunciations of the patriarchal authority that suffuses Chinese cinematic martial arts feminism. The film narratives under examination include *Crouching Tiger, Hidden Dragon* (directed by Ang Lee); *Hero* (Zhang Yimou); *House of the Flying Daggers* (Zhang Yimou); *Seven Swords* (Tsui Hark); *The Promise* (Chen Kaige); *The Banquet* (Feng Xiaogang); and *Curse of the Golden Flower* (Zhang Yimou). Chen also touches upon the plots of two of the earliest award-winning Chinese martial arts films, *A Touch of Zen* and *Legend of the Mountain*, both directed by King Hu.

teacher and student relationships movies: **BITCHfest** Lisa Jervis, Andi Zeisler, 2006-08-08 In the wake of Sassy and as an alternative to the more staid reporting of Ms., Bitch was launched in the mid-nineties as a Xerox-and-staple zine covering the landscape of popular culture from a feminist perspective. Both unabashed in its love for the guilty pleasures of consumer culture and deeply thoughtful about the way the pop landscape reflects and impacts women's lives, Bitch grew to be a popular, full-scale magazine with a readership that stretched worldwide. Today it stands as a touchstone of hip, young feminist thought, looking with both wit and irreverence at the way pop culture informs feminism—and vice versa—and encouraging readers to think critically about the messages lurking behind our favorite television shows, movies, music, books, blogs, and the like. BITCHFest offers an assortment of the most provocative essays, reporting, rants, and raves from the magazine's first ten years, along with new pieces written especially for the collection. Smart, nuanced, cranky, outrageous, and clear-eyed, the anthology covers everything from a 1996 celebration of pre-scandal Martha Stewart to a more recent critical look at the gayby boom; from a time line of black women on sitcoms to an analysis of fat suits as the new blackface; from an attempt to fashion a feminist vulgarity to a reclamation of female virginity. It's a recent history of feminist pop-culture critique and an arrow toward feminism's future.
