January 30 is Pennsylvanians with Disabilities Day. On March 26, Hawaii celebrates Prince Janah Kuhio Kalanianaʻole Day. November 9 is set aside for Women Veterans Day in Alaska, while in Puerto Rico they honor baseball scout Pedrin Zorilla, and as the sun sets, New Jersey holds a Kristallnacht Memorial Night. This book is a detailed reference work about holidays and special observances established by statute in the United States, including American Samoa, the District of Columbia, Guam, the Northern Mariana Islands, Puerto Rico, and the U.S. Virgin Islands. Because the United States is a member state of the United Nations, U.N.-designated holidays and longer periods of time, such as years and decades devoted to important world issues, are also included. Following the day-by-day section, holidays are listed chronologically within their jurisdictions (federally designated observances are first in the list; states and territories follow in alphabetical order). A subject index offers access to particular topics (nursing, education, peace...) and a name index indicates holidays celebrating the lives of individuals.

teacher appreciation week 2024 nyc: The Girls Stan Zimmerman, 2024-02-13 "...the very definition of a page-turner. READ THIS BOOK!" - Colin Mochrie, "Whose Line is It Anyway?," "Hyprov" Featured on Watch What Happens Live! With Andy Cohen, People Magazine, Queerty Magazine, Fox Digital News, The New York Post, The Daily Mail, The Hollywood Reporter, and Out Magazine. The Girls: From Golden to Gilmore is the story of Stan Zimmerman, a gawky Jewish boy who dreamed of becoming a wildly successful actor, rich enough to build his own mansion in the Hollywood Hills. While the actor part didn't quite pan out, Stan found success as a writer, producer, director, and playwright, working on such shows as The Golden Girls, Roseanne, and Gilmore Girls. Growing up in a small suburb of Detroit, Michigan, Stan was surrounded by three strong, intelligent women-his mother, his grandmother, and his sister-all of whom supported his imagination and creativity. Instead of playing outside, he spent time in his basement directing and acting in plays with the neighborhood kids. At seven-and-a-half years old, he was the youngest student accepted into a prestige summer theater school program. After high school, he was awarded a work/study scholarship to NY/Circle in the Square, where he met his first serious boyfriend and became Andy Warhol's unwitting photo subject one night at Studio 54. He also met Jim Berg, a journalism student

at NYU's University Without Walls, forming a writing partnership that has continued to this day. Their latest project is naturally an all-star, female ensemble Christmas comedy movie for Lifetime! Throughout his life, most of Stan's friendships have been with females. He credits those friendships and the women in his family with his ability to connect with creative women who have played a part in his career success. Accompanied by journal entries, *The Girls* details Stan's relationships with some of entertainment's most notable women, including Roseanne Barr, Lily Tomlin, Sandra Bernhard, Lauren Graham and Alexis Bledel, and, of course, all four *Golden Girls*. *The Girls: From Golden to Gilmore* is a candid, funny, and sometimes poignant testimony about how a young boy turned his dream into reality.

teacher appreciation week 2024 nyc: Resisting Theologies and the Everyday Wren Radford, 2025-06-26 This powerful volume provides dynamic ways of constructing theologies of resistance and liberation by engaging with the everyday practices of marginalised communities. In doing so, this collection of theological experts reject abstracted concepts of modes and taxonomies of race, gender, sexuality, and disability. Readers will find this a dynamic book with a variety of approaches that provide ways of constructing theologies of resistance and liberation. Experiences of marginalisation have provided a powerful reference point for developing theologies of justice and liberation; however, theological and political frameworks often reduce the complexity of lived experiences into categories and themes. Daily practices of resisting and surviving are frequently considered too fleshy, domestic, or banal to be of theological meaning. Therefore, Radford and their coterie of academics draw on understandings of 'the everyday' in feminist, womanist, Latinx, and decolonial theologies as well as in cultural theory. This allows critical reflection on how theological approaches can shape alternative relations to self, society, and the sacred. In recognising the lived and felt realities of struggling against oppressive colonial and racialised systems, contributors engage with academic and activist debates about the possibilities of remaking social relations and creating other ways of knowing and being. From Black theology to disabled activists on social media to queer clergy in South Africa, this volume holds together differences in contributors' approaches, modelling the view that there is not just one form of resistance, nor a single approach to constructing theology.

teacher appreciation week 2024 nyc: The Essence of Music Dr. Len Bergantino Ed.D. Ph.D. (USC), 2024-08-20 Do you think that some slug who looks very professional who "whispers" an occasional interpretation to you five times a week for 7 years can make one bit of difference in your life or does such a psychotoxic slug called a psychoanalyst merely stick you in an emotional toilet bowl for seven years having the cumulative result of turning you into a hopeless bastard who will never turn the tragic corner in his or her life? Can your analyst analyze an archaic liquid symbiotic or an osmotic transference, or can they even recognize this phenomena in order to analyze it? If the psychoanalyst cannot analyze these transferences they can't do an analysis! I used to get "good faith" patients who had the balls to work on the cutting edge at the same time I did because they had had combinations of twenty years of two seven year analyses plus several briefer psychotheraphies, only to be as crazy as the day they walked in! (-\$200,000.00) As Dr. Donald Rinsley, M.D., fellow-American College of Psychoanalysts wrote about me, my work has both a healing effect and affect. Patients used to pay me six months in advance to hold the time open because I was irreplaceable; I was the only one who could analyze the psychotic core of the personality and I was the only who could actually do what Dr. Wilfred R. Bion, MRCS (Medical Royal College of Surgeons) wrote about analyzing the psychotic core of the personality. As I am seventy-nine years old, I have written five books that must be read and digested in their entirety. As these books are the thing-in-itself they will transform the reader into the kinds of analyst, patient and psychotherapist who can make a difference in helping people turn the tragic corner in their lives! In other words, these five books are analysis! These books were written to be around for a few hundred years and were directly guided by the Almighty! By: Dr. LEN BERGANTINO, Ed. D.
