teacher appreciation chick fil a: Unarmed Empire Sean Palmer, 2017-08-31 Shunned. Condemned. Controlled. Describing church, believers and nonbelievers deploy stinging terms to define an imperial, culturally privileged, and powerful American force. Church has become synonymous with shame, exclusion, and hostility. This is not the church of Jesus. American Christians are victims of a deliberate and shortsighted scheme designed to identify and defeat religious, cultural, and sexual Others. From the language of makers and takers, to if you're not for us, you're against us, to the continual suggestion that we are soldiers in a constant series of wars--the war on women, the war on the family, the war on Christians, the war on Christmas, the war on terror, and much more--Christians are near the heart of enmity. The New Testament, however, seeks to create an alternative community--a community devoid of fear, wherein God's love and acceptance are mediated to all people through the grace of Jesus. In *Unarmed Empire*, Sean Palmer reclaims the New Testament's vision of the church as an alternative community of welcome, harmony, and peace. *Unarmed Empire* is for everyone who's been misled about church. It's for everyone who feels blacklisted by believers, everyone who has been hurt. It's for everyone longing for a purer experience of church.

teacher appreciation chick fil a: Make Your Brand Legendary Scott Wozniak, 2023-10-10 In *Make Your Brand Legendary*, Scott Wozniak provides the tools every company needs to create a legendary brand with raving fans. Apple. Harley-Davidson. Chick-fil-A. Disney. When you see or hear these names, something in us lights up. Sure, we know their product and service offerings, but a huge number of consumers have a much deeper, more profound, and even emotional connection to these businesses. These aren't just brands; they're legendary brands. And they don't just have satisfied customers; they create raving fans—true believers who will buy every product, who serve as brand evangelists, who even tattoo corporate logos on their bodies, and who will fight to defend the honor and reputation of these multibillion-dollar corporations. Why? What turns otherwise reserved people into raving fans of a computer company or chicken sandwich chain? It's not magic. It's not a lucky product. And it's not something reserved for consumer brands with luxury products. For twenty years Scott and his team have been working with leaders in a wide variety of industries, from manufacturing to professional service to enterprise software. No matter the industry, some companies have gone beyond delivering a good product to delivering a great customer experience. In *Make Your Brand Legendary*, Scott Wozniak leverages his decades of brand-building experience within some of America's most-loved companies to show you how to create world-class customer experience. After years of battle-tested work, Scott realized that there was a set of systems that all the great brands used to create raving fans. He captured these practices in an engine diagram, a simple tool to help leaders become legends. If you use this approach, you can build a Customer Experience Engine that will create those same kinds of raving fans that always seem to dominate dinner-party conversations and water-cooler chats. Only this time, they'll be talking about your business.

teacher appreciation chick fil a: Proud Heritage Chuck Stewart, 2014-12-16 This

groundbreaking three-volume reference traces the roots and development of lesbian, gay, bisexual, and transgender (LGBT) rights and issues in the United States from the pre-colonial period to the present day. With the social, religious, and political stigmas attached to alternative lifestyles throughout history, most homosexuals, bisexuals, and transgender people lived covertly for much of, if not all of, their lives. Likewise, the narrative of our country excludes the contributions, struggles, and historical achievements of this group. This revealing, chronologically arranged reference work uncovers the rich story of the LGBT community in the United States and discusses the politics, culture, and issues affecting it since the early 17th century. Author Chuck Stewart traces the evolution of LGBT issues as part of our nation's shared cultural past and modern-day experience. Volume 1 focuses on the origins of the movement with the founding of Jamestown in 1607 through the 1970s and the beginning of gay rights activism in the United States. Volume 2 spans the 1980s and the AIDs pandemic through the present-day issues of marriage equality. Volume 3 gives a concise review of this society in each of the 50 states, the District of Columbia, and Puerto Rico.

teacher appreciation chick fil a: *Love Bears All* Kal James, 2019-12-18 Our greatest battle is the war within us. A land of paradise, a world of wonder, buried deep in the enchanted forest, nestled at the foothills of the mountains, a dream came true. A vision his grandfather had for quite some time of such a beautiful and bountiful place, one to call home. This is a story of family and friends that shared the sweetness of love and touched the hard core of survival. As a cub, Little Guh experienced fun and adventure as well as growing pains. He was stricken with hardship at a young age that placed him in a dismal state of mind, with his biggest challenge yet to come. He now had a critical choice to make, one that would impact everyone around him. Life lessons taught him well to love and hope, whether he understood or not; to be kind; to press on and persevere against the odds; turn weakness to strength; and search to find the things that make a difference. He learned in its truest form that life stood still for no one. Little Guh found what mattered most was to face his fears. To overcome and conquer and answer the calling was the difference in life or death. He found that not all things were taught, but some things would come as a gift from deep inside. The truth in his heart would set him free and strengthen his love for family, friends, and home. It is best expressed in his grandfather's words: the roar of a bear is the roar of truth, A season of love will last forever. *Love Bears All*
