Mike Triggs had spent most of his life in politics, primarily working for the Republican Party. In fact, he was considered a political golden boy until his career is forever tarnished. While managing a governor's re-election campaign, a right-wing opposing candidate unceremoniously OUTs him and he quickly spirals from the top echelons of the GOP to selling underwear at a high-end department store in Sheboygan, WI. Seriously! Going from his comfortable closet to the retail world, Mike never expected the crazy drama he would encounter. From hoity-toity Sheboygan shoppers to crafty shoplifters, religious fanatics, screaming kids, racists, entitled "Karens," and drag queens to an evil store manager and her slimy sidekick, a co-worker who thinks she's an African queen and vicious coworkers scrapping over a whopping 1% commission—you just can't make this \$#!+ up! And Mike takes it all on with satiric flair while revealing his struggle with coming out, coping with the aftermath of the AIDs epidemic and finding true friends in unlikely places. teacher discount vineyard vines: *Meanings of the Names of People and Places in the Old Testament* Pat Crossin, 2019-10-21 All scripture is given by inspiration of God, and is profitable for doctrine, for reproof, for correction, for instruction in righteousness; that the man of God may be perfect, thoroughly furnished unto all good works (2 Timothy 3:16-17). This book contains not only a look at the meanings of people and places of the Old Testament but also a brief look at who the people were in that they really did live. In most cases showing they had family, and were a son or a daughter, a brother or sister, the father or mother of a person. The book also tells where the places were and even in the meanings of their names, there is great significance. For every person and place written in the Bible, there is a specific reason, whether for the meaning of the name of a person as in the name Adam (man, red earth) or in the name of a place, as in Bethel (house of God). It will be very enlightening and edifying to see and understand their significance as this book is used as a study help. The reader will also see, while using this reference book, that the contents of this book make looking at the meaning of the names easier. And one will see more clearly that the mystery of God and his plan for his people can be found in the names of the children of Israel, Christ in you the (only) hope of glory. This is just one of the many treasures that is found while looking at

the names of the priests and kings of Israel and Judah. Whether a scholar or a layman, there are many treasures to be found in studying the scriptures, and I believe this reference book will be a blessing to anyone as an aid in searching out the hidden gems of the Word of God. The Lord bless you!

teacher discount vineyard vines: Sensing Salvation in the Gospel of John Jeannine Marie Hanger, 2023-07-31 Recent scholarship focused on the role of embodiment within cognition and communication reminds us that part of how we “know” is through our physical senses. We only know the softness of a kitten by touching its fur, or the tastiness of bread by eating. How might this influence our understanding of biblical texts, such as Jesus’s claim, “I am the bread of life,” and the invitation to eat? This study explores the I am sayings of John’s Gospel, their sensory elements providing an imaginative entry into the narrative and contributing tangible value to the participatory theology of the Fourth Gospel.

teacher discount vineyard vines: Just Universities Gerald J. Beyer, 2021-02-23 Gerald J. Beyer’s *Just Universities* discusses ways that U.S. Catholic institutions of higher education have embodied or failed to embody Catholic social teaching in their campus policies and practices. Beyer argues that the corporatization of the university has infected U.S. higher education with hyper-individualistic models and practices that hinder the ability of Catholic institutions to create an environment imbued with bedrock values and principles of Catholic Social Teaching such as respect for human rights, solidarity, and justice. Beyer problematizes corporatized higher education and shows how it has adversely affected efforts at Catholic schools to promote worker justice on campus; equitable admissions; financial aid; retention policies; diversity and inclusion policies that treat people of color, women, and LGBTQ persons as full community members; just investment; and stewardship of resources and the environment.

Laura Ries simplifies, amplifies, and challenges us to get serious about what we stand for. —Seth Godin, Author, This is Marketing Build a brand worth fighting for using the power of positioning and focus Consumers are overwhelmed by choices and inundated with marketing messages. And despite an obsession with positioning amongst the world's most well-known companies, too many brands retain an outdated focus on "being better" and using "line-extensions" rather than on what really matters in the mind—being different than your strategic enemy. In *The Strategic Enemy: How to Build and Position a Brand Worth Fighting For*, bestselling author and brand strategist Laura Ries delivers an exciting and powerful new discussion of how some of the world's most energetic brands make an impact in the market.
