**teacher found dead in trunk: Kid Stuff** Tom Walmsley, 2003 They were falling through time together. Moth was being clubbed by Travis in perpetual night, in foreign landscapes. It was Day One. The sky was blue and Moth was dead. He fought Travis in the ring, in a palace, on a barge. He could see every fight imposed on the fight before, the past getting smaller the closer it got to the bottom of the tunnel. This fight was miles and centuries away from the first. They fought in a dream. Travis had a moustache and Moth was a boy. His hair hung down like Stanley Ketchel's. He killed Travis with one thunderous blow to the temple. Hundreds of men surrounded them in a clearing in the woods without a woman in evidence. He had always known Travis. It's the summer before the Summer of Love in the 1960s. Small-town Ontario. Beer, fights, boredom, sex. Kid stuff. Tom Walmsley's first novel in eleven years is an expansive, visceral narrative that dissects the lives of young teens loitering at the edge of adulthood. Moth and Beryl are teenaged siblings anaesthetized by their emotionally broken family; it is only in the spectacle of feral violence and the unearthliness of sex that they come alive. But they are not alone: in the circle of teens and adults that surrounds them, the brutality of the empty landscape becomes self-evident, leading them all down a path of betrayal, deception, and even murder. With an unwavering eye, Tom Walmsley captures perfectly the essence of small-town kids up to no good, if only because it is the only thing they can know. Ferocious and unabating, *Kid Stuff* is a bittersweet opera, about a time and place that is both then and now.

**teacher found dead in trunk: The Lost Spellweaver** Benjamin Towe, 2009-09-30 *The Lost Spellweaver* begins the Elfdreams series. Set in ancient Parallan, the tale chronicles events that

occurred long before the Draiths came to prominence in the World of the Three Suns. When the wandering gray sun Andreas draws near Parallan, Magick touches the dwellers of the primitive world. Only during the Approximations of Andreas are Spellweavers born to the forest dwellers, the Drelves. Generations of Drelves went about their lives, lived in harmony with the forest, and harvested the tubers of the enhancing plant, which grew only in the exotic Green Vale, the home of the Thirttene friends and one of only two green places in the mostly orange-yellow World of the Three Suns. The Drelves' enemies, gnarly goblin-like Kiennites and powerful wolf-faced Drolls, assailed the forest folk at every opportunity. After many Approximations resulted in no Spellweavers, twin Spellweavers are born and kindle the Drelves' hopes. Wisps of Magick connect other worlds to Parallan. Masters of the powerful ability Translocation, Dreamraiders use these threads of Magick to influence events in Parallan. What motivates the Dreamraiders? Can dreams come true? Should dreams come true? Deathquest to Parallan, the Orb of Chalar, The Death of Magick, The Chalice of Mystery, and The Dawn of Magick... The Donothor and Parallan series...a different kind of Sci-Fi/fantasy.

**teacher found dead in trunk: The Tibetan Book of Everyday Wisdom** Jinpa Thupten, 2018-04-24 Enjoy popular Tibetan collections of advice, fables, and aphorisms for following the way of the wise and avoiding the paths of fools. The Tibetan Book of Everyday Wisdom: A Thousand Years of Sage Advice presents a genre of Tibetan works known as “wise sayings” (lekshé). While most Tibetan literature focuses on the Buddhist path, “wise sayings” literature has traditionally been a centerpiece of secular education in Tibet and in the cultivation of social mores and an honorable way of life. Drawing inspiration from classical Indian literature on human virtue and governance (nītisastra), including the folktales in the Pāñcatantra, the authors of these Tibetan works strove to educate young minds in the ways of the civilized world, especially by distinguishing the conduct of the wise from that of the foolish. This anthology includes some of the best-loved classics of Tibetan literature, such as Sakya Pandita's Jewel Treasury of Wise Sayings, Panchen Sönam Drakpa's Ganden Wise Sayings, and Gungthang's Treatise on Trees and Treatise on Water. The final work is the intriguing Kaché Phalu's Advice. Ostensibly written by a wise Tibetan Muslim, this versified text enjoys great popularity within Tibetan-speaking communities, such that most people are able to recite at least a few verses from memory.

**teacher found dead in trunk: Dead But Not Lost** Robert Goss, Dennis Klass, 2005 The dead are still with us. Contemporary therapists and counselors are coming to understand what's been known for millennia in most religions and in most cultures outside the Western milieu: it's important to continue bonds between the living and the dead. Taking these connections seriously, Goss and Klass explore how bonds with the dead are created and maintained. In doing so, they unearth a

fascinating new way to look at the origins and processes of religion itself. Examining ties to dead family members, teachers, religious and political leaders across religious and secular traditions, the authors offer novel ways of understanding grief and its role in creating meaning. Whether for classes in comparative religion and death and dying, or for bereavement counselors and other trying to make sense of grief, this book helps us understand what it means to feel connected to those dead but not lost.
