Reflecting on the Academic Year

Poems provide a unique medium to reflect on the successes and challenges of the school year. They can summarize the learning experiences, growth, and memorable events shared between teachers and students. How to Write an Effective Teacher End of Year Poem

Writing a teacher end of year poem requires thoughtful consideration of the teacher's personality, teaching style, and the experiences shared throughout the year. An effective poem is sincere, clear, and resonates emotionally with the recipient. teacher end of year poem: *Grieving as a Teacher's Curriculum* Edward Podsiadlik III, 2019-12-16 Teachers are not automatons. This book examines spaces where the personal and professional intersect, thereby deepening our understanding of the nuances and complexities of a teacher's work. It draws readers into places of vulnerability—moments of grieving. As a teacher's curriculum—as a curriculum of life—grief has much to teach about sympathy, compassion, and resilience. Educational philosophy, literary analysis, and reflective practice are used to explore ways grief can help us better ascertain the scope and depth of the educators we are and have the potential to become. Pieces of literature used include works by Pat Conroy, Charles Dickens, Stephen King, Rabindranath Tagore, Virgil, Franz Wedekind, and Virginia Woolf. Also included are ideas from a diverse set of educational philosophers, social and cultural commentators, poets, and more. Chapters conclude with Topics for Reflection for further individual and/or collective reflection and discourse. Educators at all stages of their careers will benefit from this study that demonstrates the impact personal grieving can have on remembering, recovering, and reidentifying with one's mission and vision. As a resource for pre-service or veteran teachers, the text celebrates the power of introspection to transform our work, our lives, and the lives of our students. It is equally relevant for parents, coaches, mentors, and anyone who takes on the kinds of teacher roles that impact, nourish, and inspire the lives of others. See inside the book.

Thomas offers concrete classroom experiences drawn from teaching high school ELA, first-year composition, and a wide range of undergraduate and graduate courses. Ultimately, however, the essays are a reflection of Thomas's journey and a concession to both writing and teaching writing as journeys without ultimate destinations.
