teacher students unbraiding hair: *What Is Visible* Kimberly Elkins, 2025-05-01 A vividly original literary novel based on the astounding true-life story of Laura Bridgman, the first deaf and blind person who learned language and blazed a trail for Helen Keller. At age two, Laura Bridgman lost four of her five senses to scarlet fever. At age seven, she was taken to Perkins Institute in Boston to determine if a child so terribly afflicted could be taught. At age twelve, Charles Dickens declared her his prime interest for visiting America. And by age twenty, she was considered the nineteenth century's second most famous woman, having mastered language and charmed the world with her brilliance. Not since *The Diving Bell and the Butterfly* has a book proven so profoundly moving in illuminating the challenges of living in a completely unique inner world. With Laura—by turns mischievous, temperamental, and witty—as the book's primary narrator, the fascinating kaleidoscope of characters includes the founder of Perkins Institute, Samuel Gridley Howe, with whom she was in love; his wife, the glamorous Julia Ward Howe, a renowned writer, abolitionist, and suffragist; Laura's beloved teacher, who married a missionary and died insane from syphilis; an Irish orphan with whom Laura had a tumultuous affair; Annie Sullivan; and even the young Helen Keller. Deeply enthralling and rich with lyricism, *What is Visible* chronicles the breathtaking experiment that Laura Bridgman embodied and its links to the great social, philosophical, theological, and educational changes rocking Victorian America. Given Laura's worldwide fame in the nineteenth century, it is astonishing that she has been virtually erased from history. *What is Visible* will set the record straight.

teacher students unbraiding hair: *Paper Wishes* Lois Sepahban, 2024-05-01 This tale of a Japanese American girl's internment with her family is a superior story of survival and love set during this dark time in American history (School Library Journal, starred review). Ten-year-old Manami did not realize how peaceful her family's life on Bainbridge Island was until the day it all changed. It's 1942, after the attack on Pearl Harbor, and Manami and her family are Japanese American, which means that the government says they must leave their home by the sea and join other Japanese Americans at a prison camp in the desert. Manami is sad to go, but even worse is that they are going to have to give her and her grandfather's dog, Yujiin, to a neighbor to take care of. Manami decides to sneak Yujiin under her coat and gets as far as the mainland before she is caught and forced to abandon Yujiin. She and her grandfather are devastated, but Manami clings to the hope that somehow Yujiin will find his way to the camp and make her family whole again. It isn't until she finds a way to let go of her guilt that Manami can reclaim the piece of herself that she left behind and accept all that has happened to her family . . . Engrossing and heartrending. —

Publishers Weekly It's a novel that stays, bravely, in that place of pain, making clear that scars will be left behind not only for the children whose families were incarcerated, but also for the generations that follow. And yet, although the tone is sober and sad, it's also a novel in which a mute child finds her voice, at last. — The New York Times

teacher students unbraiding hair: Chekhov and Russian Religious Culture Julie W. De Sherbinin, 1997 Chekhov and Russian Religious Culture is an innovative study of the Virgin Mary and the saintly harlots--Mary of Egypt and Mary Magdalene--as a cultural paradigm encoded in Chekhov's prose. De Sherbinin establishes the authority of the Marian paradigm in nineteenth-century Russian culture with a comprehensive overview of salient religious and literary texts, then offers critical readings of more than fifteen Chekhov stories, including key works such as *Peasants*, *Peasant Women*, and *My Life*. De Sherbinin argues that Chekhov inverts and displaces the Christian meanings of Marian texts in order to reveal a vasy array of problematized relationships to the canonized figures. This illuminating semiotic reading of Chekhov explores questions of female identity as it probes the mindset of Russian Orthodox popular culture.
