who is my guardian angel test: Flat Out and Fearless Peter Lindenberg, 2022-10-24 With a racing career spanning more than four decades, coming second is never an option for Peter Lindenberg. Troubled by a lack of self-confidence, Peter's 'average' childhood saw a bitter parent who doubted his abilities, a demanding school system that forced him to fit the mould, a younger brother who was better at everything, and brutal, undeserved beatings with a sjambok. But when Peter tasted the buzz of barefoot water-skiing he found it impossible to resist, and went on to break records, earn numerous Springbok Colours, and win many world championships. This, however, was just the start. Little did Peter know the sporting magic that would follow in his life - first as a powerboat racer and then as a race car driver. Despite counting on pins and metal to hold his battered body intact, being arrested unjustly, a serious motor racing accident with his car going up in flames, and a brain haemorrhage, Peter keeps going flat out and quickly ranks on the international championship charts, cheats death twice, and presses the reset button to positively influence a failed marriage. Flat Out and Fearless is Peter's cut-to-the-chase life journey that has rendered him one bionic man who is proud of his blatant honesty and his courageous quest to uplift and transform the lives of the downtrodden.

who is my guardian angel test: Feel the Magic! William Soisson, 2016-09-27 There are two kinds of people who won't want to miss reading *Feel the Magic!*, a rollicking tale by Bill Soisson, a wise-cracking sixty-year-old man who sets out to conquer the Emerald Isle on a bicycle. As Bill takes to the road for a month-long assault, there is no doubt in his mind that he can indeed conquer the place. But many things can happen in a month, and after dozens of encounters with the irresistible Gaels who call themselves Irish, Soisson comes to realize that instead of conquering, he has been clearly bested. All along his vagabond way, the Irish have out-wisecracked, outsmarted, outlaughed,

and outloved him. He has been enslaved by the affections of a host of delightful characters who regularly take smart-aleck strangers and bring them to heel with large doses of blarney, twice-told tales, and patented put-downs. Moreover, he has been deeply moved by the history of that poetic people. Most remarkable, though, is that the author, put to a test by wit or kindness at every turn for a solid month, has loved every moment of it equally, the humbling as well as the exalting. And, by the time his story has been told, you sense that he will never again be quite the same brash man who landed in Dublin. He has been touched by many people, in ways ranging from riotously funny to deeply emotional. Each experience has been different, but each has been very human and very . . . well, Irish. In the end, when he leaves that enchanted land, he is overcome with the mysterious feeling that the butcher in Dublin was right on the mark when he said, Who do you think sent you here, and do you think it was just for a piece of meat? Filled with colorful historical background, peopled by warm characters and impish fairies, *Feel the Magic!* is a story that anyone who hasn't yet been to Ireland won't want to miss. But who are the others? Didn't I say there are two kinds of people who won't want to miss reading this book? Yes, I did. The others, of course, are those who have been to Ireland!

who is my guardian angel test: *Father of the Universe* Philip Reynolds ThB, 2015-08-12 *Father of the Universe: Creation Theory and End-Time Vision* grounds its explorations of God, of his act to create the whole world, and of the shape that the end of all things will take on the foundations of the scriptural witness and the dreams that Philip Reynolds, the author, had in 1954. From these two sources he fashions a portrait of God the Father as he has experienced him and envisions him. In addition, he refines a theology of creation and humanity's beginnings. Finally, he shows how the Father has sent his Son to bring people, through the work of the Spirit, into his presence. In the course of this journey, *Father of the Universe* looks at the Father before time, his holiness, how he is Father of time and angels, his nation, and the church. The journey ends with a vision of the future humanity can hope to share with the Father. You might be someone who, at some point, has asked the hard questions: Is there more to life than this? What is the point of it all? What does God the Father intend for me, my family, my community, and this world? If you are one who asks those questions, then *Father of the Universe: Creation Theory and End-time Vision* will serve as your guide for glimpsing the outlines of some answers about the Father and his designs for creation.
