But there was another German cipher machine, used by Hitler himself to convey messages to his top generals in the field. A machine more complex and secure than Enigma. who killed uncle lou in family business: Death in Black and White Michael Brisson, 2024-05-14 Father Christopher Hart, a young New York priest and classic film buff, is unwittingly drafted by the mob to hear the confession of a man slated for execution. This was not one of the duties he expected when he became a first-time pastor. Learning how to balance the books and safely navigate parish politics, yes; but playing a key role in the White Death—a mafia ritual in which a person condemned to death is allowed to confess his sins before he's killed—was not included on the Parish Leadership 101 curriculum. Should he just do his job and collaborate with the mob for the sake of souls or find a way to stop the violence? Unrelentingly comparing his life to his favorite classic movies, Father Hart wishes he could just play the role of Father O'Malley from *Going My Way*, but he ends up playing a character more akin to Philip Marlowe from *The Big Sleep*. This riveting page-turner will entertain, but it will also drive the reader to grapple with important themes such as identity, purpose, justice, sin, and, ultimately, redemption.
