

women who behave rarely make history

women who behave rarely make history is a powerful phrase that captures the essence of many trailblazing women who defied societal norms to create lasting impact. Throughout history, women who challenged the status quo, broke barriers, and embraced boldness have shaped the world in transformative ways. This article explores the meaning behind the phrase, how nonconformity has been a catalyst for women's achievements, and the significant figures who exemplify this ethos. Additionally, it examines the cultural and social contexts that have often constrained women's behavior and how breaking free from these restrictions has enabled progress. By understanding the importance of daring to be different, this article sheds light on the vital role of rebelliousness and courage in women's historical contributions. The article concludes with a reflection on how embracing individuality continues to empower women today. The following sections provide a detailed overview of these themes.

- The Origin and Meaning of the Phrase
- Historical Examples of Women Who Defied Norms
- The Role of Nonconformity in Women's Achievements
- Societal Constraints and the Impact on Women's Behavior
- Contemporary Implications of Breaking Behavioral Norms

The Origin and Meaning of the Phrase

The phrase "women who behave rarely make history" is often attributed to Laurel Thatcher Ulrich, a historian who used it to highlight how conventional behavior tends to keep women out of the historical spotlight. This statement underscores the idea that women who conform to societal expectations are less likely to be remembered or celebrated. It suggests that the act of challenging norms and stepping outside prescribed roles is what leads to significant historical impact. The phrase serves as both a critique of traditional gender roles and an encouragement for women to embrace boldness and individuality.

Historical Context of the Phrase

Initially coined in the context of historical research, the phrase was meant

to draw attention to the invisibility of ordinary women who followed strict social codes. Over time, it has become a rallying cry for women advocating for equality and recognition. It emphasizes that history often remembers those who disrupt norms and create change, rather than those who adhere to them.

Interpretations and Cultural Significance

The phrase resonates across cultures and generations as a reminder that progress often requires defiance. It challenges the notion that "proper" behavior is a virtue for women and instead celebrates courage, risk-taking, and rebellion. Its ongoing relevance reflects enduring struggles with gender expectations and the celebration of women who dare to be different.

Historical Examples of Women Who Defied Norms

Throughout history, numerous women have embodied the spirit of the phrase by making bold choices that altered the course of their lives and their societies. These women often faced significant opposition but persisted in their missions, leaving legacies that continue to inspire.

Marie Curie: Breaking Scientific Barriers

Marie Curie defied gender norms in the male-dominated field of science during the early 20th century. Her groundbreaking research on radioactivity earned her two Nobel Prizes, making her the first woman to win and the only person awarded in two different scientific fields. Curie's refusal to conform to traditional female roles exemplifies how exceptional women who behave differently can make history.

Rosa Parks: The Catalyst for Civil Rights

Rosa Parks' refusal to give up her seat on a segregated bus in 1955 was a pivotal moment in the American Civil Rights Movement. Her act of defiance broke social expectations of subservience and sparked widespread activism. Parks' behavior, far from "proper" by the standards of her time, was instrumental in changing history.

Frida Kahlo: Challenging Artistic and Social Norms

Frida Kahlo's life and art challenged conventional ideas about femininity, beauty, and identity. Through her vivid, unapologetic self-portraits and lifestyle, Kahlo broke barriers in both the art world and society, becoming an enduring symbol of strength and resilience.

The Role of Nonconformity in Women's Achievements

Nonconformity has been a critical factor in many women's successes, allowing them to navigate and reshape restrictive environments. By stepping outside expected behavioral patterns, women have accessed new opportunities and paved the way for others.

Innovation Through Rebellion

Women who reject traditional roles often bring fresh perspectives and innovations. Their willingness to challenge the familiar fosters creativity and problem-solving that can transform industries and cultures.

Leadership and Risk-Taking

Effective leadership frequently requires challenging the status quo. Women who take risks and defy norms often emerge as powerful leaders who inspire change and motivate others to rethink social constructs.

Examples of Nonconformist Achievements

- Amelia Earhart's groundbreaking achievements in aviation
- Malala Yousafzai's advocacy for girls' education despite threats
- Simone de Beauvoir's pioneering feminist philosophy
- Serena Williams' dominance in tennis and advocacy for equality

Societal Constraints and the Impact on Women's Behavior

Throughout history, societal norms and legal frameworks have often limited women's behavior, defining strict roles and expectations. These constraints affected women's opportunities and visibility in public life.

Gender Roles and Behavioral Expectations

Traditional gender roles have typically emphasized passivity, obedience, and domesticity for women. Such expectations discouraged assertiveness and independence, traits frequently associated with historical achievement.

Legal and Social Barriers

Laws restricting women's rights to vote, work, or express themselves freely reinforced behavioral conformity. Overcoming these barriers often required women to act boldly and defy legal or social prohibitions.

Resistance and Social Change

Despite constraints, women have consistently resisted and redefined behavioral norms. Social movements, such as women's suffrage and feminist activism, illustrate collective efforts to break free from restrictive roles and make history.

Contemporary Implications of Breaking Behavioral Norms

In modern society, the phrase "women who behave rarely make history" continues to hold significance. While progress has been made, women who challenge norms still face resistance but also have unprecedented opportunities to influence change.

Empowerment Through Individuality

Today, embracing individuality and nonconformity empowers women to pursue

diverse careers, leadership roles, and creative endeavors. The continuation of this legacy supports gender equality and social innovation.

Challenges in Professional and Social Spheres

Women who defy expectations may encounter backlash, stereotyping, or discrimination. Nevertheless, their contributions are increasingly recognized as vital to societal advancement.

Ongoing Impact on Culture and Policy

Women who boldly challenge norms influence cultural perceptions and policy reforms, helping to dismantle systemic inequalities and expand opportunities for future generations.

Frequently Asked Questions

What does the phrase 'well-behaved women rarely make history' mean?

The phrase suggests that women who conform to societal expectations and avoid challenging the status quo are less likely to be remembered or make significant impacts in history.

Who coined the phrase 'well-behaved women rarely make history'?

The phrase is attributed to Laurel Thatcher Ulrich, a historian who used it in a 1976 academic paper and later popularized it in her 2007 book.

Why are well-behaved women said to rarely make history?

Because history often highlights those who challenge norms and bring about change, women who strictly adhere to traditional roles and behaviors are less likely to be noted for groundbreaking achievements.

How has the phrase 'well-behaved women rarely make history' influenced feminist movements?

The phrase has become a rallying cry encouraging women to be bold, challenge

societal norms, and pursue activism and leadership, emphasizing that making history often requires breaking rules.

Can the phrase 'well-behaved women rarely make history' be interpreted negatively?

Some critics argue that it may undervalue the contributions of women who make positive impacts within traditional roles or through quiet perseverance, suggesting that not all impactful women need to defy norms.

In what ways have women who did not conform to societal expectations made history?

Women like Rosa Parks, Marie Curie, and Malala Yousafzai made history by defying societal norms, challenging injustices, and pioneering breakthroughs in their fields.

How is the phrase 'well-behaved women rarely make history' relevant today?

It continues to inspire women to take risks, speak out against inequality, and pursue leadership roles, reminding society that progress often requires challenging existing boundaries.

Additional Resources

1. Women Who Changed the World: Stories of Courage and Determination

This inspiring book highlights the lives of women from various cultures and eras who defied societal norms to make significant impacts. Through vivid storytelling, it showcases their struggles, achievements, and the lasting legacies they left behind. Readers gain insight into the power of resilience and the importance of challenging the status quo.

2. Heroines of History: Untold Stories of Women Who Made a Difference

Delving into lesser-known narratives, this book uncovers the stories of women whose contributions have been overlooked or forgotten. It emphasizes how these women, through bravery and innovation, shaped history in subtle yet profound ways. The book encourages recognition and appreciation of female pioneers across different fields.

3. Fearless and Female: Trailblazing Women Who Changed Society

Focuses on women who broke barriers in politics, science, art, and activism. Each chapter presents a compelling profile of a woman who challenged societal expectations and paved the way for future generations. The book serves as both a tribute and a call to action for gender equality.

4. Breaking Boundaries: Women Who Defied the Odds

This collection showcases the stories of women who overcame immense obstacles to achieve extraordinary goals. From entrepreneurs to revolutionaries, their journeys highlight courage, innovation, and perseverance. It offers readers inspiration to confront challenges and pursue their passions fearlessly.

5. *Invisible No More: Women Who Made History Behind the Scenes*

Explores the contributions of women whose work was critical but often unrecognized in historical records. The book sheds light on secretaries, activists, scientists, and caregivers who shaped events from behind the curtain. It challenges readers to rethink historical narratives and acknowledge hidden figures.

6. *Rebels and Radicals: Women Who Changed the Course of History*

Profiles women who actively resisted oppression and fought for social justice, often at great personal risk. Their stories illustrate the power of rebellion and moral conviction in shaping societies. The book celebrates the spirit of activism and the impact of courageous dissent.

7. *Matriarchs of Change: Women Leading the Way*

Focuses on influential women leaders across history who guided movements, communities, and nations toward progress. It highlights their leadership styles, struggles, and successes, demonstrating diverse ways women have led change. The book serves as both educational and motivational for aspiring leaders.

8. *Hidden Figures: The Women Behind History's Greatest Achievements*

Inspired by true stories, this book uncovers the crucial roles women played in major scientific, technological, and cultural breakthroughs. It challenges the myth that history's great achievements were made solely by men. Readers are encouraged to appreciate the collaborative nature of progress.

9. *Trailblazing Women: Pioneers Who Defied Convention*

Celebrates women who ventured into uncharted territories, whether in exploration, academia, or industry. Their pioneering spirit and determination opened doors for others to follow. The book is a tribute to those who dared to dream beyond traditional boundaries.

women who behave rarely make history: Well-Behaved Women Seldom Make History

Laurel Thatcher Ulrich, 2008-09-23 From admired historian—and coiner of one of feminism's most popular slogans—Laurel Thatcher Ulrich comes an exploration of what it means for women to make

history. In 1976, in an obscure scholarly article, Ulrich wrote, Well behaved women seldom make history. Today these words appear on t-shirts, mugs, bumper stickers, greeting cards, and all sorts of Web sites and blogs. Ulrich explains how that happened and what it means by looking back at women of the past who challenged the way history was written. She ranges from the fifteenth-century writer Christine de Pizan, who wrote *The Book of the City of Ladies*, to the twentieth century's Virginia Woolf, author of *A Room of One's Own*. Ulrich updates their attempts to reimagine female possibilities and looks at the women who didn't try to make history but did. And she concludes by showing how the 1970s activists who created second-wave feminism also created a renaissance in the study of history.

women who behave rarely make history: *The Orange on the Plate* Lois Heckman, 2012-05-08 This is not your grandparent's Haggadah. *The Orange on the Plate: A Liberated Seder* is a reinterpretation of the Haggadah, offering a service that is not too long, yet full of all the great stories of Passover. It provides an opportunity for everyone at the table to participate as much or as little as they wish. Woman-centered, the service can include men, too. It is very appropriate for secular, spiritual and non-traditional people. It is not a worship service, but a celebration of the story, told in a friendly and fresh way, complete with ritual and discussion. "A refreshing take on the traditional Passover Seder! This is a sensitively written, thoughtful Seder minus the dogma. It gets to the essence of what the Seder is all about - a celebration of those who have longed for and achieved liberation throughout the history of humankind." - Andrea K. Ecke, Professor of World Religions, Misericordia University "A lucid, highly accessible, but also deeply feminist version of the Passover ritual. This progressive — even radical — reading of the holiday's history is wonderfully imaginative and critical at the same time. Heckman has given us all a hopeful, inclusive, and empowering vision of the Passover experience." - Janet Glatson, Harvard Divinity School

women who behave rarely make history: *A Day in the Life of a Storm* Angela Scott, 2011-08-17 *A Day In The Life Of A Storm*, is a novel in the style of, *Bridget Jones Diary* with a touch of spirituality as in, *Eat, Pray, Love*. Novels that represent real life issues have become increasingly popular lately as everyone is seeking to identify with others that are weathering the storms of life. Sara is living the American dream. She is married with two, grown children that have found their path in life. She has a job she loves and travels often with her husband. Her world is turned upside down when her husband had an affair and decides he does not want to be married anymore. What follows is a funny, honest look at what happens when a woman that is almost forty is alone for the first time in her life. She does it all, from sex with younger men to visiting an old friend in prison. She refuses to live her life for anyone else and finds her own way. Her new life is not perfect but it is her own.

women who behave rarely make history: *Battle Scars* Catherine Clinton, Nina Silber, 2006-02-23 This collection addresses how gender scholarship has changed interpretations of the Civil War. It examines the study of masculinity and war, and deals with issues of health, treason, religion, domesticity, and slavery as they affected Northern and Southern men and women during the Civil War era.

women who behave rarely make history: *A Higher Education Equity Walk in The Struggle for American Identity* Lenford Sutton, 2024-02-03 *A Higher Education Equity Walk in the Struggle for American Identity* offers a compelling case study by Lenford Sutton recounting the author's parallel experience as the first black man to serve as the tempered radical in a historically white learning community. In the Southwest. Drawing parallels with the tragic fate of Ahmad Aubrey in an unwelcoming community, Sutton sheds light on the visible and unseen cultural frameworks, racial habits, and value gaps leaders from non-dominant groups navigate when pursuing Diversity, Equity, and Inclusion goals and objects within the university strategic plans of Historically White Institutions. In addition, it captures deep reflection from the experience, reframing problems in the spirit of Design Thinking with particular emphasis on Empathy as the Gateway to problem-solving. Recognizing that Digital transformation, both cultural and demographic shifts, are the drivers of enormous changes that foster fear and increased uncertainty, the text emphasizes the new learnings

and recommendations for leaders operating in similar circumstances. It connotes that tempered radicals often reside at the intersection of innovation and the status quo and, in the current cultural and technological disruption of higher education, can serve the institution well if deployed appropriately by university leadership to scale its culture.

women who behave rarely make history: *God Is a Grunt* Logan M Isaac, 2022-04-19 This eye-opening book invites readers of all political and denominational stripes into a more meaningful conversation and community with soldiers and veterans. If Jesus is God, then God is a grunt—the humble, hardy folk placed at the bottom of the social hierarchy who are relied on to accomplish the dirtiest, most difficult (and most thankless) work. This is good news for millions of Christian soldiers and veterans in the U.S. because they have had to make an impossible choice, with no perceivable middle ground, between patriot and pacifist. In his new book, *God Is a Grunt*, Logan Isaac offers an opportunity for GIs, veterans, and those close to them to read Christian traditions as a soldier would—by and through the lived experiences of military service. This well-researched, meditative guide for Christians who have served their country delves deep into the Bible, while Isaac shares his own beliefs and thoughts on the life-altering experiences of battle. He attempts to fill the void most Christians in the military feel by providing theological resources to discern a better way of discipleship for GIs, affirming the nuance and complexity of armed service and the gifts GIs extend to Christians around the world.

women who behave rarely make history: *Gateways* J C Laird, 2020-08-26 Take a Plunge Into the Ocean of the Supernatural As these twenty tales swam up from the depths of the imagination into the light of day or the dark of night, they landed in places from California to Florida and points between (with short layovers in London and the Middle East). The characters that inhabit them are a motley crew: a ghost, goddess, angel, demon, serial killer, zombie, prostitute, and, well, you must read these stories to uncover the stars, their stories, and their journeys. The tales all fall into the supernatural realm, some splashing around the edges of the water, others cannonballing right in. But be forewarned, much like a roiling tsunami, many have unexpected eddies and whirlpools. So, grab your life preserver and hold on... If you don't have the time or the inclination to immerse yourself in a full-length novel, sit down and spin through these shorter versions.

women who behave rarely make history: *Change Comes to Dinner* Katherine Gustafson, 2025-10-16 A fascinating exploration of America's food innovators, that gives us hopeful alternatives to the industrial food system described in works like Michael Pollan's bestselling *Omnivore's Dilemma* *Change Comes to Dinner* takes readers into the farms, markets, organizations, businesses and institutions across America that are pushing for a more sustainable food system in America. Gustafson introduces food visionaries like Mark Lilly, who turned a school bus into a locally-sourced grocery store in Richmond, Virginia; Gayla Brockman, who organized a program to double the value of food stamps used at Kansas City, Missouri, farmers' markets; Myles Lewis and Josh Hottenstein, who started a business growing vegetables in shipping containers using little water and no soil; and Tony Geraci, who claimed unused land to create the Great Kids Farm, where Baltimore City public school students learn how to grow food and help Geraci decide what to order from local farmers for breakfast and lunch at the city schools. *Change Comes to Dinner* is a smart and engaging look into America's food revolution.

women who behave rarely make history: *Back In the Game* Holly Chamberlin, 2013-05-01 A heartfelt novel of friendship, marriage, divorce, and starting over, from the bestselling author of *Barefoot in the Sand*. Jess's marriage has ended after she was caught having an affair. Nell's husband has left her for another man. Laura's marriage fell apart over a disagreement about having children, and Grace is still supporting her freeloading ex. These four Boston women are still getting used to being single again—but there comes a time to put regrets and resentments aside and get back in the game . . . Praise for the novels of Holly Chamberlin "Nostalgia over real-life friendships lost and regained pulls readers into the story." —USA Today on *Summer Friends* "It does the trick as a beach book and provides a touristy taste of Maine's seasonal attractions." —Publishers Weekly on *The Family Beach House*

women who behave rarely make history: 60 Days of Faith for Women Rev. Cameron Trimble, 2020-04-28 The power of the Word—a deeper connection in 60 days with devotional journaling Faith is a beautiful lifelong journey of getting to know God—and yourself. Follow the path with 60 Days of Faith for Women, a flexible choice in daily devotionals for women that features Scripture passages, insightful stories, and journal prompts. Unlike other devotionals for women, there's no timed start date, so you can journal at your own pace. Each of the 60 devotions contains a Scripture reading and a short essay revealing the light it can shed on contemporary experiences. Embrace moments of contemplation and prayer with space for written reflection, along with exercises like guided meditations that make this a standout among devotionals for women. 60 Days of Faith for Women is everything devotionals for women should be: Guiding modern life—Thoughtful prompts go beyond other devotionals for women to give new perspectives on issues like body image, healing from loss, work/life balance, and more. Writing your faith—Colorful lined pages offer plenty of room to write, giving you full opportunity to work through your thoughts each day. God's Word to you—Daily Bible passages come from the New Revised Standard Version, for translations that are both accurate and modern. This top choice among devotionals for women makes it easy to carry God's wisdom—wherever the day, weeks, or months take you.

women who behave rarely make history: For Love of Country Howard Schultz, Rajiv Chandrasekaran, 2015-10-27 A celebration of the extraordinary courage, dedication, and sacrifice of this generation of American veterans on the battlefield and their equally valuable contributions on the home front. Starbucks CEO Howard Schultz and National Book Award nominee Rajiv Chandrasekaran honor acts of uncommon valor in Iraq and Afghanistan, including an army sergeant who runs into a hail of gunfire to protect his comrades; two marines who chose to stand and defend their outpost from an oncoming truck bomb; and a sixty-year-old doctor who joined the navy after his son was killed at war, saving dozens of lives during his service. We also see how veterans turn their leadership skills into community-building initiatives once they return home: former soldiers who aid residents in rebuilding after natural disasters; an infantry officer who trades in a Pentagon job to teach in an inner-city neighborhood; the spouse of a severely injured soldier assisting families in similar positions. These powerful, unforgettable stories demonstrate just how indebted we are to those who protect us and what they have to offer our nation when their military service is over.

women who behave rarely make history: The Complete Guide to Hiring a Literary Agent Laura Cross, 2011 A guide to the process of getting an agent to represent your book. Once you have found your literary agent, you will learn how to read contracts and accept offers, as well as what details your agent will take care of.

women who behave rarely make history: Everyday Sexism Laura Bates, 2016-04-05 “Laura Bates has challenged the normalization of sexism, and created a place where both men and women can see it and change it.” —Gloria Steinem The Everyday Sexism Project was founded by writer and activist Laura Bates in April 2012. It began life as a website where people could share their experiences of daily, normalized sexism, from street harassment to workplace discrimination to sexual assault and rape. The Project became a viral sensation, attracting international press attention from The New York Times to French Glamour, Grazia South Africa, to the Times of India and support from celebrities such as Rose McGowan, Amanda Palmer, Mara Wilson, Ashley Judd, James Corden, Simon Pegg, and many others. The project has now collected over 100,000 testimonies from people around the world and launched new branches in twenty-five countries worldwide. Everyday Sexism has been credited with helping to spark a new wave of feminism. “Laura Bates didn’t just begin a movement, she has started a revolution.” —Liz Plank, Senior Correspondent at Mic and host of Flip the Script “A startlingly astute analysis on violence and inequality.” —Lauren Wolfe, journalist and Director of the Women’s Media Center’s Women Under Siege Project “Powerful.” —Stephen Dunbar-Johnson, President of International at The New York Times “Pioneering.” —Telegraph “A must-read for every woman.” —Cosmopolitan (UK) “This is an important work and if I had my way would be compulsory school reading across the globe.” —Feminist Times “Laura Bates deftly makes visible the spider web of oppression that holds us back

and binds us all together.” —Jaclyn Friedman, co-author of *Yes Means Yes: Visions of Female Sexual Power and a World Without Rape*

women who behave rarely make history: Underneath Sarah Jamila Stevenson, 2013-06-08
With New Agey parents and a Pakistani heritage, it might have been difficult for Sunny Pryce-Shah to fit in. Thankfully, she had her older, popular cousin Shiri to talk to—until now. Shiri’s shocking suicide brings heart-wrenching pain and grief, and also seems to have triggered a new and disturbing ability in Sunny: hearing people’s thoughts.

women who behave rarely make history: *The Wild Duck Chase* Martin J. Smith, 2025-08-05
Competitive duck painting borders on . . . obsession, making this book about the Federal Duck Stamp Contest a surprisingly compelling read (Los Angeles Times). The basis for the documentary film, *The Million Dollar Duck*, Martin J. Smith’s *The Wild Duck Chase* reveals the peculiar world of the only juried art competition run by the US government. Hatched during the Great Depression, the Federal Duck Stamp Program requires hunters to buy stamps to validate a hunting license, with proceeds going toward wetland conservation. Though the first stamps were designed by noted wildlife artists, a contest for new illustrators opened to the public in 1949. Over the years, the competition has attracted artists from across the nation and the stamp has generated more than \$1 billion to purchase or lease more than 6 million acres of waterfowl habitat in the United States. Smith takes readers behind the scenes of the contest to discover personalities like the Hautman brothers of Minnesota, painters with a success record that rivals that of the New York Yankees. Smith additionally probes the intense debate between rural hunters and the urban conservationists who condemn shooting wildlife for sport. There’s also the high-stakes drama between the artists competing and the judges who decide which work will be awarded the honor of appearing on the coveted, collectible stamp. A front row seat to an arcane realm where talent, environmental activism, and migratory waterfowl come together to create big money and not a few controversies, *The Wild Duck Chase* gives this fascinating, little-known piece of Americana its due. Smartly written, wonderful. . . . Highly recommended! —Douglas Brinkley, author of *Wilderness Warrior: Theodore Roosevelt and the Crusade for America*

women who behave rarely make history: The Open Society as an Enemy J. McKenzie Alexander, 2024-11-27
Nearly 80 years ago, Karl Popper gave a spirited philosophical defence of the Open Society in his two-volume work, *The Open Society and Its Enemies*. In this book, J. McKenzie Alexander argues that a new defence is urgently needed because, in the decades since the end of the Cold War, many of the values of the Open Society have come under threat once again. Populist agendas on both the left and right threaten to undermine fundamental principles that underpin liberal democracies, so that what were previously seen as virtues of the Open Society are now, by many people, seen as vices, dangers, or threats. *The Open Society as an Enemy* interrogates four interconnected aspects of the Open Society: cosmopolitanism, transparency, the free exchange of ideas, and communitarianism. Each of these is analysed in depth, drawing out the implications for contemporary social questions such as the free movement of people, the erosion of privacy, no-platforming and the increased political and social polarisation that is fuelled by social media. In re-examining the consequences for all of us of these attacks on free societies, Alexander calls for resistance to the forces of reaction. But he also calls for the concept of the Open Society to be rehabilitated and advanced. In doing this, he argues, there is an opportunity to re-think the kind of society we want to create, and to ensure it is achievable and sustainable. This forensic defence of the core principles of the Open Society is an essential read for anyone wishing to understand some of the powerful social currents that have engulfed public debates in recent years, and what to do about them. Early praise for *The Open Society as an Enemy* Many people have waded into the culture wars, but very few have rigorously and engagingly examined why the way we think about each other is changing. J McKenzie Alexander probes the assumptions we make about contemporary society and exposes who benefits from outrage and polarisation. Everyone who talks about the 'open society' and what it means should read this book. — Ros Taylor, author of *The Future of Trust* “I’m not sure I’ve ever read a work of political philosophy as forensic and yet so full of heart and humour

as Jason McKenzie Alexander's *The Open Society as an Enemy*. It's not simply that the book applies an astonishing breadth of expertise to the most neuralgic issues of our time - from political and economic polarisation, political extremism, climate change and the lottery of birthplace, to no-platforming and the discursive anarchy of social media - it's that McKenzie Alexander writes with deep empathy for those who doubt, by now, that the open society, in its various forms, can still work, and this makes his defence of it all the more compelling and complete." — Abby Innes, author of *Late Soviet Britain: Why Materialist Utopias Fail*

women who behave rarely make history: *Why We Fly* Kimberly Jones, Gilly Segal, 2021-10-05 Sydney Taylor Book Award Notable book in the Young Adult category From the New York Times bestselling authors of *I'm Not Dying with You Tonight* comes a story about friendship, privilege, sports, and protest. With a rocky start to senior year, cheerleaders and lifelong best friends Eleanor and Chanel have a lot on their minds. Eleanor is still in physical therapy months after a serious concussion from a failed cheer stunt. Chanel starts making questionable decisions to deal with the mounting pressure of college applications. But they have each other's backs—just as always, until Eleanor's new relationship with star quarterback Three starts a rift between them. Then, the cheer squad decides to take a knee at the season's first football game, and what seemed like a positive show of solidarity suddenly shines a national spotlight on the team—and becomes the reason for a larger fallout between the girls. As Eleanor and Chanel grapple with the weight of the consequences as well as their own problems, can the girls rely on the friendship they've always shared? Praise for *I'm Not Dying with You Tonight*: A Barnes & Noble Book Club Pick Compelling and powerful—Angie Thomas, #1 New York Times bestselling author of *The Hate U Give* A vital addition to the YA race relations canon.—Nic Stone, New York Times bestselling author of *Dear Martin* Important reading for both teenagers and adults.—Hello Giggles Not to be missed.—Paste Magazine

women who behave rarely make history: *The Goddess Diet* Anita Revel, 2009-09-01 Foodies rejoice! No more dangerous dieting; no more trash talking; no more self-loathing... Lose your inner critic, gain more energy and fall in self-love.

women who behave rarely make history: *The Secret to Southern Charm* Kristy Woodson Harvey, 2020-05-26 A 2018 Spring Okra Pick USA TODAY Happy Ever After's Best Women's Fiction Southern Living's Most Anticipated Beach Reads of 2018 Deep South Magazine's Summer Reading List Raleigh News & Observer's "The Best Reads of Summer" Charlotte Observer's "Summer's Best Books" New York Live's "Ashley's A-List" Pick Leaving fans "practically [begging] for a sequel" (Bookpage), critically acclaimed author Kristy Woodson Harvey returns with the second novel in her beloved Peachtree Bluff series, featuring a trio of sisters and their mother who discover a truth that will change not only the way they see themselves, but also how they fit together as a family. After finding out her military husband is missing in action, middle sister Sloane's world crumbles as her worst nightmare comes true. She can barely climb out of bed, much less summon the strength to be the parent her children deserve. Her mother, Ansley, provides a much-needed respite as she puts her personal life on hold to help Sloane and her grandchildren wade through their new grief-stricken lives. But between caring for her own aging mother, her daughters, and her grandchildren, Ansley's private worry is that secrets from her past will come to light. But when Sloane's sisters, Caroline and Emerson, remind Sloane that no matter what, she promised her husband she would carry on for their young sons, Sloane finds the support and courage she needs to chase her biggest dreams—and face her deepest fears. Taking a cue from her middle daughter, Ansley takes her own leap of faith and realizes that, after all this time, she might finally be able to have it all. Harvey's signature warmth and wit make this a charming and poignant story of first loves, missed opportunities, and

second chances and proves that she is the next major voice in Southern fiction” (Elin Hilderbrand, New York Times bestselling author).

women who behave rarely make history: BeLonging Woodshop Writers, 2016-10-21

BeLonging is the fourth anthology by the Woodshop Writers, a group of writers in Portland, Oregon, who study their craft under the guidance of writer and teacher Nancy Woods. In this anthology you will read about home and homelessness, exploration and discovery, identity, growth, change, and understanding of both self and others. Together the pieces describe a wide range of human experience. They underscore how basic and vital a sense of belonging is for everyone, and how many different forms belonging can take.
