The screen's greatest stars, from comedians like Buster Keaton and Peter Sellers to serious actors like Marlon Brando and Max von Sydow, are pictured in everything from bustiers to ball gowns. woody harrelson in anger management: The History of Trans Representation in American Television and Film Genres Traci B. Abbott, 2022-05-02 Due to the increase in transgender characters in scripted television and film in the 2010s, trans visibility has been presented as a relatively new phenomenon that has positively shifted the cis society's acceptance of the trans community. This book counters this claim to assert that such representations actually present limited and harmful characterizations, as they have for decades. To do so, this book analyzes transgender narratives in scripted visual media from the 1960s to 2010s across a variety of genres, including independent and mainstream films and television dramatic series and sitcoms, judging not the veracity of such representations per se but dissecting their transphobia as a constant despite relevant shifts that have improved their veracity and variety. Already ingrained with their own ideological expectations, genres shift the framing of the trans character, particularly the relevance of their gender difference for cisgender characters and society. The popularity of trans characters within certain genres also provides a historical lineage that is examined against the progression of transgender rights activism and corresponding transphobic falsehoods, concluding that this popular medium continues to offer a limited and narrow conception of gender, the variability of the transgender experience, and the range of transgender identities.

woody harrelson in anger management: Matthew McConaughey - The Biography Neil Daniels, 2014-11-06 Matthew McConaughey is a Hollywood star with an Oscar to his name and the world at his feet. Growing up in Texas, the youngest of three boys, he was known for his good looks and charm. His acting career began quietly with TV commercials, B movies and lowbudget independent films, which included the much respected coming of age drama Dazed and Confused. In 1996, his big break came as lawyer Jack Brigrance in A Time to Kill, based on the best-selling legal thriller by John Grisham, and he was subsequently cast in such acclaimed films as Amistad, Contact, Edtv and U-571. However the new millennium brought an unfortunate change in his fortunes as he moved into risible romantic comedies. Movies such as The Wedding Planner, How To Lose A Guy In 10 Days, Failure To Launch, Fool's Gold and Ghosts Of Girlfriends Past were only moderately successful and failed to win over the critics; the critical acclaim that he garnered in the nineties as a serious actor was a thing of the past, and McConaughey desperately needed to reinvent himself. The Lincoln Lawyer, released in 2011, commenced McConaughey's revival and he returned to serious roles in such revered films as Bernie, Killer Joe, Magic Mike and Dallas Buyers Club, which won him a Golden Globe and Oscar for Best Lead Actor in 2014. He was also cast with Woody Harrelson in HBO's critically acclaimed series True Detective which won him rave reviews. Happily married to Brazilian model Camila Alves, the McConaughey's live in Austin, Texas with their three children. This is the authoritative biography of one of Hollywood's leading lights.
