

woodrow wilson political cartoons

woodrow wilson political cartoons have played a significant role in shaping public perception of the 28th President of the United States. Throughout his presidency from 1913 to 1921, political cartoons were a powerful medium used by artists and commentators to critique, praise, and satirize Wilson's policies and personality. These cartoons provide valuable insights into the political climate of the early 20th century, illustrating key events such as World War I, the League of Nations debate, and domestic reforms. By analyzing woodrow wilson political cartoons, historians and political analysts can better understand the public sentiment and media influence during his tenure. This article explores the themes, impact, and notable examples of woodrow wilson political cartoons, highlighting their importance in American political discourse. The following sections will delve into the historical context, major themes, influential cartoonists, and the lasting legacy of these visual commentaries.

- Historical Context of Woodrow Wilson Political Cartoons
- Major Themes in Woodrow Wilson Political Cartoons
- Notable Cartoonists and Their Contributions
- Impact and Influence on Public Opinion
- Legacy and Modern Interpretations

Historical Context of Woodrow Wilson Political Cartoons

The era during which woodrow wilson political cartoons flourished was marked by significant domestic and international developments. Wilson's presidency coincided with World War I, a transformative period in American and global history. Political cartoons of this time reflected the tensions and debates surrounding American neutrality, intervention, and the subsequent peace process. Additionally, Wilson's progressive reforms, including the establishment of the Federal Reserve and antitrust legislation, offered ample material for cartoonists to critique his administration's policies.

The Role of Political Cartoons in Early 20th Century Media

During Wilson's presidency, newspapers and magazines were the primary sources of information and political commentary for the public. Political cartoons served as a visual shorthand for complex political issues, making them accessible to a broad audience. These illustrations often combined humor, symbolism, and caricature to convey messages quickly and effectively. Woodrow wilson political cartoons were featured prominently in influential publications such as *The New York Times*, *The Saturday Evening Post*, and *Puck*, helping to shape public discourse.

Key Events Influencing Cartoon Content

Several major events influenced the subjects and tone of woodrow wilson political cartoons:

- World War I and the debate over U.S. involvement
- Wilson's Fourteen Points and the League of Nations proposal
- Domestic reforms under the Progressive Movement
- Wilson's stroke and concerns about presidential capacity

Major Themes in Woodrow Wilson Political Cartoons

Woodrow wilson political cartoons explored a variety of themes that reflected both support and criticism of his administration. These themes often mirrored the political controversies and public attitudes of the era.

War and Peace

One of the most prevalent themes was Wilson's leadership during World War I. Early cartoons depicted him as a reluctant warrior, emphasizing his efforts to keep the United States neutral. As the war progressed, the tone shifted to portray Wilson as a decisive leader advocating for peace through the League of Nations. Cartoons either praised his vision for lasting peace or criticized what some viewed as naïveté or idealism.

Domestic Policy and Reform

Wilson's progressive agenda also drew attention from cartoonists. Issues such as banking reform, labor rights, and antitrust measures were frequent subjects. Cartoons illustrated Wilson's attempts to balance the interests of various social and economic groups, sometimes portraying him as a champion of the common people and other times as a politician struggling with entrenched interests.

Personality and Leadership Style

Cartoonists often focused on Wilson's personality traits, including his moralistic demeanor and academic background. Some cartoons depicted him as a thoughtful, principled leader, while others emphasized a perceived aloofness or rigidity. His health problems during his second term also became a theme, raising questions about his ability to govern effectively.

Notable Cartoonists and Their Contributions

Several prominent cartoonists made significant contributions to the body of woodrow wilson political cartoons, using their artistic talents to influence public opinion.

Rollin Kirby

Rollin Kirby was one of the most influential editorial cartoonists of Wilson's era. His work often highlighted social justice themes and criticized political corruption. Kirby's cartoons on Wilson's progressive reforms helped shape public understanding of complex issues.

Clifford Berryman

Clifford Berryman was known for his detailed and insightful cartoons. He portrayed Wilson with a mix of respect and critique, often emphasizing the president's intellectual nature and leadership challenges. Berryman's cartoons were widely published and contributed to the visual record of Wilson's presidency.

Other Influential Cartoonists

Additional cartoonists who contributed to the discourse included:

- John T. McCutcheon – Known for his humor and wit
- Louis Dalrymple – Frequently addressed international diplomacy
- Bernard Partridge – Focused on wartime propaganda and public morale

Impact and Influence on Public Opinion

Woodrow wilson political cartoons played a critical role in shaping public opinion during a turbulent period in American history. Through visual storytelling, these cartoons helped distill complex political debates into memorable images that resonated with a broad audience.

Shaping Perceptions of Wilson's Policies

Cartoons influenced how citizens viewed Wilson's domestic and foreign policies. Supportive cartoons bolstered public confidence in initiatives like the Federal Reserve and the League of Nations, while critical cartoons fueled skepticism and opposition. This duality reflects the contested nature of Wilson's presidency and the power of visual media.

Mobilizing Public Sentiment During War

During World War I, political cartoons were instrumental in rallying public support for the war effort and promoting national unity. Cartoons depicting Wilson as a strong wartime leader helped legitimize the administration's decisions, while also serving as propaganda tools to encourage enlistment and war bond purchases.

Legacy and Modern Interpretations

The legacy of woodrow wilson political cartoons extends beyond their immediate historical context. Today, these cartoons are valuable resources for scholars studying political communication, media influence, and early 20th-century American history.

Historical Significance

Woodrow wilson political cartoons offer a window into the social and political dynamics of Wilson's era. They document public reactions to pivotal events and provide a nuanced perspective on the challenges faced by the Wilson administration. As historical artifacts, they complement written records and speeches, enriching the understanding of this period.

Contemporary Analysis and Scholarship

Modern historians and political scientists analyze these cartoons to examine the evolution of political satire and media strategies. Woodrow wilson political cartoons are studied for their rhetorical techniques, use of symbolism, and impact on democratic engagement. They also serve as cautionary examples of the media's role in shaping political narratives.

Frequently Asked Questions

What themes are commonly depicted in Woodrow Wilson political cartoons?

Woodrow Wilson political cartoons commonly depict themes such as World War I, his progressive reforms, the League of Nations, and his leadership style during his presidency.

How did political cartoons influence public opinion about Woodrow Wilson?

Political cartoons played a significant role in shaping public opinion about Woodrow Wilson by highlighting his policies, successes, and controversies in a visually impactful and often satirical manner, making complex political issues more accessible to the general public.

What symbolism is frequently used in Woodrow Wilson political cartoons?

Symbolism in Woodrow Wilson political cartoons often includes the use of the American eagle, Uncle Sam, representations of peace and war, the globe for international affairs, and caricatures of Wilson himself to emphasize his personality traits and political stance.

How did Woodrow Wilson's stance on World War I get portrayed in political cartoons?

Political cartoons portrayed Woodrow Wilson's initial neutrality and later decision to enter World War I, often critiquing or supporting his approach to war, highlighting the tension between isolationism and interventionism, and illustrating the impact of the conflict on America.

Where can one find collections of Woodrow Wilson political cartoons for research?

Collections of Woodrow Wilson political cartoons can be found in archives such as the Library of Congress, university special collections, historical newspapers, and online digital libraries that specialize in political history and cartoon art.

Additional Resources

1. Woodrow Wilson in Political Cartoons: A Visual History

This book offers a comprehensive collection of political cartoons that depict Woodrow Wilson's presidency. It explores how cartoonists of the early 20th century portrayed Wilson's policies, personality, and major events such as World War I. The volume provides insightful commentary on the socio-political climate of the era through satirical and critical imagery.

2. Caricatures and Conflict: Woodrow Wilson and World War I in Political Cartoons

Focusing on the period of World War I, this book analyzes how political cartoons reflected public opinion and governmental propaganda surrounding Woodrow Wilson. It highlights the tension between neutrality and intervention and the domestic challenges Wilson faced. The illustrations reveal the complexities of leadership during a tumultuous time.

3. Wilson's America: Political Cartoons and the Progressive Era

This title delves into the Progressive Era reforms championed by Woodrow Wilson, using political cartoons to illustrate the societal and political changes of the early 1900s. It examines topics such as antitrust laws, labor rights, and racial issues through the lens of contemporary cartoonists. The book contextualizes Wilson's influence on American progressivism.

4. The Many Faces of Woodrow Wilson: Political Cartoons from 1912 to 1921

Covering the entirety of Wilson's presidency, this book presents a diverse array of cartoons that capture his evolving public image. It traces his journey from academic to president, highlighting key moments and controversies. The collection serves as both a historical record and a study of political satire.

5. Satire and Statesmanship: Political Cartoons on Woodrow Wilson's Foreign Policy

This work concentrates on the international aspects of Wilson's administration, particularly his approach to diplomacy and the League of Nations. Through incisive cartoons, it showcases the debates and criticisms surrounding America's role in global affairs. The book offers a visual critique of Wilson's vision for world peace.

6. Political Cartoons and the Wilsonian Ideal: Democracy and Diplomacy

Exploring the ideals espoused by Woodrow Wilson, this book uses cartoons to analyze themes of democracy, self-determination, and moral diplomacy. It highlights how cartoonists either supported or challenged Wilson's principles during his time in office. The imagery provides insight into the public's reception of Wilsonian ideals.

7. From Election to Legacy: Woodrow Wilson in American Political Cartoons

This title traces Wilson's political career from his 1912 election through his post-presidential legacy, as seen through the medium of political cartoons. It reveals how public perception shifted over time and how Wilson's image was used to comment on broader political issues. The book serves as a visual biography of Wilson's impact.

8. Cartooning the Commander-in-Chief: Woodrow Wilson and the Power of Political Satire

This book studies the role of satire in shaping public opinion about Woodrow Wilson's leadership. It discusses how cartoonists employed humor, exaggeration, and symbolism to critique Wilson's decisions and character. The collection underscores the importance of political cartoons as tools of democratic expression.

9. Illustrating History: Woodrow Wilson Through the Eyes of Political Cartoonists

Offering a historical perspective, this book compiles cartoons that document significant events during Wilson's tenure. It provides contextual analysis of the symbolism and artistic styles used by various cartoonists. Readers gain a deeper understanding of how visual satire influenced and reflected historical narratives about Wilson.

woodrow wilson political cartoons: American Political Cartoons Sandy Northrop, 2017-07-05
From Benjamin Franklin's drawing of the first American political cartoon in 1754 to contemporary cartoonists' blistering attacks on George W. Bush and initial love-affair with Barack Obama, editorial cartoons have been a part of American journalism and politics. American Political Cartoons chronicles the nation's highs and lows in an extensive collection of cartoons that span the entire history of American political cartooning. Good cartoons hit you primitively and emotionally, said cartoonist Doug Marlette. A cartoon is a frontal attack, a slam dunk, a cluster bomb. Most cartoonists pride themselves on attacking honestly, if ruthlessly. American Political Cartoons recounts many direct hits, recalling the discomfort of the cartoons' targets and the delight of their readers. Through skillful combination of pictures and words, cartoonists galvanize public opinion for or against their subjects. In the process they have revealed truths about us and our democratic

system that have been both embarrassing and ennobling. Stephen Hess and Sandy Northrop note that not all cartoonists have worn white hats. Many have perpetuated demeaning ethnic stereotypes, slandered honest politicians, and oversimplified complex issues.

woodrow wilson political cartoons: Woodrow Wilson and the Press J. Startt, 2004-01-16 Esteemed journalism historian James Startt has crafted an intriguing case study of the relationship between political leadership and the mass media during its early days, using the political ascendancy of Woodrow Wilson as its focus. Wilson's emergence as a major political figure coincided with the arrival of a real mass media and a more independent, less partisan style of political coverage. While most Nineteenth-century presidents remained aloof from the press, Wilson understood it could no longer be ignored: 'The public man who fights the daily press won't be a public man very long'.

woodrow wilson political cartoons: Political Illustration Catherine Moore, Megan Hauser, 2025-02-20 Political Illustration introduces students of illustration, visual communication, art, and political science to how political illustration works, when it's used and why. Through a variety of examples - from the coins of Julius Caesar to contemporary art challenging Indigenous American stereotypes - the book covers propaganda, the impact of media, censorship, and taboo, and the role of contentious politics and dissent art. A wide range of contemporary illustration mediums are included, including street art, the graphic novel, and mixed assemblage illustration, in order to examine the role of media and technique in political messaging. The book features breakout interviews and case studies on prominent global political illustrators (like Edel Rodriguez, Anita Kunz and Fabian Williams) and full color examples. The authors include an introduction to semiotics, visual grammar, and visual communication theory, and how these approaches contribute to the decoding of political messages - and how these tactics are used by those ruling, and those being ruled. In particular, the authors look at political illustration, protest art and propaganda related to: - American and European Imperialism - Japanese internment - The World Wars - The Soviet Union and China - Dictatorships in Africa and South America - Civil Rights movements - Contemporary protests and marches, including the Women's March (2017) and the Egyptian Revolution (2011) - ...and many more periods, events and movements

woodrow wilson political cartoons: The Presidential Image Iwan Morgan, Mark White, 2020-04-02 Presidential Image has become an integral part of the campaign, presidency and legacy of Modern American presidents. Across the 20th century to the age of Trump, presidential image has dominated media coverage and public consciousness, winning elections, gaining support for their leadership in office and shaping their reputation in history. Is the creation of the presidential image part of a carefully conceived public relations strategy or result of the president's critics and opponents? Can the way the media interpret a presidents' actions and words alter their image? And how much influence do cultural outputs contribute to the construction of a presidential image? Using ten presidential case studies. this edited collection features contributions from scholars and political journalists from the UK and America, to analyse aspects of Presidential Image that shaped their perceived effectiveness as America's leader, and to explore this complex, controversial, and continuous element of modern presidential politics.

woodrow wilson political cartoons: Arabs in Turkish Political Cartoons, 1876-1950 Ilkim Büke Okyar, 2023-04-17 The emergence of Turkish nationalism prior to World War I opened the way for various ethnic, religious, and cultural stereotypes to link the notion of the Other to the concept of national identity. The founding elite took up a massive project of social engineering that now required the amplification of Turkishness as an essential concept of the new nation-state. The construction of Others served as a backdrop to the articulation of Turkishness -and for Turkey in many ways, the Arab in his keffiyeh and traditional garb constituted the ultimate Other. In this nuanced and richly detailed study, Ilkim Büke Okyar brings the everyday production of nationalist discourse into the mainstream political and historical narrative of modern Turkey. Okyar shifts the focus of inquiry from the abstract discourses of elite intellectuals to the visual rhetoric of popular culture, where Arabs as the non-national Others hold a front seat. Drawing upon previously neglected colloquial Turkish sources, Okyar challenges the notion that ethnoreligious stereotypes of

Arabs are limited to the Western conception of the Other. She shows how the emergence of the printing press and the subsequent explosion of news media contributed to formulating the Arab as the binary opposite of the Turk. The book shows how the cartoon press became one of the most significant platforms in the construction, maintenance, and mobilization of Turkish nationalism through the perceived image of the Arab that was haunted forever by ethnic and religious origins.

woodrow wilson political cartoons: The Princeton Encyclopedia of American Political History. (Two volume set) Michael Kazin, Rebecca Edwards, Adam Rothman, 2009-11-09 A comprehensive and authoritative encyclopedia of U.S. political history An essential resource for anyone interested in U.S. history and politics, this two-volume encyclopedia covers the major forces that have shaped American politics from the founding to today. Broad in scope, the book addresses both the traditional topics of political history—such as eras, institutions, political parties, presidents, and founding documents—and the wider subjects of current scholarship, including military, electoral, and economic events, as well as social movements, popular culture, religion, education, race, gender, and more. Each article, specially commissioned for this book, goes beyond basic facts to provide readers with crucial context, expert analysis, and informed perspectives on the evolution of American politics. Written by more than 170 leading historians and social scientists, The Princeton Encyclopedia of American Political History gives students, scholars, and researchers authoritative introductions to the subject's most important topics and a first step to further research. Features nearly 190 entries, organized alphabetically and written by a distinguished team of scholars, including Dean Baker, Lewis L. Gould, Alexander Keyssar, James T. Kloppenberg, Patricia Nelson Limerick, Lisa McGirr, Mark A. Noll, Jack N. Rakove, Nick Salvatore, Stephen Skowronek, Jeremi Suri, and Julian E. Zelizer Describes key political periods and eras, from the founding to the present day Traces the history of political institutions, parties, and founding documents Explains ideas, philosophies, and movements that shaped American politics Presents the political history and influence of geographic regions Describes the roles of ethnic, racial, and religious groups in the political process Explores the influence of mass culture, from political cartoons to the Internet Examines recurring issues that shape political campaigns and policy, from class, gender, and race to crime, education, taxation, voting, welfare, and much more Includes bibliographies, cross-references, appendixes, a comprehensive index, and more than 50 illustrations and maps

woodrow wilson political cartoons: Marianne Moore and the Archives Jeff Westover, 2024-05-09 Marianne Moore and the Archives features new archival research to explore the work of a major American modernist poet, providing innovative approaches to Moore's career as it is documented in her archives in Philadelphia. This volume is also the first that draws upon the Marianne Moore Digital Archive (MMDA).

woodrow wilson political cartoons: *Woodrow Wilson* Christopher Cox, 2024-11-05 An "assiduously researched" (The Wall Street Journal), "powerful...dispassionate new biography" (The Christian Science Monitor) of Woodrow Wilson, focused on his role in the long national struggle for racial equality and women's voting rights. More than a century after his death, Woodrow Wilson's influence on American politics remains strong while his contradictions loom larger than ever. With panoramic sweep, *Woodrow Wilson: The Light Withdrawn* examines his life and times, focusing especially on the 28th president's opposition to the movements for racial equality and women's voting rights. The Wilson who emerges is a man superbly unsuited to the moment when, as he ascended to the presidency in 1912, the struggle for women's voting rights in America reached the tipping point. The first southern Democrat to occupy the White House since the Civil War era brought with him to Washington like-minded men who quickly set to work segregating the federal government. Wilson's own sympathy for Jim Crow and states' rights animated his decades-long hostility to the Susan B. Anthony Amendment, which promised universal suffrage backed by federal enforcement. Women demonstrating for voting rights found themselves demonized in government propaganda, beaten and starved while illegally imprisoned, and even confined to the insane asylum. When, in the twilight of his second term, two-thirds of Congress stood on the threshold of passing the Anthony Amendment, Wilson abruptly switched his position. But in sympathy with like-minded

southern Democrats, he endorsed a plan to rewrite the Anthony Amendment to protect Jim Crow restrictions on the voting rights of Black women. The heroes responsible for the eventual success of the unadulterated Anthony Amendment are brought to life by Christopher Cox, an author steeped in the ways of Washington and political power. This is a "Pulitzer Prize-worthy history" (The Washington Examiner) that puts you at the center of one of the greatest advances in the history of American democracy.

woodrow wilson political cartoons: Lesson guide for captioned films, XX, 1984

woodrow wilson political cartoons: Politics, Culture, and the Irish American Press Debra Reddin van Tuyl, Mark O'Brien, Marcel Broersma, 2021-02-03 From the Revolutionary War forward, Irish immigrants have contributed significantly to the construction of the American Republic. Scholars have documented their experiences and explored their social, political, and cultural lives in countless books. Offering a fresh perspective, this volume traces the rich history of the Irish American diaspora press, uncovering the ways in which a lively print culture forged significant cultural, political, and even economic bonds between the Irish living in America and the Irish living in Ireland. As the only mass medium prior to the advent of radio, newspapers served to foster a sense of identity and a means of acculturation for those seeking to establish themselves in the land of opportunity. Irish American newspapers provided information about what was happening back home in Ireland as well as news about the events that were occurring within the local migrant community. They framed national events through Irish American eyes and explained the significance of what was happening to newly arrived immigrants who were unfamiliar with American history or culture. They also played a central role in the social life of Irish migrants and provided the comfort that came from knowing that, though they may have been far from home, they were not alone. Taking a long view through the prism of individual newspapers, editors, and journalists, the authors in this volume examine the emergence of the Irish American diaspora press and its profound contribution to the lives of Irish Americans over the course of the last two centuries.

woodrow wilson political cartoons: Framing China Ariane Knüsel, 2016-04-15 Framing China sheds new light on Western relations with and perceptions of China in the first half of the twentieth century. In this ground-breaking book, Ariane Knüsel examines how China was portrayed in political debates and the media in Britain, the USA and Switzerland between 1900 and 1950. By focusing on the political, economic, cultural and social context that led to the construction of the particular images of China in each country, the author demonstrates that national interests, anxieties and issues influenced the way China was framed and resulted in different portrayals of China in each country. The author's meticulous analysis of a vast amount of newspaper and magazine articles, commentaries, editorials, cartoons and newsreels that have previously not been studied before also focuses on the transnational circulation of images of China. While previous publications have dealt with the occurrence of the Yellow Peril and Red Menace in particular countries, Framing China reveals that these images were interpreted differently in every nation because they both reflected and contributed to the discursive construction of nationhood in each country and were influenced by domestic issues, cultural values, pre-existing stereotypes, pressure groups and geopolitical aspirations.

woodrow wilson political cartoons: Historicizing Modernists Matthew Feldman, Anna Svendsen, Erik Tønning, 2021-06-17 Focussing upon both canonical figures such as Woolf, Eliot, Pound, and Stein and emergent themes such as Christian modernism, intermedial modernism, queer Harlem Renaissance, this volume brings together previously unseen materials, from various archives, to bear upon cutting-edge interpretation of modernism. It provides an overview of approaches to modernism via the employment of various types of primary source material: correspondence, manuscripts and drafts, memoirs and production notes, reading notes and marginalia, and all manner of useful contextualising sources like news reports or judicial records. While having much to say to literary criticism more broadly, this volume is closely focused upon key modernist figures and emergent themes in light of the discipline's 'archival turn' - termed in a unifying introduction 'achivalism'. An essential ingredient separating the above, recent tendency

from a much older and better-established new historicism, in modernist studies at least, is that 'the literary canon' remains an important starting point. Whereas new historicism 'is interested in history as represented and recorded in written documents' and tends toward a 'parallel study of literature and non-literary texts', archival criticism tends toward recognised, oftentimes canonical or critically-lauded, writers, presented in Part 1. Sidestepping the vicissitudes of canon formation, manuscript scholars tend to gravitate toward leading modernist authors: James Joyce, Ezra Pound, Virginia Woolf, Gertrude Stein, T.S. Eliot and Samuel Beckett. Part of the reason is obvious: known authors frequently leave behind sizeable literary estates, which are then acquired by research centres. A second section then applies the same empirical methodology to key or emergent themes in the study of modernism, including queer modernism; spatial modernism; little magazines (and online finding aids structuring them); and the role of faith and/or emotions in the construction of 'modernism' as we know it.

woodrow wilson political cartoons: The Art of Ill Will Donald Dewey, 2008-10 Featuring over 200 illustrations, this book tells the story of American political cartoons. From the colonial period to contemporary cartoonists like Pat Oliphant and Jimmy Margulies, this title highlights these artists' uncanny ability to encapsulate the essence of a situation and to steer the public mood with a single drawing.

woodrow wilson political cartoons: Encyclopedia of War and American Society Peter Karsten, 2006 Publisher description.

woodrow wilson political cartoons: When Government Speaks Mark G. Yudof, 2009-04-03 Government's ever-increasing participation in communication processes, Mark Yudof argues, threatens key democratic values that the First Amendment was designed to protect. Government control over the exchange of ideas and information would be inconsistent with citizen autonomy, informed consent, and a balanced and mutually responsive relationship between citizens and their government. Yet the danger of government dominance must be weighed against the necessary role of government in furthering democratic values by proposing and promotion policies and by disseminating information and educating citizens. Restraints on government's ability to control communications processes are desirable, but excessive or inappropriate restrictions threaten democracy. Professor Yudof identifies a number of formal and informal checks on government as disseminator, withholder, and controller of ideas and information. Where more controls are needed, the strengthening of pluralism and legislative oversight is generally the answer. Constitutional redress in the courts should be sought only in extreme instances, he cautions, to avoid judicial interference with legitimate policy objectives.

woodrow wilson political cartoons: Red Lines Cherian George, Sonny Liew, 2021-09-21 A lively graphic narrative reports on censorship of political cartoons around the world, featuring interviews with censored cartoonists from Pittsburgh to Beijing. Why do the powerful feel so threatened by political cartoons? Cartoons don't tell secrets or move markets. Yet, as Cherian George and Sonny Liew show us in Red Lines, cartoonists have been harassed, trolled, sued, fired, jailed, attacked, and assassinated for their insolence. The robustness of political cartooning--one of the most elemental forms of political speech--says something about the health of democracy. In a lively graphic narrative--illustrated by Liew, himself a prize-winning cartoonist--Red Lines crisscrosses the globe to feel the pulse of a vocation under attack. A Syrian cartoonist insults the president and has his hands broken by goons. An Indian cartoonist stands up to misogyny and receives rape threats. An Israeli artist finds his antiracist works censored by social media algorithms. And the New York Times, caught in the crossfire of the culture wars, decides to stop publishing editorial cartoons completely. Red Lines studies thin-skinned tyrants, the invisible hand of market censorship, and demands in the name of social justice to rein in the right to offend. It includes interviews with more than sixty cartoonists and insights from art historians, legal scholars, and political scientists--all presented in graphic form. This engaging account makes it clear that cartoon censorship doesn't just matter to cartoonists and their fans. When the red lines are misapplied, all citizens are potential victims.

woodrow wilson political cartoons: History Beyond the Text Sarah Barber, Corinna Peniston-Bird, 2013-02-01 Historians are increasingly looking beyond the traditional, and turning to visual, oral, aural, and virtual sources to inform their work. The challenges these sources pose require new skills of interpretation and require historians to consider alternative theoretical and practical approaches. In order to help historians successfully move beyond traditional text, Sarah Barber and Corinna Peniston-Bird bring together chapters from historical specialists in the fields of fine art, photography, film, oral history, architecture, virtual sources, music, cartoons, landscape and material culture to explain why, when and how these less traditional sources can be used. Each chapter introduces the reader to the source, suggests the methodological and theoretical questions historians should keep in mind when using it, and provides case studies to illustrate best practice in analysis and interpretation. Pulling these disparate sources together, the introduction discusses the nature of historical sources and those factors which are unique to, and shared by, the sources covered throughout the book. Taking examples from around the globe, this collection of essays aims to inspire practitioners of history to expand their horizons, and incorporate a wide variety of primary sources in their work.

woodrow wilson political cartoons: Comic Strip Artists in American Newspapers, 1945-1980 Moira Davison Reynolds, 2015-10-02 Millions of Americans know and love Charlie Brown and Snoopy, Blondie and Dagwood, Doonesbury, Li'l Abner, Garfield, Cathy, Beetle Bailey and other such comic strip characters. Thanks to the cartoonists--the people who have brought and still bring these and other characters to life day after day in the newspapers--the characters have become an entertaining and important part of American culture. Charles Schulz (Peanuts), Chic Young (Blondie), Gary Trudeau (Doonesbury), Al Capp (Li'l Abner), Jim Davis (Garfield), Cathy Guisewite (Cathy), Mort Walker (Beetle Bailey), Rudolph Dirks (The Katzenjammer Kids), Alex Raymond (Rip Kirby), Chester Gould (Dick Tracy), Frank King (Gasoline Alley), Cliff Sterrett (Polly and Her Pals), and other cartoonists whose comic strips appeared in American newspapers between 1945 to 1980 are featured in this work. The author provides a biographical sketch of each cartoonist, with special attention given to the cartoonist's career and characters.

woodrow wilson political cartoons: Prologue , 1992

woodrow wilson political cartoons: Chronicles of a Two-Front War Lawrence Allen Eldridge, 2012-01-18 During the Vietnam War, young African Americans fought to protect the freedoms of Southeast Asians and died in disproportionate numbers compared to their white counterparts. Despite their sacrifices, black Americans were unable to secure equal rights at home, and because the importance of the war overshadowed the civil rights movement in the minds of politicians and the public, it seemed that further progress might never come. For many African Americans, the bloodshed, loss, and disappointment of war became just another chapter in the history of the civil rights movement. Lawrence Allen Eldridge explores this two-front war, showing how the African American press grappled with the Vietnam War and its impact on the struggle for civil rights. Written in a clear narrative style, *Chronicles of a Two-Front War* is the first book to examine coverage of the Vietnam War by black news publications, from the Gulf of Tonkin incident in August 1964 to the final withdrawal of American ground forces in the spring of 1973 and the fall of Saigon in the spring of 1975. Eldridge reveals how the black press not only reported the war but also weighed its significance in the context of the civil rights movement. The author researched seventeen African American newspapers, including the *Chicago Defender*, the *Baltimore Afro-American*, and the *New Courier*, and two magazines, *Jet* and *Ebony*. He augmented the study with a rich array of primary sources—including interviews with black journalists and editors, oral history collections, the personal papers of key figures in the black press, and government documents, including those from the presidential libraries of Lyndon Johnson, Richard Nixon, and Gerald Ford—to trace the ups and downs of U.S. domestic and wartime policy especially as it related to the impact of the war on civil rights. Eldridge examines not only the role of reporters during the war, but also those of editors, commentators, and cartoonists. Especially enlightening is the research drawn from extensive oral histories by prominent journalist Ethel Payne, the first African

American woman to receive the title of war correspondent. She described a widespread practice in black papers of reworking material from major white papers without providing proper credit, as the demand for news swamped the small budgets and limited staffs of African American papers. The author analyzes both the strengths of the black print media and the weaknesses in their coverage. The black press ultimately viewed the Vietnam War through the lens of African American experience, blaming the war for crippling LBJ's Great Society and the War on Poverty. Despite its waning hopes for an improved life, the black press soldiered on.
